

ALEKSANDR BLOK *Selected Poems*

Blok Selected Poems

Avril Pyman

Blok Selected Poems:

Alexander Blok Avril Pyman, 2014-05-16 *Alexander Blok Selected Poems* showcases the artistic nature of Blok through his poems. The book first presents verses from the collection *Ante Lucem* and poems of the 1905 revolution. Verses lifted from the two collections are presented. The poems cover various topics and were accomplished in different time frames. Although portions of the poems are only presented, they have managed to illustrate the creative mind of Blok. The text also highlights the works of Blok in English, French, German, Italian, and Russian. An index of first lines and titles are also presented. The book is a fine reference for students of poetry and researchers interested in the works and contributions of Blok in poetry.

Selected Poems [of] Alexander Blok Aleksandr Aleksandrovich Blok, Jon Stallworthy, Peter France, 1974 **Selected Poems [by] Alexander Blok** Aleksandr Aleksandrovich Blok, 1972 **Selected Poems of Aleksandr Blok** Aleksandr Aleksandrovich Blok, 1968 *Selected Poems* Aleksandr Aleksandrovich Blok, 1981 **[Selected poems] ; Selected poems of Aleksandr Blok** Aleksandr Aleksandrovič Blok, 1968 **Alexander Blok**, 1974 **Russian Literature and Its Demons** Pamela Davidson, 2000. Merezhkovsky's bold claim that all Russian literature is to a certain degree a struggle with the temptation of demonism is undoubtedly justified. And yet despite its evident centrality to Russian culture, the unique and fascinating phenomenon of Russian literary demonism has so far received little critical attention. This substantial collection fills the gap. A comprehensive analytical introduction by the editor is followed by a series of fourteen essays written by eminent scholars in their fields. The first part explores the main shaping contexts of literary demonism: the Russian Orthodox and folk tradition, the demonization of historical figures and views of art as intrinsically demonic. The second part traces the development of a literary tradition of demonism in the works of authors ranging from Pushkin and Lermontov, Gogol and Dostoevsky through to the poets and prose writers of modernism including Blok, Akhmatova, Bely, Sologub, Rozanov, Zamyatin and through to the end of the 20th century. **Alexander Blok** Aleksandr Aleksandrovich Blok, 1972 The Stranger Alexander Blok, Andrey Kneller, 2011-03-23. Alexander Blok (November 28, 1880 – August 7, 1921) was a major poet of the Russian Symbolism movement. His early poetry was dominated by the theme of searching for his ideal beauty. Sound, rhythm, color, and repetition played a crucial part in setting the mood and conveying emotions in his writing. With subsequent collections, the focus shifted to depicting human psychology. His writing became more ironic and pessimistic as he struggled to balance his quest for an ideal with his disenchantment in everyday life. In the later stages of his career, he wrote predominately about political themes and the changes that were happening in Russia. To this day, he is considered by many to be the most important Russian poet since Alexander Pushkin, and his work would have a lasting influence on the likes of Anna Akhmatova, Boris Pasternak, and Marina Tsvetaeva among other prominent poets of the Silver Age. This dual language collection of his poetry seeks to represent the continuum of Alexander Blok's growth as a poet, with particular attention paid to the rhythm and melody of his writing. **Selected Poems** Natalya Gorbanevskaya, 2011-08-25. In 1969, Natalya Gorbanevskaya was

sentenced to imprisonment in a Soviet psychiatric hospital for her dissident activities in 1972 Carcanet published Daniel Weissbort's first translations of her poems with a transcript of her trial In this new enlarged selection of translations he returns to a poet who has continued in exile to engage with the cause of human freedom and the poetic traditions of her homeland Anna Akhmatova regarded Gorbanevskaya as one of the small group of poets who kept Russian poetry alive Weissbort one of the leading translators of Russian poetry in Britain expands our understanding of the continuing vitality of her work An interview with Valentina Polukhina in which Gorbanevskaya discusses her life and beliefs provides illuminating context

California Slavic Studies, Volume XI Nicholas V. Riasanovsky, Gleb Struve, Thomas Eekman, 2024-03-29 This volume of California Slavic Studies showcases an interdisciplinary collection of scholarly essays and primary sources delving into the rich cultural literary and historical narratives of the Slavic world Edited by Nicholas V Riasanovsky Gleb Struve and Thomas Eekman the book features diverse topics including eschatological themes in Russian literature poetic explorations by Osip Mandelstam and historical accounts like Prince Peter Kozlovsky's correspondence This academic compilation serves as a crucial resource for understanding the complexity of Slavic contributions to global history and culture while offering readers insights into the nuanced perspectives of prominent thinkers and writers In addition to its literary analyses the volume broadens its focus to include sociocultural studies such as feminine representations in Old Russian literature and art and an examination of Jewish reforms during the Enlightened Absolutism era in Europe Scholars and enthusiasts of Slavic studies will find this edition invaluable for its depth as it bridges historical documentation and theoretical frameworks enriching the discourse on Slavic influence across disciplines This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1980

