Blood Rites Origins And History Of The Passions Of War:

Blood Rites Barbara Ehrenreich, 2011-04-07 What lies behind the human attraction to violence Why do we glorify war seeing it as an almost sacred undertaking Barbara Ehrenreich is known for the originality and clarity of her thinking and in *Blood Rites* she proposes a radical new theory about our attitudes to bloodshed From the trenches of Verdun to today's front lines Ehrenreich traces the history of warfare back to our prehistoric ancestors terrifying experiences of being hunted by other carnivores Written with wit tenacity and intellectual flair this is vintage Ehrenreich and an account that will transform our understanding of human conflict *Global Responses to Terrorism* Mary Buckley, Rick Fawn, 2004-02-24 The terrorist attacks of September 11th and more recent atrocities in Russia Indonesia and Kenya have demonstrated that terrorism now poses the most dangerous threat to stability democracy and prosperity around the world This major new book examines how the world has reacted to and been affected by the attacks on September 11th ensuing war in Afghanistan and President George W Bush's declaration of a war on terror as the first war of the 21st century The contributions by distinguished specialists in the field examine the domestic implications of terrorism and counter terrorist initiatives across the world Few books can boast the quality and range of the contributions to this volume which locate the war on terror in a truly global and intellectual context *Just War and International Order* Nicholas Rengger, 2013-04-04 At the opening of the twenty first century while obviously the world is still struggling with violence and conflict many commentators argue that there are many reasons for supposing that restrictions on the use of force are growing The establishment of the International Criminal Court the growing sophistication of international humanitarian law and the rebirth of the just war tradition over the last fifty years are all taken as signs of this trend This book argues that on the contrary the just war tradition allied to a historically powerful and increasingly dominant conception of politics in general is complicit with an expansion of the grounds of supposedly legitimate force rather than a restriction of it In offering a critique of this trajectory *Just War and International Order* also seeks to illuminate a worrying trend for international order more generally and consider what if any alternative there might be to it **ARVN** Robert Kendall Brigham, 2006 In this first in depth history of the ARVN from 1955 to 1975 Robert Brigham takes readers into the barracks and training centers of the ARVN to plumb the hearts and souls of these forgotten soldiers Through his command of Vietnamese language sources diaries memoirs letters oral interviews and more he explores the lives of ordinary men focusing on troop morale and motivation within the context of traditional Vietnamese society and a regime that made impossible demands upon its soldiers *The Fascist Faith of the Legion "Archangel Michael" in Romania, 1927-1941* Constantin Iordachi, 2022-12-30 *The Fascist Faith of the Legion Archangel Michael in Romania 1927 1941* engages critically with recent works on fascism totalitarianism and religion and advances an original theoretical and methodological approach to fascism as a political faith On this basis the book constructs an innovative comparative research framework for reconceptualizing the history of the Legion Archangel Michael in Romania 1927 1941 It contends that the

Legion put forward a paligenetic political faith of a theological type called Legionarism To provide a comprehensive analysis of the origins main features mechanisms of institutionalization and demise of this self proclaimed salvific political faith the book documents the paligenetic foundations of the Legionary faith the syncretism between fascist and Christian rites and rituals and the intricate relationship between the Legion and the Orthodox Church and its dogma The book documents three main sacrificial strategies employed by the Legion to re evangelize the people in the new faith 1 the appropriation of the cult of the fallen soldiers 2 terrorist missions meant to create fascist heroes through violent sacrifice and 3 sanctification through heroic fight for Christianity in the Spanish Civil War in an attempt to link Legionarism with the transnational crusade against Judeo Bolshevism As well as providing a detailed historical and interpretive account of the Legion the book makes a significant contribution to debates about defining fascism and its relation to religion It also provides novel comparative perspectives for studying other attempts at constructing fascist faiths in interwar Europe most notably in Fascist Italy and Nazi Germany but also in Central and Eastern Europe This book will be of interest to students and scholars of fascism Romanian studies politics and religion political theory totalitarianism youth radicalization violence and the emergence of terrorism *Journal of Legal Studies* ,1998 *The Cutting-Off Way* Wayne E. Lee,2023-08-10 Incorporating archeology anthropology cartography and Indigenous studies into military history Wayne E Lee has argued throughout his distinguished career that wars and warfare cannot be understood by a focus that rests solely on logistics strategy and operations Fighting forces bring their own cultural traditions and values onto the battlefield In this volume Lee employs his cutting off way of war COWW paradigm to recast Indigenous warfare in a framework of the lived realities of Native people rather than with regard to European and settler military strategies and practices Indigenous people lacked deep reserves of population or systems of coercive military recruitment and as such were wary of heavy casualties Instead Indigenous warriors sought to surprise their targets and the size of the target varied with the size of the attacking force A small war party might cut off individuals found getting water wood or out hunting while a larger party might attempt to attack a whole town Once revealed by its attack the invading war party would flee before the defenders reinforcements from nearby towns could organize Sieges or battles were rare and fought mainly to save face or reputation After discussing the COWW paradigm including a deep look at Native logistics and their associated strategic flexibility Lee demonstrates how the system worked and evolved in five subsequent chapters that detail intra tribal and Indigenous colonial warfare from pre contact through the American Revolution

