Conservation of Furniture Shayne Rivers, Nick Umney, 2007-06-07. This book is a comprehensive resource covering the principles and practice of the conservation and restoration of furniture and other decorative art objects made wholly or partly of wood. It integrates theory with practice to show the principles which govern interaction between wooden objects, the environmental and conservation treatments, and the factors which need to be taken into account to arrive at acceptable solutions to conservation problems. The practical knowledge and experience of a team of conservators active in the field are brought together with theoretical and reference material from diverse sources and unified within a systematic framework. Specialist conservators from related disciplines cover diverse materials often incorporated into furniture. **A Short**

Dictionary of Furniture John Gloag, 2022-10-24. Originally published in 1952 but enlarged and revised in 1969, this dictionary became a standard authoritative work of reference. It contains 2,612 entries and over 1,000 illustrations reproduced from contemporary sources and from drawings by Ronald Escott, Marcelle Barton, and Maureen Stafford. The work is divided into 6 sections: the first and second concern the description and design of furniture; the third contains the entries; the fourth gives a list of furniture makers in Britain and North America; section five records books and periodicals on furniture and design; and the concluding section sets out in tabular form the periods with the materials used and types of craftsmen employed from 1100 to 1950.
