Johnson, 2011-04 If you were God writing a book you wanted men to understand would you write it in such a way that men would have to make up meaning in order to understand it or would you write it in such a way that those that seek to understand could actually come to a knowledge of its truth Mt 7:7 The present commentary takes the position that God wrote Revelation such that with sufficient effort and intellectual honesty readers can understand it Certainly God uses symbols in Revelation but when He does He provides inspired interpretations of the symbols This commentary seeks to avoid the mistakes of the views that use the symbolical approach to Revelation preterist continuous historical spiritualist and idealist These approaches suffer from two basic flaws assuming the text is symbolical when it is not and making up meaning regarding the text based on stream of consciousness word association much as one would do looking at Rorschach inkblots

This commentary seeks to avoid telling God what He should have said and strives to understand what God actually meant Of all the existing approaches to understanding Revelation this commentary is most closely aligned with the dispensationalist premillennialist Left Behind view in that it views Revelation from a literalist perspective It is different from the typical dispensationalist schema in that it views the seven seals as the powers of the Lamb understands the exercise of the powers of the seven seals to be simultaneous processes and casts chapters 8-22 as three parallel prophecies of the Lamb's power over the course of the histories of Israel the nations and the saints This commentary also makes use of many of the non-canonical works that provide insight into the spirit world and detail regarding the end of the present age The Apocalypse and Apocalyptic Topics Adela Yarbro Collins, 2024-11-14 In this volume of collected essays Adela Yarbro Collins provides a wide-reaching insight into her work on the Apocalypse that spanned her professional career from 1973 to 2021 Emphasizing the variety in form and content of the early and late antique Christian apocalypses within the genre she focusses on the apocalyptic Son of Man sayings in the Synoptic Gospels and raises questions about the impact of Revelation on its ancient and modern audiences regarding ethical norms and the problem of violence Also examined in detail are a range of themes in the Apocalypse feminine symbolism the role of the city of Pergamon in the work its use of vivid description ekphrasis its millennial themes portraits of rulers and time and history especially the author's contemporary history The collection is rounded off with a discussion of the challenge of apocalypticism to the project of creating a New Testament theology

Your Irresponsible, Lawless, and Anarchist Beast Government, Form #05.054 Sovereignty Education and Defense Ministry (SEDM), 2023-02-06 Proves both spiritually and with legal evidence useful in court that modern western governments are the biblical Beast spoken of in the Bible **A Primer on Salvation and Bible Prophecy** Larry Alavezos, 2010 Countless Christians throughout the ages have asked the question What must I do to be saved This question will only intensify as the world draws to a close and as more and more people seek answers as to their final destiny Fortunately the unfailing Word of God holds all the answers We can be sure of our destiny and the events that will take place at the close of history by studying Bible prophecy A Primer on Salvation and Bible Prophecy takes readers on a journey through Daniel and Revelation in search of answers to questions about how to be saved what the future holds and how the world will end Dr Larry Alavezos helps readers make the connection between Bible prophecy and historical events thus solidifying the accuracy of the Bible and the power of God's Word With the Bible as our guide we need not fear for the future But it is our responsibility to be prepared for the impending world crisis Don't wait until it is too late A Primer on Salvation and Bible Prophecy will be your guide as you study two of the most important books of the Bible Daniel and Revelation

The Book of Daniel William Coit Stevens, 1918 The Antichrist and the Second Coming Duncan W. McKenzie, 2012-04 What if the commonly held beliefs concerning the Antichrist are mistaken The Antichrist and the Second Coming looks at the Antichrist and the Second Advent of Christ from a preterist i.e. past fulfillment perspective and provides a unified

interpretation of the little horn the prince to come the king of the North the man of lawlessness and the beast This is the second in a two volume set on the Antichrist it focuses on the book of Revelation This edition stands on its own and is recommended reading even if you have not read the first volume which focuses on Daniel and 2 Thessalonians McKenzie shows how the Antichrist was ultimately a spiritual ruler from the abyss Rev 11 7 that worked through Titus in his three and a half year destruction of the Jewish nation AD 67 70 cf Dan 9 26 This spirit of Antichrist was about to come out of the abyss in the first century Rev 17 8 NASB and was destroyed by the Second Advent of Jesus in AD 70 a spiritual event Continue reading to see how McKenzie convincingly makes the biblical case for this fascinating and controversial position and what it means for us today Dr Duncan McKenzie is a licensed psychologist Ph D in psychology who lives in Los Angeles California He has been studying Bible prophecy for the past twenty five years and has been researching and writing this two volume set for the last twelve years *The Sola Scriptura Challenge* Brian E. Barnes, 2022-12-01 Before it was written there were a wide variety of views about the end of time held across different Jewish movements Historically there have been four main methods of interpretation in both Judaism and Christianity of which we see all on display in the New Testament The controversy around interpretation of prophecy existed in the days of Jesus led some to reject Christ was not resolved by the Protestant Reformers and still divides our churches today This book looks at how we got here and proposes a way we should all move forward together Using only the Scriptures the sola scriptura approach challenges us to understand what the original audience of the letter from John would have understood By identifying singularities and parallels within the book built from years of research and verse by verse exegetical study we will see how it is the fulfillment of the hopes and expectations of the Hebrew prophets and the early church **The Faces of the Chariot** David Joel Halperin, 1988

