**The Book of the Sword. With a New Foreword by J. G. Cluff** Sir Richard Francis Burton, **Anabaptists and the Sword** James M. Stayer, 2002-08-08 Anabaptists and the Sword 1972 revised edn 1976 is the first book to challenge the consensus dating from the seventeenth century that sixteenth century Anabaptists were nonresistants or Christian pacifists While recognizing the importance of the nonresistance tradition among Anabaptists the book gives equal attention to more militant elements in Anabaptism It is also pioneering in giving attention to Anabaptist practice as well as Anabaptist teaching on this subject

The Sword in the Stone Terence Hanbury White, 1998 The extraordinary story of a boy called Wart ignored by everyone except his tutor Merlin who goes on to become King Arthur

**Attila - the quest for the Sword of Mars** M. Traugott Huber, 2024-08-15 The Huns are part of Europe s rich history The direct Hunnic impact on Europe as it stood around 370 was massive Attila is one of the few names from antiquity that is still instantly recognised Three famous experts on the Huns Otto Maenchen Helfen 1973 Edward Thompson 1948 1996 and Mischa Meier 2020 contributed significantly to our knowledge but they failed to answer the five most important questions on Attila and the Huns Which was the native country of the Huns Where are the capitals and tombs of Attila s royal ancestors Uldin Charaton and Ruga Where did Attila s decisive Battle of the Catalaunian Plains really take place Where is Attila s lost capital Where is Attila s legendary

tomb with his fabled Sword of Mars This book provides answers to each of these five questions while also solving other mysteries the identity of the enigmatic river Drecon the name of the village of Attila s sister in law and the true course of Attila s Gallic campaign in 451 and his Italian campaign in 452     Rachel of the Sword Linda Carnahan,2014-03-31 Rachel of the Sword by Linda Carnahan Rachel Alice Grayson suddenly wakes up in a different world Zagrith the daemon witch takes her from the safety of her home in America to Carrines a mystical place of magic aelfs faeries dwarves humans and half aelfs but she soon finds that the land is constantly threatened by daemons crazed mutants and monsters In order to earn her way back home Zagrith demands she fulfills a mission she must bring a rusty enchanted sword to the dark mage a rogue who is destined to be the Protector of the Universe and if she is successful will defeat the hungry Gothfyl She prepares to meet Michael the dark mage who has been devoid of emotion since he was a small child When Rachel arrives his emotions suddenly return and he blames her for all of his troubles Rachel must earn his trust to make him believe that he is the rightful one to use the sword or the prophecy regarding the mage will never come true But a problem arises the sword is found to be tainted with daemon magic it is no longer pure Now she not only has to deal with Michael s unpredictable behavior she also has to contend with the people believing that she is a daemon witch that has cast a spell upon Michael to destroy him As she rides with Michael and his Black Company to solve the mystery of the sword Carrines peace is threatened by the Gothfyl s minions as it tries to stop them Should they prevent it from breaking through the barrier between its universe and theirs it will be denied the sweet tasty energy it hungers for And as the mages study the life sword and the prophecy it becomes clear that Rachel s roll in saving their world is more than just giving the sword to Michael She must get Michael to see the great part his nemesis the daemon lords will play in his destiny Together they must persuade the races of Carrines to set aside their prejudices to defeat the forces of the Gothfyl About the Author Linda Carnahan is a retired detention officer of Gila County Sheriff s Office She is a very active member of the community having been a founding member and first vice chair of the Bullion Plaza Museum and Cultural Center She is currently working on her second and third cookbook to help fund the museum Proud of her Celtic heritage she created the Arizona Cornish Society put out a Cornish newsletter and participated in Celtic games in both Tucson and Mesa     Swords, Oaths, and Prophetic Visions Elizabeth A. Oyler,2005-12-31 Swords Oaths and Prophetic Visions investigates some of the most historically important political and social issues raised by the Genpei War 1180 1185 This epic civil conflict which ushered in Japan s age of the warriors is most famously articulated in the monumental narrative Heike monogatari The Tale of the Heike Elizabeth Oyler s ambitious work lays out the complex interconnections between the numerous variant texts of the Heike and the historical events they describe But Oyler s innovative methodology also brings other texts and genres the Gikeiki the Soga monogatari the Azuma kagami and pieces from the k wakamai ballad dramas repertoire into her analysis Rather than concentrating on individual texts Oyler focuses on the inter textual relationships within this larger body of narrative and drama and the

collective role of these works in creating and disseminating stories about some of the Genpei War's most contentious events. In so doing she works toward a new understanding of the underlying cultural problems of which these tales are symptomatic and which they attempt to address.

**The Sword in the Age of Chivalry** Ewart Oakeshott, 1998. The Resplendent image of the medieval knight is concentrated in the symbolism of his sword. The straight two edged cross hilted knightly sword of the European middle ages was an object of vital importance a lethal weapon on the battlefield and a badge of chivalry in that complex social code. Ewart Oakeshott draws on his extensive research and expert eye and hand for he has a special sense for the feel of a sword to develop a typology for and recount the history of the sword from the knightly successors of the Viking weapon to the emergence of the Renaissance sword that is roughly from 1050 to 1550. Within this time span two distinct groups of swords successively evolved. Problems of dating are acute and evidence is adduced from literature and art as well as from archaeology for a sword or some parts of a sword could have been in use several generations after it first saw battle. To deal with such overlap Ewart Oakeshott develops, refines and illustrates a detailed typology of swords which takes in entire swords pommel forms cross guards and the grip and scabbard. *The Swords of Shakespeare* J.D. Martinez, 2013-03-27. Romeo and Juliet Macbeth Richard III and many other Shakespeare plays have at least one thing in common fight scenes usually with swords. This book is a step by step guide to choreographing stage combat scenes particularly the principal duels both comic and tragic in Henry IV Henry VI Richard III Romeo and Juliet Hamlet Troilus and Cressida Othello King Lear Macbeth Coriolanus Cymbeline and The Two Noble Kinsmen. The safety and training of actors is also covered as well as a brief history of Elizabethan swordplay. The work includes 473 illustrations. *The Sword in Early Medieval Northern Europe* Sue Brunning, 2019. A wide ranging study of the significance of swords throughout the whole Anglo Saxon period offering valuable insights into the meaning of and attitude towards swords. Swords were special in Anglo Saxon England. Their names deeds and pedigrees were enshrined in writing. Many were curated for generations revealed by their worn and mended condition. Few ended their lives as casual discards placed instead in graves hoards and watercourses as part of ritualised acts. Contemporary sources leave no doubt that complex social meanings surrounded these weapons transcending their use on the battlefield but they have yet to transcend the traditional view that their primary social function was as status symbols. Even now half a century after the first major study of Anglo Saxon swords their wider significance within their world has yet to be fully articulated. This book sets out to meet the challenge. Eschewing modern value judgements it focuses instead on contemporary perceptions exploring how those who made used and experienced swords really felt about them. It takes a multidisciplinary and holistic approach bringing together insights from art archaeology and literature. Comparison with Scandinavia adds further nuance revealing what was and was not distinctive of Anglo Saxon views of these weapons. Far from elite baubles swords are revealed to have been dynamic living artefacts with their own identities histories and places in social networks ideas fuelled by their adaptability durability and unique role in bloodshed.

Sue Brunning is Curator of European Early Medieval Collections at The British Museum
