The Bloodied Toga William George Hardy, 1979 **Gladiators** Ben Hubbard, 2016-12-15 The Gladiator is an icon of Roman culture of sports economy and of brave and brutal combat This title in the Conquerors and Combatants series reveals the importance of gladiators as cultural heroes enslaved athletes who were vital to the economy and as political actors whose victories and sacrifices both entertained and subdued the Roman population Illustrations photos and artifacts complement details about the gladiators lives fighting styles revolts and political impacts In Gladiators readers discover who gladiators were how they shaped their society and why they remain glorified icons of combat and culture Marius' Mules XV: The Ides of March S.J.A. Weigel, 2002-09-11 Marcus Aemilius Lepidus was a significant force in Roman political religious and military affairs during the late Republic However in most accounts he is dismissed quickly made sport of or bitterly attacked Through a careful examination of Lepidus s career Richard Weigel has shown why many of the sources are hostile and how these have created an inaccurate assessment of Lepidus s role in history Weigel shows that Lepidus was a competent administrator and that he was consistent in serving the Republic s needs as he understood them *Rome's Enemies Within* John S McHugh, 2024-10-30 The greatest danger to Roman emperors was the threat of deadly conspiracies arising among the Senate the imperial court or even their own families All the emperors that reigned from Augustus to the end of the first century AD faced such efforts to overthrow or assassinate them John McHugh uncovers these conspiracies narrating them and seeking to explain them The underlying cause in many cases was the decline in influence patronage and status granted by emperors to the Senatorial class leading some to seek power for themselves or a more generous candidate Attempted assassinations or coups led the emperors to

mistrust the Senate and rely more on freedmen causing more resentment Paranoid emperors often reacted to the merest hint of treason real or imagined with punishments and executions leading more of those around them to consider desperate measures out of self preservation And of course amid this vicious circle of poisonous mistrust there were ambitious family members promoting their own or their offspring s claims to the purple and the duplicitous Praetorian Guard John McHugh brings to light a century of assassination conspiracy and betrayal exploring the motives and aims of the plotters and the bloody cost of success or failure
