Hartsock, 2008-05-31 The ancient world often thought in terms of physiognomics the idea that character can be discerned by studying outward physical features That physical descriptions carry moral freight in characterization has been largely missed in modern biblical scholarship and this study brings that to the forefront Specifically this is a study of one particular physical marker blindness When we look at Greco Roman literature a kind of literary topos begins to emerge a set of assumptions that ancient audiences would typically make when encountering blind characters Luke Acts makes use of such a topos in a way that becomes programmatic serving as a kind of interpretive key to Luke Acts that is generally unnoticed in modern scholarship      **Lenses on Blindness** Sharon Packer, M.D., 2023-03-02 Blindness or vision loss is a major medical concern that has also drawn the attention of artists writers musicians mythologists filmmakers religious philosophers and others Covering everything from pop culture to high culture this text is an illuminating anthology of essays examining various representations of blindness Comprehensive in scope this collection of essays analyzes depictions and explorations of blindness in many pieces of media Essays explore blindness in horror films science fiction literature high art superhero fiction Jewish and indigenous traditions music and more This book aims to show how a world of darkness can hold so much light      *The Silent God* M.C.A. Korpel, Johannes C. de Moor, 2011-03-24 The silence of God is a recurring theme in modern reflection It is not only addressed in theology religious studies and philosophy but also in literary fiction film and theatre The authors show that the concept of a silent deity emerged in the ancient Near East including Greece What did the Ancients mean when they assumed that under circumstances their deities remained silent What reasons are discernable for silence between human beings and their gods For the first time the close interrelation between the divine and the human in the revelatory process is demonstrated here on the basis of a wealth of translated ancient texts In an intriguing epilogue the

authors explore the theological consequences of what they have found      Poetical Works John Milton,1874      The Poetical Works of John Milton David Masson,2023-12-30 Reprint of the original first published in 1874      **Solariad** Surazeus Astarius,2017-10-15 Solariad of Surazeus Guidance of Solaria presents 114 920 lines of verse in 1 660 poems lyrics ballads sonnets dramatic monologues eulogies hymns and epigrams written by Surazeus 2006 to 2011      *Greek Tragedies as Plays for Performance* David Raeburn,2016-11-30 This is a unique introduction to Greek tragedy that explores the plays as dramatic artifacts intended for performance and pays special attention to construction design staging and musical composition Written by a scholar who combines his academic understanding of Greek tragedy with his singular theatrical experience of producing these ancient dramas for the modern stage Discusses the masters of the genre Aeschylus Sophocles and Euripides including similarities differences the hybrid nature of Greek tragedy the significance that each poet attaches to familiar myths and his distinctive approach as a dramatic artist Examines 10 plays in detail focusing on performances by the chorus and the 3 actors the need to captivate audiences attending a major civic and religious festival and the importance of the lyric sections for emotional effect Provides extended dramatic analysis of important Greek tragedies at an appropriate level for introductory students Contains a companion website available upon publication at [www.wiley.com/go/raeburn](http://www.wiley.com/go/raeburn) with 136 audio recordings of Greek tragedy that illustrate the beauty of the Greek language and the powerful rhythms of the songs      The Things That Crawl Richard Lee Byers,2017-09-08 Available for the first time in a single collection twenty one short stories of the supernatural the undead and the macabre by Richard Lee Byers author of DEAD TIME and DARK FORTUNE Stories included in this collection The Things That Crawl The Q Word Blood and Limestone Wisdom Fright Wig St Paul s Churchyard New Year s Day The Guide Things I Learned About Science From Popular Entertainment Foragers Netflix Ghost Hunters Night Games End of Life Vets The Wizard and the Dragon Black Griefer Madness Mister Shade Office Space The Plague Knight Castle of Maidens Zombies in Paradise      **Cowboy Cruncher** Lane Bristow,2011-02-01 I once told one of my American friends about the great Canadian sea serpent the Ogopogo of Lake Okanagan His only response was Bucky a country needs to have culture before it can have mythology Well the hard reality is that Canada really does have monster legends Whether or not we have culture yet is still up in the air However I will swear to my dying day that the Ogopogo exists because I saw it with my own eyes Coincidentally this sighting took place on the Ogopogos dying day because I also accidentally killed it Hey I said reality was hard Hi Im Bucky Laroo      *The Short Bus* Jonathan Mooney,2025-06-25 A young man once called unteachable journeys across America to investigate the lives of those like himself who are forced to create new ways of living in order to survive Labeled dyslexic and profoundly learning disabled with attention and behavior problems Jonathan Mooney was a short bus rider a derogatory term used for kids in special education and a distinction that told the world he wasn t normal Along with other kids with special challenges he grew up hearing himself denigrated daily Ultimately Mooney surprised skeptics by graduating with honors from Brown University But he could never escape his past