Selected Poems [of] Guillevic Eugène Guillevic, 1974

Everything to Nothing Geert Buelens, 2015-12-01 The First World War changed the map of Europe forever Empires collapsed new countries were born revolutions shocked and inspired the world This tumult sometimes referred to as the literary war saw an extraordinary outpouring of writing The conflict opened up a vista of possibilities and tragedies for poetic exploration and at the same time poetry was a tool for manipulating the sentiments of the combatant peoples In Germany alone during the first few months there were over a million poems of propaganda published We think of war poets as pacifistic protestors but that view has been created retrospectively The verse of the time particularly in the early years of the conflict in Fernando Pessoa or Filippo Tommaso Marinetti for example could find in the violence and technology of modern warfare an awful and exhilarating epiphany In this cultural history of the First World War the conflict is seen from the point of view of poets and writers from all over Europe including Rupert Brooke Anna Akhmatova Guillaume Apollinaire Gabriele D Annunzio Vladimir Mayakovsky Rainer Maria Rilke and Siegfried Sassoon Everything to

Nothing is the award winning panoramic history of how nationalism and internationalism defined both the war itself and its aftermath revolutionary movements wars for independence civil wars the treaty of Versailles It reveals how poets played a vital role in defining the stakes ambitions and disappointments of postwar Europe **Foundations of Russian Culture** Alexander Schmemmann,2023-10-02 A culture that demands only freedom from politics while rejecting and shunning politics itself remains inadequate lifeless and is ultimately doomed In its turn politics that rejects the spiritual oversight of culture inevitably degenerates into tyranny or anarchy into corruption and mediocrity Inside this deceptively modest volume will be found a remarkably prescient collection of broadcasts that are perhaps even more pertinent to the contemporary culture and politics of Russia than they were to the audience within the Soviet Union to whom they were originally addressed Schmemmann presents the complex history of Russia and analyzes trends and tendencies within its culture concisely and simply showing them to be frequently contradictory and even mutually exclusive He clarifies the multilayered meaning of foundations its underlying building blocks the spiritual the political the historical as well as the cultural assets in literature art science and philosophy In these elements he shows what Russia is grappling with in its struggle to find a synthesis that draws both from its own unique elements and its historical and ongoing interconnectedness with the West and the East

Alexander Blok Robin Kemball,2019-04-15 No detailed description available for Alexander Blok **Selections from Russian Poetry , Blok, an Anthology of Essays and Memoirs** Lucy E. Vogel,1982 Biography and literary analysis of Alexander Blok Russian lyrical poet writer publicist playwright translator literary critic Reference Guide to Russian Literature Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public **Abolishing Death** Irene Masing-Delic,1992-11-01 The idea of abolishing death was one of the most influential myth making concepts expressed in Russian literature from 1900 to 1930 especially in the works of writers who attributed a life modeling function to art To them art was to create a life so aesthetically organized and perfect that immortality would be an inevitable consequence This idea was mirrored in the thought of some who believed that the political revolution of 1917 would bring about a revolution in basic existential facts specifically the belief that communism and the accompanying advance of science would ultimately be able to bestow physical immortality and to resurrect the dead According to one variant for example the dead were to be resurrected by extrapolation from the traces of their labor left in the material world The author finds the seeds of this extraordinary concept in the erosion of traditional religion in late nineteenth century Russia Influenced by the new power of scientific inquiry humankind appropriated various divine attributes one after the other including omnipotence and omniscience but eventually even aiming toward the realization of individual physical immortality and thus aspiring to equality with God Writers as different as the decadent Fyodor Sologub the political Maxim Gorky and the gothic Nikolai Ognyov created works for making mortals into gods

transforming the raw materials of current reality into legend The book first outlines the ideological context of the immortalization project notably the impact of the philosophers Fyodorov and Solovyov The remainder of the book consists of close readings of texts by Sologub Gorky Blok Ognyov and Zabolotsky Taken together the works yield the salvation program that tells people how to abolish death and live forever in an eternal self created cosmos gods of a legend that was made possible by creative artists imaginative scientists and inspired laborers