Shifting Grounds Paul Quigley,2014 The American Civil War brought with it a crisis of nationalism This text reinterprets southern conceptions of allegiance identity and citizenship within the contexts of antebellum American national identity and the transatlantic Age of Nationalism Conflict After the Cold War Richard K. Betts,2015-09-16 Edited by one of the most renowned scholars in the field Richard Betts *Conflict After the Cold War* assembles classic and contemporary readings on enduring problems of international security Offering broad historical and philosophical breadth the carefully

chosen and excerpted selections in this popular reader help students engage key debates over the future of war and the new forms that violent conflict will take Conflict After the Cold War encourages closer scrutiny of the political economic social and military factors that drive war and peace

Frederick Douglass David W. Blight,2020-01-07 Selected as One of the Best Books of the 21st Century by The New York Times Winner of the Pulitzer Prize in History Extraordinary a great American biography The New Yorker of the most important African American of the 19th century Frederick Douglass the escaped slave who became the greatest orator of his day and one of the leading abolitionists and writers of the era As a young man Frederick Douglass 1818 1895 escaped from slavery in Baltimore Maryland He was fortunate to have been taught to read by his slave owner mistress and he would go on to become one of the major literary figures of his time His very existence gave the lie to slave owners with dignity and great intelligence he bore witness to the brutality of slavery Initially mentored by William Lloyd Garrison Douglass spoke widely using his own story to condemn slavery By the Civil War Douglass had become the most famed and widely travelled orator in the nation In his unique and eloquent voice written and spoken Douglass was a fierce critic of the United States as well as a radical patriot After the war he sometimes argued politically with younger African Americans but he never forsook either the Republican party or the cause of black civil and political rights In this cinematic and deeply engaging The New York Times Book Review biography David Blight has drawn on new information held in a private collection that few other historian have consulted as well as recently discovered issues of Douglass s newspapers Absorbing and even moving a brilliant book that speaks to our own time as well as Douglass s The Wall Street Journal Blight s biography tells the fascinating story of Douglass s two marriages and his complex extended family David Blight has written the definitive biography of Frederick Douglass a powerful portrait of one of the most important American voices of the nineteenth century The Boston Globe In addition to the Pulitzer Prize Frederick Douglass won the Bancroft Parkman Los Angeles Times biography Lincoln Plutarch and Christopher awards and was named one of the Best Books of 2018 by The New York Times Book Review The Wall Street Journal The Boston Globe The Chicago Tribune The San Francisco Chronicle and Time

The Waning of Major War Raimo Vayrynen,2013-10-31 This book is a systematic effort by leading international scholars to map the trends in major power warfare and explore whether it is waxing or waning The main point of departure is that major power war as a historical institution is in decline This does not mean though that wars between states are in general disappearing While there is some convergence in the conclusions by individual authors they are by no means unanimous about the trend The articles explore different causes and correlates of the declining trend in major power warfare including the impact of the international structure nuclear weapons international law multilateral institutions sovereignty and value changes

The Book of Blood Harvey P. Newquist,2012 A thrilling and lively tour of the world of blood from ancient history to modern science to dark and often gruesome legends of vampires and plague this book informs readers about the most important tissue in the body

Warrior Nation Ian McKay,Jamie Swift,2012-05-26 Once

known for peacekeeping Canada is becoming a militarized nation whose apostles the New Warriors are fighting to shift public opinion New Warrior zealots seek to transform postwar Canada's central myth symbols Peaceable kingdom Just society Multicultural tolerance Reasoned public debate Their replacements A warrior nation Authoritarian leadership Permanent political polarization The tales cast a vivid light on a story that is crucial to Canada's future yet they are also compelling history Swashbuckling marauder William Stairs the Royal Military College graduate who helped make the Congo safe for European pillage Vimy Ridge veteran and Second World War general Tommy Burns leader of the UN's first big peacekeeping operation a soldier who would come to call imperialism the monster of the age Governor General John Buchan a concentration camp developer and race theorist who is exalted in the Harper government's new Citizenship Guide And that uniquely Canadian paradox Lester Pearson Warrior Nation is an essential read for those concerned by the relentless effort to conscript Canadian history **Stay Off the Skyline** Laura Homan Lacey, 2005 The story of eighty two days on an island hell

