Woodward,2011-12-09 Every family has favourite recipes that have passed down through the generations I have spent a good part of my life wishing someone in our family would take the time to compile some of their favourites As children we were encouraged to express ourselves through cooking Many of these recipes have been tried tested and loved by all They have been expressed in a level that even the youngest reader can attempt their first creations without fear of failure Take this book and make it your recipe box mark the recipes you love add your own to the extra pages provided and encourage future generations to pass them on A small wish but a great demand Our family is a circle of love and strength With every birth and every union the circle grows Every joy shared adds more love Every crisis faced together makes the circle stronger Memories have been cherished as well as our recipes *Morals of Life Stories* Mustafa Noorudddin,2018-06-02 Morals are lessons learned from etiquettes of human life through a sensible knowledge that provides a science of learning behavior and culturing human civilization Such lessons come either from short stories or speeches of the past or present times The more the human senses the value of morals and ethics the more His character is nourished with humanity and errors in one s life is minimized The world is a factory of God almighty to test the best character of human beings and lift them above the earthly abode to the destination of angels where no errors occur where purity truthfulness and service unto the Almighty only prevails