so he hit the road To free himself and to learn how others had moved beyond labels he created an epic journey He would buy his own short bus and set out cross country looking for kids who had dreamed up magical beautiful ways to overcome the obstacles that separated them from the so called normal world In *The Short Bus* his humorous irreverent and poignant record of this odyssey Mooney describes his four month 35 000 mile journey across borders that most people never see He meets thirteen people in thirteen states including an eight year old deaf and blind girl who likes to curse out her teachers in sign language Then there s Butch Anthony who grew up severely learning disabled but who is now the proud owner of the Museum of Wonder These people teach Mooney that there s no such thing as normal and that to really live every person must find their own special ways of keeping on *The Short Bus* is a unique gem propelled by Mooney s heart humor and outrageous rebellions

Barbara Graziosi,Johannes Haubold,2013-10-16 This book offers a new approach to the study of Homeric epic by combining ancient Greek perceptions of Homer with up to date scholarship on traditional poetry Part I argues that in the archaic period the Greeks saw the *Iliad* and *Odyssey* neither as literary works in the modern sense nor as the products of oral poetry Instead

they regarded them as belonging to a much wider history of the divine cosmos whose structures and themes are reflected in the resonant patterns of Homer's traditional language and narrative techniques Part II illustrates this claim by looking at some central aspects of the Homeric poems the gods and fate gender and society death fame and poetry Each section shows how the patterns and preoccupations of Homeric storytelling reflect a historical vision that encompasses the making of the universe from its beginnings when Heaven mated with Earth to the present day **Unmanly Men** Brittany E. Wilson, 2015

New Testament scholars typically assume that the men who pervade the pages of Luke's two volumes are models of an implied manliness Scholars rarely question how Lukan men measure up to ancient masculine mores even though masculinity is increasingly becoming a topic of inquiry in the field of New Testament and its related disciplines Drawing especially from gender critical work in classics Brittany Wilson addresses this lacuna by examining key male characters in Luke Acts in relation to constructions of masculinity in the Greco Roman world Of all Luke's male characters Wilson maintains that four in particular problematize elite masculine norms namely Zechariah the father of John the Baptist the Ethiopian eunuch Paul and above all Jesus She further explains that these men do not protect their bodily boundaries nor do they embody corporeal control two interrelated male gender norms Indeed Zechariah loses his ability to speak the Ethiopian eunuch is castrated Paul loses his ability to see and Jesus is put to death on the cross With these bodily violations Wilson argues Luke points to the all powerful nature of God and in the process reconfigures or refigures men's own claims to power Luke however not only refigures the so called prerogative of male power but he refigures the parameters of power itself According to Luke God provides an alternative construal of power in the figure of Jesus and thus redefines what it means to be masculine Thus for Luke real men look manifestly unmanly Wilson's findings in *Unmanly Men* will shatter long held assumptions in scholarly circles and beyond about gendered interpretations of the New Testament and how they can be used to understand the roles of the Bible's key characters *Catholic Literature: An Introduction* , Bible Characters William Bell Mackenzie, 1855
