Hermeneutical Theology and the Imperative of Public Ethics Paul S. Chung,2013-10-23 Hermeneutical Theology and the Imperative of Public Ethics is a groundbreaking attempt to present constructive missional theology in an integrative and interdisciplinary framework as it provocatively utilizes and contextualizes Reformation theology and hermeneutics concerning ethical theology embedded within the wider horizon of World Christianity Mission as constructive theology is explored and refined in an hermeneutical and interdisciplinary fashion underlying a new horizon of postcolonial theology and mission in light of God s act of speech Missional church founded up God s grace of justification and Christ s diakonia of reconciliation becomes ethically oriented public church as it is engaged in mutireligious diversity of people s lives and lifeworld in the postcolonial context of World Christianity *The Doubled Life of Dietrich Bonhoeffer* Diane

Reynolds,2016-03-11 Few twentieth century theologians have had a bigger impact on theology than Dietrich Bonhoeffer a man who lived his faith and died at the hands of the Nazis For Bonhoeffer the theological was the personal life and faith deeply intertwined and to this day the world is inspired by that witness Yet the true story of the women in this remarkable man s life has until now been obscured by a conventional narrative that has distorted their role Using primary source material by the women and even including the first ever photo of alleged first fiancée Elisabeth Zinn this book sees these women fully for the first time A highly readable but scholarly work of narrative nonfiction The Doubled Life places Bonhoeffer s theology of love and sexuality within the context of his struggles with women friendship and the evils of Nazi Germany Discipleship Dietrich Bonhoeffer,John D. Godsey,Barbara Green,Geffrey B. Kelly,2003-05-28 Cheap grace is the mortal enemy of our church Our struggle today is for costly grace And with that sharp warning to his own church which was engaged in bitter conflict with the official nazified state church Dietrich Bonhoeffer began his book Discipleship formerly entitled The Cost of Discipleship Originally published in 1937 it soon became a classic exposition of what it means to follow Christ in a modern world beset by a dangerous and criminal government At its center stands an interpretation of the Sermon on the Mount what Jesus demanded of his followersand how the life of discipleship is to be continued in all ages of the post resurrection church Every call of Jesus is a call to death Bonhoeffer wrote His own life ended in martyrdom on April 9 1945 Freshly translated from the German critical edition Discipleship provides a more accurate rendering of the text and extensive aids and commentary to clarify the meaning context and reception of this work and its attempt to resist the Nazi ideology then infecting German Christian churches **The Encyclopedia of Politics and Religion** Robert Wuthnow,2013-12-04

ideas and to emphasize their contemporary relevance Melodies of a New Monasticism Craig Gardiner, 2018-03-09 The New Monastic Movement is a vibrant source of renewal for the church's life and mission. Many involved in this movement have quoted Dietrich Bonhoeffer's conviction that the church must recover ancient spiritual disciplines if it is to effectively engage the powers that be. Melodies of a New Monasticism adopts a musical metaphor of polyphony, the combination of two or more lines of music, to articulate the way that these early Christian virtues can be woven together in community. Creatively using this imagery, this book draws on the theological vision of Bonhoeffer and the contemporary witness of George MacLeod and the Iona Community to explore the interplay between discipleship, doctrine, and ethics. A recurring theme is the idea of Christ as the *cantus firmus*, the fixed song around which people perform the diverse harmonies of God in church and world, including worship, ecumenism, healing, peace, justice, and ecology.

For the Life of the World Robert J. Dean, 2016-05-13 What is the church? What is its mission in the world? Modern Protestantism's inability to provide a clear answer to these seemingly simple questions has resulted in vast confusion amongst pastors about the nature of their calling and has left congregations languishing without a clear reason for existence. Many of the voices and allegiances competing for the church's attention have rushed in to fill the void, with the result that the church in modernity has frequently found itself captive to the prevailing culture. Yet from within the belly of highly culturally accommodated churches, both the German pastor-theologian Dietrich Bonhoeffer and the American theological ethicist Stanley Hauerwas were able to articulate compelling visions of churches freed from their cultural captivity in order to truly and freely serve God and neighbor. Against the complex and confusing backdrops of Nazi Germany and late twentieth and early twenty-first century America, respectively, Bonhoeffer and Hauerwas sought to recover the ethical and political character of the Christian faith through recalling the church back to the christological center of its faith. Together, they provide a rich set of complementary and at times mutually correcting resources for the contemporary church as it seeks to faithfully bear witness to Christ amidst the ruins of Christendom.

Bonhoeffer's Christocentric Theology and Fundamental Debates in Environmental Ethics Steven C. van den Heuvel, 2017-05-04 There is widespread understanding of the close connection between religion and the ecological crisis and that in order to amend this crisis, theological resources are needed. This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer. His theology is particularly suitable in this context due to its open-ended nature and to the prophetic and radical nature of the questions he was prepared to ask; that is why there are many other attempts to contextualize Bonhoeffer's theology in areas that he himself has not directly written about. In this monograph, Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer's theology in a methodologically sound way. He settles on a modified form of the general method of correlation. Then secondly, van den Heuvel sets out to describe five major concepts in Bonhoeffer's work, bringing these into critical interplay with discussions in environmental ethics and eco-theology. In making the correlations, he thoroughly describes each concept, situating it in the historic and intellectual background of

Bonhoeffer's time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer's theology can make **After Harm** Nancy Berlinger, 2007-10-22 Medical error is a leading problem of health care in the United States Each year more patients die as a result of medical mistakes than are killed by motor vehicle accidents breast cancer or AIDS While most government and regulatory efforts are directed toward reducing and preventing errors the actions that should follow the injury or death of a patient are still hotly debated According to Nancy Berlinger conversations on patient safety are missing several important components religious voices traditions and models In *After Harm* Berlinger draws on sources in theology ethics religion and culture to create a practical and comprehensive approach to addressing the needs of patients families and clinicians affected by medical error She emphasizes the importance of acknowledging fallibility telling the truth confronting feelings of guilt and shame and providing just compensation *After Harm* adds important human dimensions to an issue that has profound consequences for patients and health care providers

Engaging Bonhoeffer Matthew D. Kirkpatrick, 2016-06-03 *Engaging Bonhoeffer* documents the extraordinary impact of Dietrich Bonhoeffer's life and writing on later thought Despite his lasting legacy little substantial scholarship has been conducted in this area In this magisterial collection leading international scholars fill this striking gap and critically demonstrate the ways in which Bonhoeffer has been one of the most original inspirational and provocative writers of the twentieth century Bonhoeffer's work has proved foundational for a wide variety of thinkers and movements across such areas as ecclesiology Christology spirituality ethics hermeneutics phenomenology epistemology and systematic theology more generally Whether one considers his writings to have been faithfully interpreted critically adopted or justifiably rejected *Engaging Bonhoeffer* describes those who have engaged with Bonhoeffer's work been inspired by his actions and found a way to express and explain their own ideas through interacting with his life and thought In addition to shedding light on the different theological trajectories that Bonhoeffer's work may forge this challenging volume offers a critical window through which to view and appreciate the ideas of many leading voices of modern theology
