Phoenix Assurance and the Development of British Insurance: Volume 2, The Era of the Insurance Giants 1870-1984 Clive Trebilcock, 1985 This is the second and final volume of the business history of one of the UK's oldest and largest insurance offices based upon probably the best archive in the business This volume covers the period from 1870 to the absorption of the Phoenix by Sun Alliance now Royal and Sun Alliance in 1984 The Phoenix papers are used to analyse the triumphs and trials not only of a single insurance venture but of an entire financial sector in a notably turbulent century Insurance is concerned with the way people drive the way they retire or buy their houses or invest or educate their children or go to war It follows that a major insurance history also throws light on many aspects of modern British social history As the great composite offices expanded to offer fire accident marine and life insurance across a single counter so they caught within their dealings an increasingly representative slice of British commercial and social life **Washington, Vol. 2** Constance McLaughlin Green, 2015-12-08 In this second volume Constance Green describes the development of the local community its citizens and institutions through the years following World War II Particularly interesting is the dominant role played by the Washington Negro community which had early become the cultural center of American Negro society The conflicts ambitions and antagonisms of this city within a city are here given sympathetic and objective exposition Originally published in 1963 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Annual Report of the Comptroller of the Currency to the ...
