Elaborations on Emptiness Donald S. Lopez, Jr., 2016-11-22 The Heart Sutra is perhaps the most famous Buddhist text traditionally regarded as a potent expression of emptiness and of the Buddha's perfect wisdom This brief seemingly simple work was the subject of more commentaries in Asia than any other sutra In Elaborations on Emptiness Donald Lopez explores for the first time the elaborate philosophical and ritual uses of the Heart Sutra in India Tibet and the West Included here are full translations of the eight extant Indian commentaries Interspersed with the translations are six essays that examine the unusual roles the Heart Sutra has played it has been used as a mantra an exorcism text a tantric meditation guide and as the material for comparative philosophy Taken together the translations and essays that form Elaborations on Emptiness demonstrate why commentary is as central to modern scholarship on Buddhism as it was for ancient Buddhists Lopez reveals unexpected points of instability and contradiction in the Heart Sutra which in the end turns out to be the most malleable of texts where the logic of commentary serves as a tool of both tradition and transgression

News-Tibet , 1986 **The Narrow Door and the Great Vehicle** François-Marie Périer, 2024-09-20 An independent research opens a revolutionary perspective in the history of religions and sheds new light on the still unexplained emergence of the buddhist Great Vehicle in the 1st century CE demonstrating the influence of the early Christians in the strongly hellenized area of the Kushan Empire China Afghanistan Pakistan Kashmir Northern India heir of Alexander s conquests on the Silk Road where Greek and Aramaic were the two main languages currently spoken and written Two millenia ago the simultaneous spread of Christianity in the West and the Middle East and Mahayana Buddhism in the East redrew the World map but could it be only coincidence Why did new sutras emphasizing compassion devotion voidness sacrifice and universal salvation emerge in the first decades of our era in the Buddhism of the Origins Why did at the same time as Greek Buddhist art a Western triad of buddhas appear in Gandhara composed by a buddha of infinite light Amitabha a white bodhisattva of compassion Avalokiteshvara the Tibetan Chenrezig emanated out of Infinite Compassion by the later and a third one bringer of power and inspiration Mahasthamaprabhata Did Zoroastrism and Mithraism played a role in this spiritual revolution and why are some Gnostic texts of Nag Hammadi so close to the Mahayanist cosmogonies notions and terms Furthermore the sudden and abundant literature and iconography of the Great Vehicle saw in the same years the appearance of a messianic buddha Maitreya of a feminine and salvific figure embodiment of Wisdom the Prajnaparamita that would become Tārā and of the Western Paradise of the Pure Land making them very close In this new turning of the wheel of Dharma the bodhisattva renouncing Nirvana and sacrificing himself to free the whole of Humanity kind became the ultimate value Here are some of the interrogations among many others raised by this research and answered in a way never done before
