**How To Look At Art** Bernard S. Myers, 1956

**Display of Art in the Roman Palace, 1550-1750** Gail

Feigenbaum, 2014-08-01 This book explores the principles of the display of art in the magnificent Roman palaces of the early modern period focusing attention on how the parts function to convey multiple artistic social and political messages all within a splendid environment that provided a model for aristocratic residences throughout Europe Many of the objects exhibited in museums today once graced the interior of a Roman Baroque palazzo or a setting inspired by one In fact the very convention of a paintings gallery the mainstay of museums traces its ancestry to prototypes in the palaces of Rome Inside Roman palaces the display of art was calibrated to an increasingly accentuated dynamism of social and official life activated by the moving bodies and the attention of residents and visitors Display unfolded in space in a purposeful narrative that reflected rank honor privilege and intimacy With a contextual approach that encompasses the full range of media from textiles to stucco this study traces the influential emerging concept of a unified interior It argues that art history even the emergence of the modern category of fine art was worked out as much in the rooms of palaces as in the printed pages of Vasari and other early writers on art

**Arts of Possession** D. Vance Smith, 2003-01-01 An innovative work of both economic anthropology and literary history Arts of Possession draws on philosophical theoretical literary historical and archival sources and insights to situate the household at the center of the social and cultural imagination of fourteenth century England D Vance Smith argues that in a period commonly represented as precapitalist there actually existed a sophisticated economic discourse and that discourse underlies common forms of representation and the writing of literary texts His work provides a new historiography of capital and of the development of the relation between economic sophistication and cultural practices Smith reads well known and less appreciated works such as Winner and Waster Sir Launfal The Canterbury Tales and Piers Plowman for what they can tell us about the surpluses and economies that drew the medieval imagination and about the complex ethics of possession at the heart of the fourteenth century household In bringing this to light Smith s book itself becomes an eloquent meditation on the poetics and ethics of possession
