

The background of the image is a photograph of a coastal scene during the 'golden hour' of sunset or sunrise. The sky is filled with soft, orange and pink clouds. The sea is calm, reflecting the warm light from the sky. On the left side, a large, dark, craggy rock formation juts out from the water. In the center of the image, there is a dark, semi-transparent rectangular box containing white text.

The blood of the martyrs
is the seed of the church.

Rome during Nero s reign of terror *The Blood of the Martyrs* is a disciplined historical novel tracing the destruction of one cell of the early church With a cast of slaves ordinary Roman people exiles and entertainers it is thorough in its historical interpretation and in its determination to make the past accessible and readable Written in 1938 9 the novel contains many symbolic parallels to the rise of European fascism in the 1930s and the desperate plight of persecuted minorities such as the Jews and the left wing activists with whom Naomi Mitchison personally campaigned at the time With the invasion of Britain a real possibility she felt compelled to write a testament to the power of human solidarity which even faced with death can overcome the worst that human evil can achieve *The Blood of the Martyrs* is the least autobiographical of Mitchison s major works of fiction yet with its implicit credo is her most passionately self revealing Blood and Belief David Biale,2007-10-23

A wonderful rich and fascinating book and a great read Biale explores the meanings of blood within Jewish and Christian cultures from the blood of the sacrifices of the book of Leviticus to the blood of the Eucharist to the blood of medieval blood libels and the place of blood in Nazi ideology Biale shows that blood symbolism stands at the center of the divide between Judaism and Christianity This book will be the point of departure for all future studies of the subject Shaye J D Cohen Harvard University I know of no other work that through numerous insights and useful distinctions so alerts us to and comprehensively documents the ongoing constitutive role of Christian and anti Semitic perceptions of Jewish existence and

the interactions between them Whereas much contemporary historiography has become so specialized that historians have surrendered the larger picture David Biale's panoramic perspective reveals the great value and interest of this work Steven E Aschheim author of *Beyond the Border The German Jewish Legacy Abroad* *The Liquefaction of the Blood of St. Januarius, at Naples*, 1872 From Martyr to Mystic Ra'anan S. Boustan, 2005 This study provides a critical analysis of Nurcholish Madjid's attempt to interpret Islam within the framework of modern Indonesia Special attention is paid to his ideas and activities during the years leading to the 1998 downfall of President Soeharto and the development towards democracy that followed Although many of these ideas have been embraced by significant sectors of official Indonesia they have also received harsh criticism from the representatives of more conservative interpretations of Islam and more recently from secular Muslims as well
