**Theology Inspiring Doxology--The Hymnody of Anne Dutton and Anne Steele** Holly M. Farrow, 2025-09-15 From beginning to end the hymnic voices of eighteenth century British hymnwriters Anne Dutton and Anne Steele join the Psalmist in declaring Thy statutes have been my songs in the house of my pilgrimage Ps 119 54 KJV With their consistent witness and faithfulness to the themes of Scripture their hymns display an unswerving devotion to both truth and praise theology inspiring doxology Through an examination of poetic language and biblical content this book explores how the hymns of Dutton and Steele illustrate a closely interwoven relationship between theology and doxology that is revealed and bound

together by the word of God The purpose of the study is to highlight the fact that biblically faithful theological reflections of the mind paired with doxological engagement of the heart enable the church to present a more complete and more excellent offering to God This study is the first book length comparison of the hymns of Dutton and Steele together the three extensive appendices present their published hymns in one volume complete with all Scripture references provided by the hymnists themselves The church would benefit greatly if these hymns were rediscovered studied further and sung once again for their scriptural integrity and doxological message of hope in Christ

**Inspiring the Youth of America by Remington Registry** J Alex Ficarra,2015-11-24 Here at Remington many people are curious about this powerful book commonly known as Inspiring the Youth of America Well as you may know our youth today in America are in dire need of mentorship and guidance This book is a whole new step forward for all of us as a civilization For many years and even today young Americans wander aimlessly in a pool of confusion They end up in meaningless careers with no past no future and nothing to hope for Undoubtedly the end result is misery and despair The end result is poverty and surely a feeling of emptiness Well we at Remington after interviewing over thirty thousand professionals were shockingly surprised to find that many successful professionals were disgusted with vanity publications They were disappointed with the meaningless dribble of a phone booktype registry that possibly required a magnifying glass just to read But surprisingly enough these professionals encouraged any use of their biography for humanitarian purposes Undoubtedly mentorship for our youth fell into that category So there it was born Our proudest moment as publishers was laid out before us But there was one big problem All these people needed to be interviewed in depth and generic biographies certainly would not inspire So with that we swallowed hard and our staff got to work Yes it was and still is a grueling time consuming mission and undertaking But in the end as you may witness as you read this book the content is quite spectacular and certainly worth the effort We would also like to mention that the participants in this book also spent much time sending us information and encouraging us to make this book worthy of their efforts Now it was up to us to uphold the dignity of these professionals and forge forward into a future where a student can explore his or her life with the ability to fulfill their own potentials With that this book is presented to you today and we hope that you share in our dream to build a better America from where it really mattersour youth