The Historical Foundations of World Order Douglas M. Johnston, 2008 In *The Historical Foundations of World Order* the Tower and the Arena Douglas M Johnston has drawn on a 45 year career as one of the world's most prolific academics in the development of international law and public policy and 5 years of exhaustive research to produce a comprehensive and highly nuanced examination of the historical precursors intellectual developments and philosophical frameworks that have guided the progress of world order through recorded history and across the globe from pre classical antiquity to the present day By illuminating the personalities and identifying the controversies behind the great advancements in international legal thought and weaving this into the context of more conventionally known history Johnston presents a unique understanding of how peoples and nations have sought regularity justice and order across the ages This book will appeal to a wide spectrum of readers from lawyers interested in the historical background of familiar concepts to curriculum developers for law schools and history faculties to general interest readers wanting a wider perspective on the history of civilization Winner 2009 ASIL Certificate of Merit for a Preeminent Contribution to Creative Scholarship **Killing Aguiyi Ironsi** Emeka Don

Odimgbe, 2020-07-14 Nigeria nation is like footprints you saw on a beach in the morning so new that you don't really know who and who came to the beach last night But as the day brightens and the sun rises from the Eastern horizon the sun will shine on the hidden facts and what is hidden becomes known Sometimes whatever we have read sinks into our memory and are foreshortened Some also find it hard to accept when the real truth has surfaced It may later be evoked again and set against a different background with the result that the person who was a victim of well crafted propaganda will eventually know the truth Still the toughest job is to bring him out of his old mental state when he was bombarded with the false information One thing is certain this book is comprehensive and lucid information of how Cain murdered his brothers in cold blood We know that General Cain who murdered his brothers is not himself mentally today He was so involved in every military coup in Nigeria He brought a lot of curses and curses on his children and generation to come Blood symbolizing life

and is the element of God and human is a mortal clone of God There is a high penalty in the shedding of human blood He who spills the human blood by human will his blood be spilled for in the image of God he made the human Gen 9 6 General Cain do you know that the voice of your fellow soldier s blood is crying out to me from the land Don t try to tell me am i my brother s keeper There will be retributive justice if not you your children or family members will pay for it **Animals in the Third Reich** Boria Sax,2000-01-01 This is the first book to explore the paradox of the Nazi cult of animals and the obsession with the annihilation of biologically inferior people Animals in the Third Reich begins by contrasting Jewish Christian and polytheistic traditions relating to animals in Germany and examines the ways that the Nazi movement adopted altered challenged or exploited these traditions This discussion covers several perspectives on the treatment of animals including those of zoologists veterinarians novelists painters sculptors and the general public Adopting and exploiting such traditions the Nazis elaborated their own symbolic system of relating certain animals to supporters and antagonists of the movement Aryan wolves and horses Jewish pigs and apes BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Gender, Race and National Identity** Jackie Hogan,2008-08-18 This book examines links between gender race and national identity by analyzing a range of mass mediated and pop cultural texts in four nations Australia Japan the United Kingdom and the USA *Dying Empire* Francis Shor,2009-12-04 By the 1970s the global hegemony established by an American Empire in the post World War II period faced increasing resistance abroad and contradictions at home Contextualizing that hegemony resistance and contradictions is the focus of *Dying Empire* Presenting a wide ranging synthesis of approaches the book attempts to shed light on the construction of and challenges to the military economic and cultural imperial projects of the United States in the late 20th and early 21st centuries Opposing US imperialism and global domination Francis Shor combines academic and activist perspectives to analyze the crises endemic to empire and to propose a vision for the realization of another more socially just world The text incorporates the most recent critical discussions of US imperialism and globalization from above and below to illuminate the practices and possibilities for global resistance Offering insights into the political and cultural convulsions of recent decades whilst raising profound and compelling questions this book will be of interest to activists students and scholars of American political culture US foreign policy globalization imperialism international relations and social movements **Warfare and Society** Ton Otto, Henrik Thrane, Helle Vandkilde,2006-11-01 This book straddles the disciplines of archaeology and social anthropology Its 25 contributions divided into 6 sections with separate introductions successively scrutinise the concept of war in philosophy social theory and the history of anthropological and archaeological research discuss warfare in pre state and state societies and assess its relationship to rituals social identification and material culture
