Of Jubilees Or The Little Genesis Ibis Western Mystery Tradition:

The Book of Jubilees Or the Little Genesis Robert Henry Charles, 2005 The Book of Jubilees or as it is sometimes called The Little Genesis purports to be a revelation given by God to Moses through the medium of an angel and contains a history divided up into jubilee periods of 49 years from creation to the coming of Moses Although the actual narrative of events is only carried down to Moses's birth and early career its author envisages the events of a later time and in particular certain events of special interest at the time he wrote which was probably in the latter years of the 2nd century B C This work though containing one or two passages of an apocalyptic character is quite unlike the typical apocalypses It is largely based upon the historical narratives in Genesis and Exodus interspersed with legends and emphasizing certain legal practices such as the strict observance of the Sabbath circumcision etc The author's main object is to inculcate a reform in the regulation of the calendar and festivals in place of the lunar calendar which he condemns He proposes to substitute a solar calendar consisting of 12 months and containing 364 days The result of such a system is to make all festivals except the Day of Atonement fall on a Sunday a radical idea for its day With notes clarifying the translation this is an important text for students of the origins of Christianity and Essene teachings **The Book of Jubilees** Library Reprints, Inc., The book of jubilees Robert H. Charles, 1902 The Book of Jubilees - Or, the Little Genesis - Translated from the Editor's Ethiopic Text and Edited, with Introduction, Notes and Indices R. H. Charles, 2017-06-06 The Book of Jubilees is a 1895 treatise by Robert Henry Charles exploring the Jubilee a Jewish and Christian concept of a special year of universal pardon occurring every fiftieth year during which as described in Leviticus prisoners and slaves are to be freed debts forgiven and the mercies of God would be manifested Contents include Introduction Short Account of the Book The Various Titles of the Book The Ethiopic Manuscripts Editions of the Ethiopic Version Translations Critical Inquiries The Versions of Jubilees Greek Ethiopic Latin Versions Translations from the Greek Symbols and Brackets used in this Edition Translations and Notes Index I and Index II Robert Henry Charles 1855-1931 was an Irish theologian and scholar most famous for his English translations of apocryphal and pseudepigraphal works Other notable books by this author include Book of Enoch 1906 The Testaments of the Twelve Patriarchs 1908 and Ascension of Isaiah 1900 Many vintage books such as this are becoming increasingly scarce and expensive We are republishing this volume now in an affordable modern high quality edition complete with a specially commissioned new biography of the author **The Book of Jubilees** R. H. Charles, 2016-07-22 Excerpt from The Book of Jubilees Or the Little Genesis Translated From the Editor's Ethiopic Text and Edited With Introduction Notes and Indices I had hoped to issue this Commentary on the Book of Jubilees quite six years ago as a sequel to my The Book of Jubilees Or The Little Genesis Translated from the Editor's Ethiopic Text and Edited, with Introduction, Notes, and Indices by R. H. Charles, D.D. Professor of Biblical Greek, Trinity College, Dublin R. H. Charles, University of St. Andrews. Library. Donaldson Collection, 1902 **The Book of Jubilees, Or the Little Genesis** R. H. Charles, 2016-01-27 This is a reproduction of the

original book first published in 1902 A D The text is unaltered and unedited It is difficult to exaggerate the value of Jubilees The fact that it is the oldest commentary in the world on Genesis is in itself a distinction But it is not on this ground that we value it but rather for the insight it gives us into the religious beliefs of Judaism in the second century B C Its interests are many sided It appeals to the textual critic as it attests the form of the Hebrew text which was current in that century It appeals to the Old Testament scholar as exhibiting further developments of ideas and tendencies which are only in their incipient stages in the Old Testament It appeals to the New Testament scholar as furnishing the first literary embodiment of beliefs which subsequently obtained an entrance into the New Testament and as having in all probability formed part of the library of some of the apostolic writers It appeals to the student of theological doctrine as providing certain indispensable links in the process of development Finally to the Jewish scholar a Pharisaic work of the second century B C cannot fail to be of transcendent interest as it gives the earlier forms of certain legislative enactments that appear in the Mishna and of legends which in later Judaism have undergone much transformation
