Of Salt A Novel:

Man of Salt: The Story of Marcus Livius Salinator and the Battle of the Metaurus In Hannibal's War With Rome Frank Gugino, 2019-08-29 Marcus Livius last year's war hero is angry at the ungrateful Romans for convicting him on phony charges. Disgraced in exile, he vows never to return to Rome. Then tragedy strikes home after the disaster at Cannae. A grieving Marcus plunges into depression, blaming his hubris for losing his mind, career, and family. Hannibal defeats one Roman army after another, poised to conquer Rome itself. Marcus's countrymen turn to him as their last hope to avert destruction. Can Marcus overcome his anger and bitterness, especially when the other consul Nero is the man responsible for his unjust conviction? The fate of Rome hinges on his ability to recover his senses and defeat the enemy at the Battle of the Metaurus. The author states he has endeavored to tell the story of a man whose life seemed most unusual to me. In the process, I've attempted to synthesize the historical narrative of the War with Hannibal around Livius's imagined life, maintaining a healthy respect for the actual characters and events as gleaned from the pages of Livy and Polybius, my primary sources. A work of Historical Fiction from Merriam Press. Steven Manchester, 1 Best Selling author, *The Rockin Chair* said: "In Gugino's epic novel, characters are real and relatable, scenes are vivid, plot is a true page-turner. Gugino's writing is powerful, invoking a constant state of intrigue. I highly recommend this book." **The Book of Salt** Monique Truong, 2004-06-15 A novel of Paris in the 1930s from the eyes of the Vietnamese cook employed by Gertrude Stein and Alice B. Toklas by the author of *The Sweetest Fruits*. Viewing his famous mesdames and their entourage from the kitchen of their rue de Fleurus home, Binh observes their domestic entanglements while seeking his own place in the world. In a mesmerizing tale of yearning and betrayal, Monique Truong explores Paris from the salons of its artists to the dark nightlife of its outsiders and exiles. She takes us back to Binh's youthful servitude in Saigon under colonial rule, to his life as a galley hand at sea, to his brief, fateful encounters in Paris with Paul Robeson and the young Ho Chi Minh. Winner of the New York Public Library Young Lions Fiction Award, A Best Book of the Year, New York Times, Village Voice, Seattle Times, Miami Herald, San Jose Mercury News, and others. An irresistible, scrupulously engineered confection that weaves together history, art, and human nature, a veritable feast. Los Angeles Times. A debut novel of pungent sensuousness and intricate, inspired imagination, a marvelous tale. Elle Addictive. Deliciously written. Both eloquent and original. Entertainment Weekly. A mesmerizing narrative voice, an insider's view of a fabled literary household, and the slow revelation of heartbreaking secrets contribute to the visceral impact of this first novel. Publishers Weekly, starred review. The Taste of Salt Martha Southgate, 2011-09-13 Award-winning novelist Martha Southgate, who in the words of Julia Glass can write "fat and hot, then lush and tender, then just plain, truthful and burning with heart," now tells the story of a family pushed to its limits by addiction over the course of two generations. Josie Henderson loves the water and is fulfilled by her position as the only senior-level Black scientist at the Woods Hole Oceanographic Institute. In building this impressive life for herself, she has tried to shed the one thing she cannot: her family.

back in landlocked Cleveland Her adored brother Tick was her childhood ally as they watched their drinking father push away all the love that his wife and children were trying to give him Now Tick himself has been coming apart and demands to be heard Weaving four voices into a beautiful tapestry Southgate charts the lives of the Hendersons from the parents first charmed meeting to Josie s realization that the ways of the human heart are more complex than anything seen under a microscope

A Fistful of Salt Vidya Subramaniam, The participation of the South especially Tamilnadu in the Freedom Movement and allied protests under the leadership of Mahatma Gandhi has not been much documented The Salt satyagraha shook the conscience of the British rulers that it led to the Round Table Conference in the capital of the British Empire The fact that Tamilnadu played a significant role in this unique kind of protest led by Rajaji has now been brought out in the form of a fictionalized narrative by the eminent writer Vidya Subramaniam Although idealism as against realism has now become unfashionable in the field of letters I hold the author in great respect for her daring to portray her characters in conformity with her own convictions The period aspect of the novel has come off beautifully in the atmospheric description and dialogues between the characters This novel is a befitting tribute to those who participated in the freedom struggle

