Bone Deep In Landscape Essays On Writing Reading And Place:

Bone Deep in Landscape Mary Clearman Blew, 2000-09-01 Blew's reflections on a woman's life in the Rocky Mountain West immerse readers in the landscape of mountains and prairies and of blizzards and scorching sun. Blew again demonstrates her artistry and strong connection to the Western terrain of her past and present homes in Montana and Idaho. Publishers Weekly 9 illustrations *Writing Together, Writing Apart* Linda K. Karell, 2002-01-01 In this study of collaborative writing in western American literature Linda K. Karell asks broad and fruitful questions about how writing in general is produced. By examining collaboration both as a process and as a product she challenges the definition of an author as an individual genius who creates original works of art in isolation. From a collaborative view what was a fairly direct cause and effect scenario: individual author inspiration → original literary masterpiece becomes something much less clear. An individual is always located within a shifting context of texts from which he or she draws to produce, often with substantial and varied support from other writers, editors, spouses or partners and institutions, a work that will be termed original. Collaboration insists on recognizing this oft hidden contribution of others as an important component of meaning, something our traditional understanding of the author persists in ignoring or displacing. Karell provides a close analysis of the various means by which writers work with others to produce their final literary products. Methods include traditional joint writing practices such as ghostwriting or edited texts as in the case of Mourning Dove and ethnographer Lucullus McWhorter; the incorporation of existing diaries or letters from other writers for example Wallace Stegner's *Angle of Repose* with Mary Hallock Foote and dual authored texts such as those produced by Louise Erdrich and Michael Dorris. By challenging the seductive myth of the solitary writer within the context of the myth of the independent westerner Karell makes the compelling argument that collaboration is an inescapable part of writing. *A Companion to the American West* William Devereaux, 2008-04-15 *A Companion to the American West* is a rigorous illuminating introduction to the history of the American West. Twenty-five essays by expert scholars synthesize the best and most provocative work in the field and provide a comprehensive overview of themes and historiography. Covers the culture, politics and environment of the American West through periods of migration, settlement and modernization. Discusses Native Americans and their conflicts and integration with American settlers. *Fifty Years After The Big Sky* William E. Farr, William W. Bevis, 2001 Writers, historians and public intellectuals from James Welch and Mary Clearman Blew to Dan Flores. William W. Bevis and Daniel Kemmis explore A. B. Guthrie's life and legacy in *Fifty Years after The Big Sky*. New Perspectives on the Fiction and Films of A. B. Guthrie Jr. Best known for his novels *The Big Sky* and *The Way West* and as the author of the screenplay for the movie classic *Shane*, A. B. Guthrie is a much loved but under studied Montana author. There has been almost no serious study of Guthrie's work until now. This wide ranging anthology examines this beloved western author in multiple contexts. Essays examine Guthrie's relationship with the movie industry, how the Cold War influenced Guthrie's work, how people in his hometown of Choteau

Montana and others close to him remember the man and how the myths that lie at the core of Guthrie's fiction haunt today's Montanans

All Our Stories Are Here Brady Harrison, 2009-01-01 This wide ranging collection of essays addresses a diverse and expanded vision of Montana literature offering new readings of both canonical and overlooked texts Although a handful of Montana writers such as Richard Hugo A B Guthrie Jr D Arcy McNickle and James Welch have received considerable critical attention sizable gaps remain in the analysis of the state's ever growing and ever evolving canon The twelve essays in *All Our Stories Are Here* not only build on the exemplary foundational work of other writers but also open further interpretative and critical conversations Expanding on the critical paradigms of the past and bringing to bear some of the latest developments in literary and cultural studies the contributors engage issues such as queer ambivalence in Montana writing representations of the state in popular romances and the importance of the University of Montana's creative writing program in fostering the state's literary corpus The contributors also explore the work of writers who have not yet received their critical due take new looks at old friends and offer some of the first explorations of recent works by well established artists *All Our Stories Are Here* conveys a sense of continuity in the field of Western literary criticism while at the same time challenging conventional approaches to regional literature

