Storey, Fiona Kay, 2022-01-31 Faces of the Home Front presents a fascinating insight into the people wartime organisations events life and work on the British Home Front during the Second World War This is the story of ordinary people in extraordinary times told through an array of previously unpublished rare photographs illustrations and ephemera If you have wondered how Air Raid Wardens Ambulance crews Home Guard Firemen Special Constables Women s Voluntary Service and the Women s Land Army were recruited and trained how they were uniformed and what their duties entailed in wartime were this is the book for you Drawing on the authors own extensive archives of original photographs training manuals documents decades of research and interviews with those who were there there are stories of well known events such as the Blitz on London and many other often lesser known events and incidents around the country some deeply moving some harrowing and some that show how the kindness and selfless bravery of people that helped get Britain through its darkest hours The combination of images and stories vividly bring to life the experiences of people in cities towns and countryside in wartime as they experienced evacuation rationing the black out and air raids touched the lives of everyone This volume is a valuable addition to the bookshelf of any family historian collector re enactor **War Torn** Guy Hodgson, 2015-05-22 The Manchester Blitz lasted two nights in December 1940 when around 1 000 people were killed and more than 3 000 injured This book focuses on the reaction by the local and regional newspapers of Manchester which was Britain s second press centre at the time to this heavy bombing **When Britain Saved the West** Robin Prior, 2015-01-01 How Britain standing alone persevered in the face of near certain defeat at the hands of Nazi Germany From the comfortable distance of seven decades it is quite easy to view the victory of the Allies over Hitler s Germany as inevitable But in 1940 Great Britain s defeat loomed perilously close and no other nation stepped up to confront the Nazi threat In this cogently argued book Robin Prior delves into the documents of the time war diaries combat reports Home Security s daily files and much more to uncover how Britain endured a year of menacing crises The book reassesses key events of 1940 crises that were recognized as such at the time and others not fully appreciated Prior examines Neville Chamberlain s government Churchill s opponents the collapse of France the Battle of Britain and the Blitz He looks critically at the position of the United States before Pearl Harbor and at Roosevelt s response to the crisis Prior concludes that the nation was saved through a combination of political leadership British

Expeditionary Force determination and skill Royal Air Force and Navy efforts to return soldiers to the homeland and the determination of the people to fight on in spite of all terror As eloquent as it is controversial this book exposes the full import of events in 1940 when Britain fought alone and Western civilization hung in the balance Armageddon Fed Up With This Derek Nudd,2015-01-28 In 1940 Eric Nudd like millions of others found himself unexpectedly in uniform a raw conscript in a heavy anti aircraft regiment He grew over the next five years into a seasoned professional with the Normandy and North West European campaigns under his belt A previously unsuspected talent for maths took him from heaving shells to fire control and then radar giving him a ringside view of the manic wartime technology race As a Fleet Street journalist prolific letter writer and occasional poet Eric published improvised news sheets from a succession of gun sites and dugouts Armageddon Fed Up With This A Gunner's Tale is told by a civilian in uniform who was an acute observer and literate recorder of what he saw His wry sometimes scathing observations on the humour and idiocy of army life and the military political and cultural events of the time are set against the global cataclysm going on around him The author Derek Nudd colours in the background for those of us lucky enough to have missed it Inspired by authors such as Cyril Demarne and Spike Milligan Armageddon Fed Up With This provides a new perspective from underneath on the anti aircraft forces who for a while after the fall of France were the only part of the army shooting back This book will appeal to readers who enjoy historical and military biographies and provide new insights for students of the period The title was a contemporary joke

Spitfire Ace of Aces Dilip Sarkar,2011-07-15 The biography of the RAF's top fighter pilot Johnnie Johnson who shot down more enemy aircraft than any other pilot during the Second World War *Last of the Few* Dilip Sarkar,2010-02-15 Spitfire and Hurricane fighter pilots recount their experiences of combat during the Battle of Britain **The Gathering Storm** Dilip Sarkar,2023-07-31 Dilip Sarkar has studied the Battle of Britain period for a lifetime and is renowned for his meticulous research and evidence based approach setting events within the broadest possible context In doing so he has helped enrich our appreciation and understanding of the past In this the first of a new seven volume series on the Battle of Britain we have the background to the aerial conflict of the summer of 1940 revealed in great detail and told comprehensively as never before No stone has been left unturned no angle unexplored This meticulous approach the research combined with the human stories and events many revealed for the first time tells what Dilip calls the Big Story The development of air power the creation of Britain's defenses the German side the Home Front and political events are all covered and much more After considering the background threads prior to the outbreak of war in 1939 this book then describes the developing conflict on land sea and in the air The German invasion of Norway the Fall of France and the air fighting over Dunkirk are all explored along with Hitler's actual preferred policy towards Britain which at first was one of blockade not invasion The author with justification questions the validity of the Battle of Britain's official start date being 10 July 1940 evidencing the fact that the fighting actually began eight days earlier From that date onwards a day by day hour by

hour account of the fighting is provided giving due recognition to those aircrew lost or wounded before 10 July 1940 and whose names are not therefore found amongst The Few Due accord is also given to the Royal Navy and efforts of both Bomber and Coastal commands emphasizing just what a big story this actually is far from simply concerning a handful of Spitfire and Hurricane pilots Through diligent research with crucial official primary sources and personal papers Dilip unravels many myths often challenging the accepted narrative This is not however simply another dull record of combat losses and claims far from it Drawing upon unique first hand accounts from a wide range of combatants and eyewitnesses along with the daily Home Intelligence Reports and the papers of politicians such as Italian Foreign Minister Count Ciano this really is an unprecedented approach to understanding the build up to and times of the Battle of Britain **The Final Few** Dilip Sarkar,2015-09-15 The extraordinary personal stories of five surviving Battle of Britain pilots *Air Pictorial* ,1990 *Acoustic Territories* Brandon LaBelle,2010-04-01 A remarkable exploration of how sound permeates all aspects of life from the streets to our homes and from shopping malls to the underground
