Lover A Magazine Of 1899 19:

Purity and Contamination in Late Victorian Detective Fiction Dr Christopher Pittard, 2013-05-28 Concentrating on works by authors such as Fergus Hume Arthur Conan Doyle Grant Allen L T Meade and Marie Belloc Lowndes Christopher Pittard explores the complex relation between the emergence of detective fictions in the 1880s and 1890s and the concept of purity The centrality of material and moral purity as a theme of the genre Pittard argues both reflected and satirised a contemporary discourse of degeneration in which criminality was equated with dirt and disease and where national boundaries were guarded against the threat of the criminal foreigner Situating his discussion within the ideologies underpinning George Newnes's Strand Magazine as well as a wide range of nonfiction texts Pittard demonstrates that the genre was a response to the seductive and impure delights associated with sensation and gothic novels Further Pittard suggests that criticism of detective fiction has in turn become obsessed with the idea of purity thus illustrating how a genre concerned with policing the impure itself became subject to the same fear of contamination Contributing to the richness of Pittard's project are his discussions of the convergence of medical discourse and detective fiction in the 1890s including the way social protest movements like the antivivisectionist campaigns and medical explorations of criminality raised questions related to moral purity

Pure Love, Pure Poetry, Pure Prayer Peter J. Gorday, 2018-09-14 By the time of his death in 1933 Henri Bremond priest and member of the elite Académie française had established himself in France and increasingly in England and the United States as a distinguished historian of Christian spirituality and as a Catholic modernist who helped to shake the church out of its dogmatic slumbers by embracing pure love artistic poetic expression and mystical prayer as the privileged manifestations of spiritual truth Drawing on substantial new scholarship in France that has resuscitated and reinterpreted Bremond's work for our own times and that sees Bremond as an important precursor of current trends in literary interpretation as well as spirituality Gorday surveys the entirety of Bremond's corpus of writing setting his work in its context of his personal struggles as well as the wider setting of French historical and cultural development

Why We Love Pirates Rebecca Simon, 2020-11-24 A historian presents an excellent guide to how pirates

became the outlaw celebrities of the high seas Greg Jenner host of the You re Dead to Me podcast During his life and even after his death Captain William Kidd s name was well known in England and the American colonies He was infamous for the very crime for which he was hanged piracy In this book historian Rebecca Simon dives into the details of the two year manhunt for Captain Kidd and the events that ensued Captain Kidd was hanged in 1701 followed by a massive British led hunt for all pirates during a period known as the Golden Age of Piracy Ironically public executions only increased the popularity of pirates And because the American colonies relied on pirates for smuggled goods such as spices wines and silks pirates tended to be protected from capture This is the story of how pirates became popularly viewed as Robin Hoods of the Sea and how these historical events were pivotal in creating the portrayal of pirates as we know them today Only someone who has lived in the shadows chasing faded pirates for an age and is blessed with creativity can pull off a book of this high caliber Wreck Watch Magazine

Love and Loss After Wounded Knee Julie Dobrow,2025-11-04 A dual biography of two activists whose marriage challenged the gender and racial norms of their time Like any set of star crossed lovers Elaine and Charles came from different worlds Elaine an acclaimed childhood poet from a remote corner of the Massachusetts Berkshires traveled to the Dakota Territories to teach Native American students undaunted by society s admonitions Charles a Dakota Sioux from Minnesota educated at Dartmouth and Boston University Medical School was considered by his Euro American mentors the epitome of an assimilated Indian But when they met just ahead of the Wounded Knee Massacre in 1890 the magnetic pull of love brought them together despite the tremendous odds stacked against them Love and Loss After Wounded Knee offers a dual biography of Elaine Goodale and Oh ye Sa Dr Charles Alexander Eastman exploring their individual lives as well as their highly publicized interracial marriage Both well known in their own time Elaine as a poet journalist and advocate for Indian education and Charles as writer public speaker and ardent activist for Indian rights their marriage started with a shared vision to work on behalf of Indians In the face of extreme prejudice financial burden and personal tragedy however the marriage began to unravel Dobrow paints an intimate emotional portrait of the Eastmans lives drawn from Elaine and Charles s letters papers and hundreds of accounts of the Eastmans lives from newspapers Along the way she skillfully illuminates the shifting late 19th and early 20th century definitions of Indigenous identity and reveals how the Eastmans legacies reflect changing American attitudes toward gender interracial relationships and biracial children The result is a compelling new history that weds the private and the political and Native America and the United States of America entwined yet separated inextricable yet never fully joined just like Elaine and Charles themselves Bulletin ,1895

Bulletin Free Library of Philadelphia,1908 **Women in Magazines** Rachel Ritchie,Sue Hawkins,Nicola Phillips,S. Jay Kleinberg,2016-02-19 Women have been important contributors to and readers of magazines since the development of the periodical press in the nineteenth century By the mid twentieth century millions of women read the weeklies and monthlies that focused on supposedly feminine concerns of the home family and appearance In the decades that followed feminist

scholars criticized such publications as at best conservative and at worst regressive in their treatment of gender norms and ideals. However, this perspective obscures the heterogeneity of the magazine industry itself and women's experiences of it both as readers and as journalists. This collection explores such diversity, highlighting the differing and at times contradictory images and understandings of women in a range of magazines and women's contributions to magazines in a number of contexts from late nineteenth century publications to twenty first century titles in Britain, North America, continental Europe and Australia.

The Kingdom of God Is at Hand Theodore Kallman, 2021-04-15. In *Kingdom of God* Theodore Kallman illuminates the brief life of a Christian Socialist community founded by four men: a minister and editor, a professor and an engineer, on a worn out cotton plantation just outside of Columbus, Georgia, in 1896. While Christian Commonwealth only lasted until 1900, its combination of religious communitarianism and socialist ideology proved attractive to many. It was a place where women enjoyed a sort of political equality and where its school, open to all white students of Muscogee County, emphasized a critique of private property. Kallman explains how this particular brand of Tolstoyan anarchism, inspired by the Russian novelist's philosophical treatise *The Kingdom of God is Within You* (1894) and Christ's Sermon on the Mount, took root in west central Georgia and attracted attention from famous onlookers. Leo Tolstoy and Jane Addams included. In Kallman's capable hands, what appears to be merely a blip, barely worth mentioning for historians of Georgia and the larger United States, instead emerges as a story that has much to teach us about Gilded Age America and provides necessary context for the surging interest in America's socialist past.

A Social History of Swimming in England, 1800 - 1918 Christopher Love, 2013-10-18. Covering a time of great social and technological change, this history traces the development of the four classic aquatic disciplines of competitive swimming, diving, synchronized swimming, and water polo, with its main focus on racing. Working from the beginnings of municipal recreational swimming, the book fully explores the links between swimming and other aspects of English life, society, including class, education, gender, municipal governance, sexuality, and the Victorian invention of the sports amateur-professional divide. Uniquely focused on swimming, often neglected in analytic sports histories, this is the first study of its kind and will be an important landmark in the establishment of swimming history as a topic of scholarly investigation. This book was previously published as a special issue of the *International Journal of the History of Sport*.