Denzin, 2003-06-24 One of the world's most distinguished authorities on qualitative research establishes the connection of performance narratives with performance ethnography and autoethnography the linkage of these formations to critical pedagogy and critical race theory and the histories of these formations

The Philosophy of the Western Jennifer L. McMahon, B. Steve Csaki, 2010-05-28 Essays about how stories of the Old West reflect and affect our beliefs and values The solitude of the lone rider the loyalty of his horse and the unspoken code of the West for many Western movies embody America and its values though the view of the country's history they present isn't always accurate In recent years scholars had declared the genre dead but a steady resurgence of western themes in literature film and television has reestablished its importance and influence In *The Philosophy of the Western* editors Jennifer L McMahon and B Steve Csaki examine philosophical themes in the western genre Investigating subjects of nature ethics identity gender environmentalism and animal rights the essays in this volume draw from a wide range of westerns including the more recent popular and critical successes *Unforgiven* *All the Pretty Horses* *3:10 to Yuma* and *No Country for Old Men* as well as literature and television serials such as *Deadwood* *The Philosophy of the Western* reveals the powerful role of the western in the American psyche

Writing Her Own Life Mary Clearman Blew, Imogene Welch, 2004 Diaries of an unmarried schoolteacher in World War II era Montana ranch towns and small Washington cities capture rural life and the steadfast tenacity of an independent woman

Journal of the West Lorrin L. Morrison, Carroll Spear Morrison, 2001

The Rockies in First Person Ron McFarland, 2014-01-10 The autobiography has not always been acknowledged as true literature Since 1970 however American memoirs have revealed themselves as a respectable literary genre distinct with an inimitable literary voice and a unique capacity to intersect narration and reflection

This study focuses critical attention on ten memoirs from the northern U S Rockies including Utah Colorado Wyoming Montana and Idaho By comparing memoirs representing states that share similar demographic ecological and socio economic characteristics this historic and literary analysis reveals both commonalities and divergences among American Western memoirs Each chapter compares two books of similar thematic concerns ranging from regional values and rural evolution to dynamic landscapes and the experiences of American Indians *Modernism and Mildred Walker* Carmen A.

Pearson,2008-07-01 *Modernism and Mildred Walker* is the first full length critical study of the major fictional works of this American author whose life spanned the twentieth century 1905 98 and whose literary production spanned almost three quarters of a century A highly regarded chronicler of New England and the American West she is also appreciated for her portrayal of women characters and the complexity of women s roles Long beloved by readers of Montana fiction Mildred Walker s novels have been dismissed by some critics as only of regional interest and as Carmen Pearson argues have not been explored and appreciated from other critical perspectives and by other audiences In this persuasive new study Pearson offers a new and decidedly western interpretation of Modernism as a critical tool and proposes a variety of readings and interpretations designed to emphasize the relationship between cultural production in the West and modernism She encourages readers and students of literature to reappraise Walker s work and to undertake further critical studies of their own *Walking in the Land of Many Gods* A. James Wohlpart,2013

How are we placed on Earth What is our relationship to the world around us and how does our thinking affect the way we relate to the world We are entrapped says A James Wohlpart by what Martin Heidegger calls enframing a worldview that considers all objects as mere resources for our use *Walking in the Land of Many Gods* envisions a new way of thinking about the world one grounded in a moral imagination reconnected to Earth Insightful readings of three contemporary classics of nature writing Janisse Ray s *Ecology of a Cracker Childhood* Terry Tempest Williams s *Refuge An Unnatural History of Family and Place* and Linda Hogan s *Dwellings A Spiritual History of the Living World* are at the heart of Wohlpart s endeavor Powerful and affecting works like these reveal a pathway to a deeper remembering one that reconnects us with the primal forces of creation and acknowledges the sacredness of the world We have forgotten that the world around us is rich and fertile and generative says Wohlpart His exploration of these literary works based on deep anthropology and Native American philosophy opens a pathway into a new way of thinking called sacred reason Founded on interdependence and interrelationship and on care and compassion sacred reason reminds us that divinity exists around us at all times We are invited to walk once again in a land filled with many gods
