international intrigue murder love and revenge The Balkans War of the 1990s is the setting with 200 000 Serbs about to be ethnically cleansed despite United Nations attempts to prevent the slaughter rape and destruction of their 500 year homeland During a Serbian artillery attack Matea Markovic and her young son are saved by James Laidlaw ex Royal Navy officer and European Community monitor but he soon realises that there are even greater evil forces at play Colonel Ante Slavic of the Croatian army is determined to prevent James from discovering the truth of his murderous campaign and is prepared to kill anyone who stands in his way including Matea and her son With American Special Forces and the Secret Services of France Germany Greece and Britain all in theatre James is forced to fight on many fronts James Matea and her son are in danger once again when the indicted war criminal Slavic on the run from justice pursues them to the rugged south Cornish coast where the outcome and who is destined for a watery grave are far from certain While the author s expertise and experience is demonstrated throughout readers will have to decide for themselves how close to the truth Death s Sting really is

[Paid to Predict](#) Ewen Southby-Tailyour,2020-10-04 In 1993 Ewen Southby Tailyour joined the British Foreign Office for duties with the European Community Monitoring Mission He was also tasked informally by MI6 to report on a few characters Monitoring the cease fire violations along the Confrontation Line between Croatia and the Republic of Serbian Krajina plus the humanitarian and economic issues for the regeneration of Dalmatia were professionally satisfying as were a covert beach reconnaissance interviewing war criminals and pacing the length of a secret airfield that was eventually used by US Predator unmanned surveillance aircraft to support Croatia s ethnic cleansing of all Serbs from Krajina Closing in on hard evidence that Germany and the US were breaking UN Arms Embargo 713 the author was caught in the diplomatic cross fire between the Greeks who supported Serbia and the French who supported Croatia To prevent the French knowing of any illicit arms embargo he was order by the Greeks to falsify his reports He resigned from the mission This is a thought provoking disturbing tale of deceit and duplicity between European countries and notably the US all supposedly supporting a common cause peace in the Balkans but in effect helping to ethnically cleanse 200 000 Serbs from their 500 year old homeland

**The British National Bibliography** Arthur James Wells,1998 [Lindell's List](#) Peter Hore,2016-09-05 Already a decorated heroine of the First World War British born Mary Lindell Comtesse de Milleville was one of the most colourful and courageous agents of the Second World War yet her story has almost been forgotten Evoking the spirit of Edith Cavell and taking the German occupation of Paris in 1940 as a personal affront she led an escape line for patriotic Frenchmen and British soldiers After imprisonment escape to England a secret return to France and another arrest she began to witness the horrors of German run prisons and concentration camps In April 1945 a score of British and American women emerged from the Women s Hell Ravensbr ck concentration camp who had been kept alive by the willpower and the strength of one woman Mary Lindell She combined a passion for adventure with blunt speech and persistently displayed the greatest personal bravery in the face of great adversity To counter German claims that they had no British or American

prisoners Mary smuggled out a plea for rescue and produced her list from her pinafore pocket compiled in secret from the camp records This vital list contained the names of captured women many of whom were agents of British Military Intelligence the Special Operations Executive or the French Resistance Poignantly supported by first hand testimony Lindell s List tells the moving story of Mary Lindell s heroic leadership and the endurance of a group of women who defied the Nazis in the Second World War Annual Bibliography of British and Irish History ,1999 **The Next Moon** Andre Hue,Ewen Southby-Tailyour,2009-08-06 Andre Hue was a daredevil By the age of twenty the Anglo Frenchman had survived shipwreck and years undercover in France sabotaging German supply lines Returning to Britain he was recruited by SOE to parachute behind enemy lines on 5 June 1944 to unite resistance forces in Brittany and paralyse local German troops during the Allied invasion Though Hue s mission was fraught with difficulty he missed his landing site his secret base camp became the site of a pitch battle and a band of Cossacks tried to hunt him down he knew that thousands of lives depended on his success or failure **Special Operations Success** James D. Kiras,2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States **Astronauts of Cape Horn** Nicholas Gray,2018-09-24 In 1969 the first two men landed on the moon There were five other landings leading to a total of twelve astronauts standing on the moon A further six circled above while the world watched Also in 1969 Sir Robin Knox Johnston was the first man to sail solo non stop around the world south of Cape Horn He was the eighth of only eleven men who rounded the Horn alone before the final moon landing Those eleven men had no one watching them This dramatic and exciting book written so vividly you can feel the sea s spray on your face and taste the salt on your lips tells the story of the lives of those eleven men and their sailing exploits and compares and contrasts their voyages with what the twelve space astronauts achieved One famous astronaut spoke of e a small step for man one great leap for mankind For those who go to sea rather than into space there s no greater step than rounding the Horn From the preface written by Paul Heiney **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 3

