## Of Saberhagen:

**Saberhagen The Vampire Tales** Fred Saberhagen, 2021-06-11 Fred Saberhagen is known for his series of ten Dracula novels. Less well known are his three short stories featuring vampires and Dracula. The stories have appeared in various anthologies and collections. Here they are gathered in one place for your enjoyment. A Drop Of Something Special In The Blood tells the possible story of how Bram Stoker came to write his classic tale of Dracula. Of course there are vampires. Box Number Fifty refers to one of the boxes owned by a mysterious immigrant arriving in Victorian England from Transylvania. From The Tree Of Time pairs Dracula with the world's greatest detective Sherlock Holmes in an effort to save a Victorian woman's honor. *100 Things Rockies Fans Should Know & Do Before They Die* Adrian Dater, 2018-04-15 Most Rockies fans have taken in the action from the purple row at Coors Field and followed every moment of the team's exhilarating run to the 2007 World Series. *The Palgrave Handbook of Neo-Victorianism* Brenda Ayres, Sarah E. Maier, 2024-01-20 This handbook offers analysis of diverse genres and media of neo-Victorianism, including film and television adaptations of Victorian texts, authors' life stories, graphic novels, and contemporary fiction set in the nineteenth century. Contextualized by Sarah E. Maier and Brenda Ayres in a comprehensive introduction, the collection describes current trends in neo-Victorian scholarship of novels, film, theatre, crime, empire, postcolonialism, Gothic materiality, religion, and science, amongst others. A variety of scholars from around the world contribute to this volume by applying an assortment of theoretical approaches and interdisciplinary focus in their critique of a wide range of narratives from early neo-Victorian texts such as A.S. Byatt's *Possession* (1963) and Jean Rhys's *Wide Sargasso Sea* (1966) to recent steampunk, from musical theatre to slumming and from *The Alienist* to queerness in their investigation of how this fiction reconstructs the past, informed by and reinforcing the present. **The Tenth Man** Bill Welch, 2013-01-07

*The Blood is the Life* Leonard G. Heldreth, Mary Pharr, 1999 The essays in this volume use a humanistic viewpoint to explore the evolution and significance of the vampire in literature from the Romantic era to the millennium. **BOOK JACKET**

**Saberhagen The Later Tales** Fred Saberhagen, 2021-06-19 *Saberhagen The Later Tales* contains fifteen short stories, none of which is set in Saberhagen's berserker world. There are three vampire stories: *From the Tree of Time*, *Box Number Fifty*, and *A Drop of Something Special in the Blood*, and one story *Blind Man's Blade* from the world of swords. *The White Bull*

belongs with Saberhagen's five book series based on world myths. The remaining stories are not connected to any of the Saberhagen series. The stories in this collection were originally published between 1977 and 2003. For Saberhagen stories published from 1960 to 1976 see the collection **SABERHAGEN THE EARLY TALES**. All of Saberhagen's short stories are collected in four volumes: *Berserkers*, *The Early Tales*, *Berserkers The Later Tales*, *Saberhagen The Early Tales*, and now *Saberhagen The Later Tales*. Interstate '85 Marshall Garvey, 2025-03-27. For 40 years now the 1985 World Series between the Kansas City Royals and St. Louis Cardinals has been largely overlooked save for the enduring notoriety of umpire Don Denkinger's infamous missed call in Game 6 that helped galvanize a walk-off Royals victory that forced a Game 7 in which the Royals won in a blowout. Seizing upon the imagery of the famed Interstate Highway 70 that connects Kansas City and St. Louis, Interstate 85 goes beyond *The Call* and recasts the 1985 Series as a unique and deeply compelling chapter in baseball history. In this blend of baseball and cultural history, Garvey defines the I-70 Showdown Series not only by the literal highway that links the two teams' home cities but the individual and collective roads travelled by the players and others who took part in the event both before the Series began and well after the last cheers faded. In addition to gripping human stories and vivid descriptions of on-field action long overshadowed by Denkinger's monumental blunder, Garvey's work captures the provincial spectacle of the Show Me Series throughout the state of Missouri. Featuring 27 new interviews conducted by the author including with George Brett, Ozzie Smith, Don Denkinger, Bud Black, Andy Van Slyke, Ricky Horton, and Mark Gubicza, *Interstate 85* is baseball history writing at its deepest and most captivating. *The Mask of the Sun* Fred Saberhagen, 2022-02-04. The finding of a valuable ancient Aztec mask off the coast of Key West leads the Gabrieli brothers on a harrowing adventure. Mysteriously transported to the 16th-century Inca empire where the fate of an alternate timeline lies in the balance, Mike Gabrieli finds himself pitted against a most formidable Conquistador. Will it pay to have reached too fast for gold? Some additional time travel novels by Saberhagen: *A Century of Progress*, *After the Fact*, *Pyramids*, *Merlin's Bones*.

*Amylou* Robert Meyer, 2023-09-19. About the Book: *Amylou* is based haphazardly on a real live former love interest and follows a collection of inspiring rural Midwestern baseball players. About the Author: Robert Meyer is merely a byproduct of his Midwestern upbringing and his own unique flaws. **The New Arthurian Encyclopedia** Norris J. **Road to Nowhere** Chris Donnelly,2023 Named a Best Baseball Book of 2023 by Sports Collectors Digest Road to Nowhere is the story of New York City baseball from 1990 to 1996 describing in intimate detail the collapse of both the Mets and the Yankees in the early nineties the Yankees then reclaiming of the city and the Mets attempts to rebuild from the ashes After the chaos of the 1980s the New York Yankees finally bottomed out in 1990 The team finished in last place enduring one of their worst seasons ever Their best player Don Mattingly was suffering from a debilitating back injury Manager after manager had been fired The clubhouse was a miserable place to be with moody egocentric players making life difficult for up and coming talent It looked like New York would remain a Mets town well into the twenty first century Then Yankees owner George Steinbrenner was banished from baseball Without their manic meddling owner the Yankees fell into the hands of Gene Michael Setting out to rebuild the franchise Michael made shrewd trades and free agent signings and he allowed the team s prospects to develop in the Minor Leagues before getting to the Bronx Meanwhile the Mets beloved for their intensity and hard partying ways in the 1980s became everything that had driven fans away from the Yankees They made bad trades and questionable signings fired managers seemingly every year and were a powder keg of never ending controversy The Mets bottomed out in 1993 perhaps their worst season ever when they not only lost 103 games but officially lost the heart of the city to the Yankees But by 1996 despite their record the Mets were already making moves that would return them to relevance and set them on a path to the ultimate showdown with the Yankees Road to Nowhere tells the story of how two teams that had swapped roles in the 1980s swapped them right back in the early 1990s While playing through several difficult seasons both teams were making moves that would return them to prominence in just a few years
