Blood Runs Like A River Through My Dreams:

The Blood Runs Like a River Through My Dreams . Nasdijj,2001-09-17 THE BLOOD RUNS LIKE A RIVER THROUGH MY DREAMS transports readers to the majestic landscapes and hard Native American lives of the desert Southwest and into the embrace of a way of looking at the world that seems almost like revelation Born to a storytelling Native mother and a roughneck song singing cowboy father Nasdijj has lived on the jagged edged margins of American society yet hardship and isolation have only brought him greater clarity and a gift for language that is nothing short of breathtaking Nasdijj tells of his adopted son Tommy Nothing Fancy of the young boy s struggle with fetal alcohol syndrome and of their last fishing trip together It is a heartbreaking story written with great power and a diamondlike poetry But whether Nasdijj is telling us about his son about the chaotic alternately harrowing and comical life he led with his own parents or about the vitality and beauty of Native American culture his voice is always one of searching honesty wry humor and a nearly cosmic compassion While Nasdijj struggles with his impossible status as someone of two separate cultures he also remains a contradiction in a larger sense he cares for those who often shun him he teaches hope though he often has none for himself and he comes home to the land he then must leave THE BLOOD RUNS LIKE A RIVER THROUGH MY DREAMS is the memoir of a man who has survived a hard life with grace who has taken the past experience of pain and transformed it into a determination to care for the most vulnerable among us and who has found an almost unspeakable beauty where others would find only sadness This is a book that will touch your soul

Vulnerable Subjects G. Denetdale,2007-06 In this groundbreaking book the first Navajo to earn a doctorate in history seeks to rewrite Navajo history Reared on the Navajo Nation in New Mexico and Arizona Jennifer Nez Denetdale is the great great great granddaughter of a well known Navajo chief Manuelito 1816 1894 and his nearly unknown wife Juanita 1845 1910 Stimulated in part by seeing photographs of these ancestors she began to explore her family history as a way of examining broader issues in Navajo historiography Here she presents a thought provoking examination of the construction of the history of the Navajo people Din in the Navajo language that underlines the dichotomy between Navajo and non Navajo perspectives on the Din past Reclaiming Din History has two primary objectives First Denetdale interrogates histories that privilege Manuelito and marginalize Juanita in order to demonstrate some of the ways that writing about the Din has been biased by non Navajo views of assimilation and gender Second she reveals how Navajo narratives including oral histories and stories kept by matrilineal clans serve as vehicles to convey Navajo beliefs and values By scrutinizing stories about Juanita she both underscores the centrality of women s roles in Navajo society and illustrates how oral tradition has been used to organize social units connect Navajos to the land and interpret the past She argues that these same stories read with an awareness of Navajo creation narratives reveal previously unrecognized Navajo perspectives on the past And she contends that a similarly culture sensitive re viewing of the Din can lead to the production of a Navajo centered history **The Cambridge**

Animal Jonathan Gottschall,2020-06-11 Insightful draws from disparate corners of history and science to celebrate our compulsion to storify everything around us The New York Times Book Review Humans live in landscapes of make believe We spin fantasies We devour novels films and plays Even sporting events and criminal trials unfold as narratives Yet the world of story has remained an undiscovered and unmapped country It s easy to say that humans are wired for story but why In this

delightful original book Jonathan Gottschall offers the first unified theory of storytelling He argues that stories help us navigate life s complex social problems just as flight simulators prepare pilots for difficult situations Storytelling has evolved like other behaviors to ensure our survival Drawing on the latest research in neuroscience psychology and evolutionary biology Gottschall tells us what it means to be a storytelling animal Did you know that the more absorbed you are in a story the more it changes your behavior That all children act out the same kinds of stories whether they grow up in a slum or a suburb That people who read more fiction are more empathetic Of course our story instinct has a darker side It makes us vulnerable to conspiracy theories advertisements and narratives about ourselves that are more truthy than true National myths can also be terribly dangerous Hitler s ambitions were partly fueled by a story But as Gottschall shows stories can also powerfully change the world for the better We know we are master shapers of story The Storytelling Animal finally reveals how stories shape us Lively San Francisco Chronicle Absorbing Minneapolis Star Tribune One of my favorite evolutionary psych writers always insightful and witty Steven Pinker