Commando Brigade, Helmand, Afghanistan Ewen Southby-Tailyour, 2008 The 3 Commando Brigade's six month deployment in Helmand Province was among the finest pieces of soldiering I have come across General Sir Richard Dannett Chief of General Staff In October 2006 the Royal Marine Commandos took up their six month tour of duty in war torn Helmand Province southern Afghanistan the toughest and hottest war zone on earth After the tactical retreat of their predecessors the Paras the Marines knew they would have to take a different approach to have any chance of success So they took the war to the enemy Roving and aggressive the Commandos forced the insurgent Taliban on to the back foot As a result they were involved in daily fire fights of an intensity not encountered by British troops since North Korea 3 Commando Brigade is a thrilling first hand account of that dogged heroic pursuit of the Taliban by the ordinary Marines sailors and soldiers responsible It is a story of valour fortitude supreme physical and mental fitness and unrivalled professionalism under the most testing of circumstances The account explodes from the first page with Operation Glacier a graphic no holds barred account of a Commando attack on a key Taliban base south of Garmsir a battle that ends with the dramatic recovery of a Corporal's body from alongside the fort by Apache helicopters From this opening salvo the action never lets up offering a startlingly honest account of the war in Afghanistan as told by the junior officers corporals and marines on the ground 3

**Commando Brigade** Ewen Southby-Tailyour, 2011 A heartstopping account of the soldiers of 3 Commando and the six months of brutal combat they faced in Afghanistan

**Churchill's Ministry of Ungentlemanly Warfare** Giles Milton, 2016-06-30 A magnificent story brilliantly told Read it Anthony Horowitz Six gentlemen one goal the destruction of Hitler's war machine In the spring of 1939 a top secret organisation was founded in London its purpose was to plot the destruction of Hitler's war machine through spectacular acts of sabotage The guerrilla campaign that followed was to prove every bit as extraordinary as the six gentlemen who directed it Winston Churchill selected them because they were wildly creative and thoroughly ungentlemanly One of them Cecil Clarke was a maverick engineer who had spent the 1930s inventing futuristic caravans Now his talents were put to more devious use he built the dirty bomb used to assassinate Hitler's favourite Reinhard Heydrich Another member of the team William Fairbairn was a portly pensioner with an unusual passion he was the world's leading expert in silent killing He was hired to train the guerrillas being parachuted behind enemy lines Led by dapper Scotsman Colin Gubbins these men along with three others formed a secret inner circle that planned the most audacious sabotage attacks of the Second World War Winston Churchill called it his Ministry of Ungentlemanly Warfare The six ministers aided by a group of formidable ladies were so effective that they single handedly changed the course of the war Told with Giles Milton's trademark verve and eye for detail Churchill's Ministry of Ungentlemanly Warfare is thoroughly researched and based on hitherto unknown archival material It is a gripping and vivid narrative of adventure and derring do and is also perhaps the last great untold story of the Second World War Previously published in hardback as *The Ministry of Ungentlemanly Warfare* 3

3 Commando: Helmand Assault Ewen Southby-Tailyour, 2010-09-30 When the Royal Marines
