A Course of Severe and Arduous Trials

Lynn Brunet, 2009 The artist Francis Bacon 1909 1992 and the writer Samuel Beckett 1906 1989 both convey in their work a sense of foreboding and confinement in bleak ritualistic spaces This book identifies many similarities between the spaces and activities they evoke and the initiatory practices of fraternal orders and secret societies that were an integral part of the social landscape of the Ireland experienced by both men during childhood Many of these Irish societies modelled their ritual structures and symbolism on the Masonic Order Freemasons use the term spurious Freemasonry to designate those rituals not sanctioned by the Grand Lodge The Masonic author Albert Mackey argues that the spurious forms were those derived from the various cult practices of the classical world and describes these initiatory practices as a course of severe and arduous trials This reading of Bacon s and Beckett s work draws on theories of trauma to suggest that there may be a disturbing link between Bacon s stark imagery Beckett s obscure performances and the unofficial use of Masonic rites

Separation of Church and State Philip HAMBURGER, 2009-06-30 In a powerful challenge to conventional wisdom Philip Hamburger argues that the separation of church and state has no historical foundation in the First Amendment The detailed evidence assembled here shows that eighteenth century Americans almost never invoked this principle Although Thomas Jefferson and others retrospectively claimed that the First Amendment separated church and state separation became part of American constitutional law only much later Hamburger shows that separation became a constitutional freedom largely through fear and prejudice Jefferson supported separation out of hostility to the Federalist clergy of New England Nativist Protestants ranging from nineteenth century Know Nothings to twentieth century members of the K K K adopted the principle of separation to restrict the role of Catholics in public life Gradually these Protestants were joined by theologically liberal anti Christian secularists who hoped that separation would limit Christianity and all other distinct religions Eventually a wide range of men and women called for separation Almost all of these Americans feared ecclesiastical authority particularly that of the Catholic Church and in response to their fears they increasingly perceived religious liberty to require

a separation of church from state American religious liberty was thus redefined and even transformed In the process the First Amendment was often used as an instrument of intolerance and discrimination **Annals of the Grand Lodge of Iowa** Freemasons. Satanism: A Social History Massimo Introvigne,2016-08-29 A 17th century French haberdasher invented the Black Mass An 18th century English Cabinet Minister administered the Eucharist to a baboon High ranking Catholic authorities in the 19th century believed that Satan appeared in Masonic lodges in the shape of a crocodile and played the piano there A well known scientist from the 20th century established a cult of the Antichrist and exploded in a laboratory experiment Three Italian girls in 2000 sacrificed a nun to the Devil A Black Metal band honored Satan in Krakow Poland in 2004 by exhibiting on stage 120 decapitated sheep heads Some of these stories as absurd as they might sound were real Others which might appear to be equally well reported are false But even false stories have generated real societal reactions For the first time Massimo Introvigne proposes a general social history of Satanism and anti Satanism from the French Court of Louis XIV to the Satanic scares of the late 20th century satanic themes in Black Metal music the Church of Satan and beyond