Catalogue of Copyright Entries, 1915 **Unbuilding Jerusalem** Steven Goldsmith, 1993 [The Apocalyptic Vision and the Neutering of Adventism](#) George R. Knight, 2008 The Seventh day Adventist Church was founded upon an apocalyptic message that needed to be preached to the entire world immediately and at any cost But does the church today preach that same message with the same urgency Has the Adventist Church become irrelevant because it has sought to be more relevant to the world Knight challenges us to go back to our roots to examine the prophecies that fueled the early Seventh day Adventists determination to evangelize the world **Daniel** Charlene R. Fortsch, Erica Dissler, 2005-10 Some dreams or visions if they are symbolic in nature require an interpretation This unique book Daniel Understanding the Dreams and Visions unlocks and explains the structure and mysteries of the prophecies in the book of Daniel It reveals the keys that the prophet Daniel has presented to unlock the prophecies of the Bible Daniel expounds the prophecies in four distinct visions of how God has revealed the rise and fall of the seven earthly kingdoms empires many centuries in advance The truths of these prophecies have withstood every attack from every scholar and skeptic According to the Talmud and the Hebrew Scriptures Daniel received and interpreted dreams and visions similar to many other Jewish prophets This new book brings much

needed clarity to the text of the prophecies of Daniel through the definitions of codewords maps pictures illustrations charts tables and secular historical records The Author adds comments only where necessary An understanding of the Old Testament book of Daniel will set the foundation for a better understanding the prophecies in the book of Revelation In this book the author adopts a detailed but simple approach to an intricate and complex web of prophetic truths of coming world events The object of this book is to clarify the symbolisms and cryptic codes in the ancient yet futuristic prophecies of Daniel For as Jesus said And now I have told you before it come to pass that when it is come to pass ye might believe JOHN 14 29 Take heed that no man deceive you Matt 24 4

The Book of Daniel: a Composite Revelation of the Last Days of Israel's Subjugation to Gentle Powers ... Revised Edition William Coit STEVENS,1918 Reforming Priesthood in Reformation Zurich Jon D. Wood,2018-11-12 The dramatic task of re imagining clerical identity proved crucial to the Renaissance and Reformation Jon Wood brings new light to ways in which that discussion animated reconfigurations of church state and early modern populace End Times considerations of Christian religion had played a part in upheavals throughout the medieval period but the Reformation era mobilized that tradition with some new possibilities for understanding institutional leadership Perceiving dangers of an overweening institution on the one hand and anarchic priesthood of all believers on the other hand early Protestants defended legitimacy of ordained ministry in careful coordination with the state The early Reformation in Zurich emphatically disestablished traditional priesthood in favour of a state supported prophethood of exegetical linguistic expertise The author shows that Heinrich Bullinger s End Times worldview led him to reclaim for Protestant Zurich a notion of specifically clerical priesthood albeit neither in terms of statist bureaucracy nor in terms of the traditional sacramental character that his precursor Huldrych Zwingli had dismantled Clerical priesthood was an extraordinarily fraught subject in the sixteenth century especially in the Swiss Confederation Heinrich Bullinger s private manuscripts helpfully supplement his more circumscribed published works on this subject The argument about reclaiming a modified institutional priesthood of Protestantism also prompts re assessment of broader Reformation history in areas of church state coordination and in major theological concepts of covenant and justification that defined religious confessional distinctions of that era

How to Read the Bible Steven L McKenzie,2009-04-13 More people read the Bible than any other book and as Steven McKenzie shows in this provocative volume most of us misread it McKenzie argues that to comprehend the Bible we must grasp the intentions of the biblical authors themselves what sort of texts they thought they were writing and how they would have been understood by their contemporaries McKenzie examines several genres that are typically misunderstood offering careful readings of specific texts to show how the confusion arises and how knowing the genre produces a correct reading