Toklas** Anna Linzie, 2006-04 In this original and intriguing study Anna Linzie examines three mid twentieth century texts never before treated as interrelated in a book length work of literary criticism Gertrude Stein s The Autobiography of Alice B Toklas 1933 and Alice B Toklas s The Alice B Toklas Cook Book 1954 and What Is Remembered 1963 Taking these three texts as intertexts or as an assemblage of the true story of Alice B Toklas Linzie challenges assumptions about primary authorship and singular identity that have continued to limit lesbian and feminist rereadings of autobiography as a genre and of Stein and Toklas as writers and historical figures The True Story of Alice B Toklas explores how the concept of autobiography as a primarily referential genre is challenged and transformed in relation to autobiographical texts written about the same person the same life but differently by different writers at different points in time The concept of one true story is deconstructed in the process as Linzie modifies Homi K Bhabha s almost the same but not quite not white for the purposes of this particular study as almost the same but not quite not straight The investigation moves simultaneously on the planes of textuality and sexuality in order to provisionally articulate a lesbian autobiographical subject in Linzie s reading of these three texts Linzie s study fills a gap in literary criticism where Stein s companion and her work have been more or less neglected conceptualizing the Stein Toklas sexual textual relationship as fundamentally reciprocal The True Story of Alice B Toklas provides a new critical perspective on Toklas as indispensable to Stein s literary production a cultural laborer in her own right and a writer of her own books Making a significant contribution to recent lesbian feminist reconceptualizations of the genre of autobiography this study will fascinate Stein and Toklas scholars as well as those interested in queer and autobiography studies A pinch of salt Salt Lane Scribes, 2012-12-04 This anthology is a collection of works by The Salt Lane Scribes a group of writers living in and around Salisbury who gather regularly to encourage and criticise each others work Within the pages you will find an eclectic mix of work including poetry short stories and extracts from the authors novels Pillars of Salt, Monuments of Grace Daniel A. Cohen, 2006-01-01 In this innovative study Daniel A Cohen explores a major cultural shift embodied in hundreds of early New England crime publications Tracing the declining authority of Puritan ministers he shows how the arbiters of an increasingly pluralistic literary marketplace gradually supplanted pious execution sermons with last speech broadsides gallows verses criminal autobiographies trial reports newspaper stories and romantic docudramas Pillars of Salt Monuments of Grace probes the forgotten origins of our modern mass media s preoccupation with crime and punishment

Eating Identities Wenying Xu, 2007-11-13 The French epicure and gastronome Brillat Savarin declared Tell me what you eat and I will tell you who you are Wenying Xu infuses this notion with cultural political energy by extending it to an ethnic group known for its cuisines Asian Americans She begins with the general argument that eating is a means of becoming not simply in the sense of nourishment but more importantly of what we choose to eat what we can afford to eat what we secretly crave but are ashamed to eat in front of others and how we eat Food as the most significant medium of traffic between the inside and outside of our bodies organizes signifies and legitimates our sense of self and distinguishes us from others who practice different foodways Narrowing her scope Xu reveals how cooking eating and food fashion Asian American identities in terms of race ethnicity gender class diaspora and sexuality She provides lucid and informed interpretations of seven Asian American writers John Okada Joy Kogawa Frank Chin Li Young Lee David Wong Louie Mei Ng and Monique Truong and places these identity issues in the fascinating spaces of food hunger consumption appetite desire and orality Asian American literature abounds in culinary metaphors and references but few scholars have made sense of them in a meaningful way Most literary critics perceive alimentary references as narrative strategies or part of the background Xu takes food as the central site of cultural and political struggles waged in the seemingly private domain of desire in the lives of Asian Americans Eating Identities is the first book to link food to a wide range of Asian American concerns such as race and sexuality Unlike most sociological studies which center on empirical analyses of the relationship between food and society it focuses on how food practices influence psychological and ontological formations and thus contributes significantly to the growing field of food studies For students of literature this tantalizing work offers an illuminating lesson on how to read the multivalent meanings of food and eating in literary texts

BrightSummaries.com **The Sound of Salt Forming** Geng Song, Qingxiang Yang, 2016-05-31 China's post 80s generation sometimes referred to as Generation Y is the first whose members have grown up entirely within the reformist era. They are keen to distinguish themselves from their predecessors in every aspect of life. To Western eyes this generation of Chinese who are highly engaged with the world display the ambiguities and paradoxes associated with China's economic rise. They are both nationalistic and cosmopolitan, subservient and defiant, hedonistic and mundane, materialistic and aspirational. This volume brings together some of the most popular and influential writers of this generation. Most of them remain largely unknown outside China. The short stories have been translated into English by a team of enthusiastic and skilled sinologists and represent some of the sweetest songs that tell of the pains and dreams, frustrations and desires, crises and endeavors of this generation in urban China. The works also demonstrate how youth itself is commodified in a system of writing and production that significantly breaks away from the old socialist mode. The book is a must read for those who are interested in not only the China of today but also of tomorrow. Not for sale in mainland China Women and Water in Global Fiction Emma Staniland, 2023-01-27 Symbols and tropes of liquidity have long been connected to notions of the feminine and therefore with orthodox constructions of femininity and womanhood. Underpinning these ideas is the vital importance of water as life force which has given it a central place in cultural vocabularies worldwide. These symbolic economies in turn inform the discourses through which positive or negative associations of women with water come to bear impact on the social positioning of female gendered identities. *Women and Water in Global Fiction* brings together an array of studies of this phenomenon as seen in writing by and about women from around the world. The literature explored in this volume works to make visible, decodify, celebrate and challenge the cultural associations made between female gendered identities and all kinds of watery tropes as well as their consequences for key issues connected to women, society and the environment. The collection investigates the roots of such symbolisms, examines how they inform women's place in the socio-cultural orders of diverse global cultures and shows how the female authors in question use these tropes in their work as ways of re-articulating female identities and their correlative roles *Modern American Queer History* Allida Mae Black, 2001 In the twentieth century countless Americans claimed gay, lesbian, bisexual and transgender identities, forming a movement to secure social as well as political equality. This collection of essays considers the history as well as the historiography of the queer identities and struggles that developed in the United States in the midst of widespread upheaval and change. Whether the subject is an individual life story, a community study or an aspect of public policy, these essays illuminate the ways in which individuals in various locales understood the nature of their desires and the possibilities of resisting dominant views of normality and deviance. Theoretically informed but accessible, the essays shed light too on the difficulties of writing history when documentary evidence is sparse or coded. Taken together, these essays suggest that while some individuals and social networks might never emerge from the shadows, the persistent exploration of the past for their traces is an integral part of
