**The Lost Tapestries of the City of Ladies** Susan Groag Bell,2004-11-29 Like a particularly good detective story this richly textured book follows tantalizing clues in its hunt for a group of missing artistic masterpieces Susan Bell recounts both her long search for a series of sixteenth century tapestries that celebrated women and her efforts to understand their meaning for Queen Elizabeth I of England and the other powerful women who owned them Opening a new window on the lives of noblewomen in the Renaissance the brilliantly colored tapestries that were the ultimate artistic luxury of the day and the popular and influential fourteenth century writer Christine de Pizan Bell pursues a compelling tale that moves from centuries past to today The tapestries around which this story revolves are linked to Christine de Pizan s Book of the City of Ladies 1405 originally published six hundred years ago in 1405 The book is a tribute to women that honors two hundred female warriors scientists queens philosophers and builders of cities Though twenty five manuscripts of the City of Ladies still exist references to tapestries based on the book are elusive Bell takes us along as she tracks down records of six sets of tapestries whose owners included Elizabeth I of England Margaret of Austria and Anne of Brittany Queen of France Bell examines the intriguing details of these women s lives their arranged marriages their power their affairs of state asking what interest they had in owning these particular tapestries Could the tapestries have represented their thinking As she reveals the historical linguistic and cultural aspects of this unique story Bell also gives a fascinating account of medieval and early Renaissance tapestry production and of Christine de Pizan s remarkable life and legacy

**Rethinking Chaucer's Legend of Good Women** Carolyn P. Collette, 2014 A fresh reading of the Legend shows it to be one of Chaucer's most carefully crafted and significant works Professor Collette's approach to this challenging and provocative poem reflects her wide scholarly interests her expertise in the area of representations of women in late medieval European society and her conviction that the Legend of Good Women can be better understood when positioned within several of the era's intellectual concerns and historical contexts The book will enrich the ongoing conversation among

Chaucerians as to the significance of the Legend both as an individual cultural production and an important constituent of Chaucer's poetic achievement. A praiseworthy and useful monograph. Professor Robert Hanning, Columbia University. The Legend of Good Women has perhaps not always had the appreciation or attention it deserves. Here it is read as one of Chaucer's major texts, a thematically and artistically sophisticated work whose veneer of transparency and narrow focus masks a vital inquiry into basic questions of value, moderation and sincerity in late medieval culture. The volume places Chaucer within several literary contexts developed in separate chapters: early humanist bibliophilia, translation and the development of the vernacular; late medieval compendia of exemplary narratives centred in women's choices written by Boccaccio, Machaut, Gower and Christine de Pizan; and the pervasive late fourteenth century cultural influence of Aristotelian ideas of the mean, moderation and value, focusing on Oresme's translations of the Ethics into French. It concludes with two chapters on the context of Chaucer's continual reconsideration of issues of exchange, moderation and fidelity apparent in thematic, figurative and semantic connections that link the Legend both to Troilus and Criseyde and to the women of The Canterbury Tales. Carolyn Collette is Emeritus Professor of English Language and Literature at Mount Holyoke College and a Research Associate at the Centre for Medieval Studies at the University of York.

*Violence in the City of Women* Sarah Hautzinger, 2007-09-17. Brazil's innovative all female police stations installed as part of the return to civilian rule in the 1980s mark the country's first effort to police domestic violence against women. Sarah J. Hautzinger's vividly detailed, accessibly written study explores this phenomenon as a window onto the shifting relationship between violence and gendered power struggles in the city of Salvador da Bahia. Hautzinger brings together distinct voices: unexpectedly macho policewomen, the battered women they are charged with defending, indomitable Bahian women who disdain female victims, and men who grapple with changing pressures related to masculinity and honor. What emerges is a view of Brazil's policing experiment as a pioneering and potentially radical response to demands of the women's movement to build feminism into the state in a society fundamentally shaped by gender.

*Cognitive Stylistics* Elena Semino, Jonathan Culpeper, 2002-11-05. This book represents the state of the art in cognitive stylistics, a rapidly expanding field at the interface between linguistics, literary studies and cognitive science. The twelve chapters combine linguistic analysis with insights from cognitive psychology and cognitive linguistics in order to arrive at innovative accounts of a range of literary and textual phenomena. The chapters cover a variety of literary texts, periods and genres, including poetry, fictional and non-fictional narratives and plays. Some of the chapters provide new approaches to phenomena that have a long tradition in literary and linguistic studies, such as humour, characterisation, figurative language and metre; others focus on phenomena that have not yet received adequate attention, such as split selves, phenomena of mind style and spatial language. This book is relevant to students and scholars in a wide range of areas within linguistics, literary studies and cognitive science.
