## **Bloody Williamson:**

**Bloody Williamson** Paul M. Angle, 1992 In Williamson County some men took to violence almost as a way of life A shocking story well told New Yorker Williamson County in southern Illinois has been the scene of almost unparalleled violence from the Bloody Vendetta between two families in the 1870s through the Herrin Massacre of 1922 Ku Klux Klan activities that ended in fatalities and the gang war of the 1920s between the Charlie Birger and Shelton brothers gangs Paul Angle was fascinated by this more than fifty year history and his account of this violence has become a classic **A Knight of Another Sort** Gary DeNeal, 1998-12-10 Charlie Birger's legacy is that of the most popular and arguably the most violent gangster in southern Illinois during the 1920s A Russian immigrant who first proved his grit on the streets of St Louis as a newsboy Birger later excelled in boxing and breaking horses in the West But the coming of Prohibition to the coal fields of southern Illinois provided the opportunity for Birger to become a key figure in a maelstrom of violence that would shock the country Bolstered by years of research and interviews Gary DeNeal tenders an insightful biography of this controversial character Enhanced by newly discovered photographs and a new chapter the second edition of A Knight of Another Sort brings Birger and his bloody era vividly to life Forgetting and the Forgotten Michael C. Batinski, 2022-01-03 WINNER 2023 Illinois State Historical Society Superior Achievement Award in Books Scholarly Revealing the forgotten in community histories Histories try to forget as this evocative study of one community reveals Forgetting and the Forgotten details the nature of how a community forged its story against outsiders Historian Michael C Batinski explores the habits of forgetting that enable communities to create an identity based on silencing competing narratives The white settlers of Jackson County Illinois shouldered the hopes of a community and believed in the justice of their labor as it echoed the national story The county's pastkeepers or keepers of the past emphasizing the white settlers republican virtue chose not to record violence against Kaskaskia people and African Americans and to disregard the numerous transient laborers Instead of erasing the presence of outsiders the pastkeepers could offer only silence but it was a silence that could be broken Batinski's historiography critically examines local historical thought in a way that illuminates national history What transpired in Jackson County was repeated in countless places throughout the nation At the same time national history writing rarely turns to experiences that can be found in local archives such as court records genealogical files archaeological reports coroner's records and veterans pension files In this archive juxtaposed with the familiar actors of Jackson County history Benningsen Boon John A Logan and Daniel Brush appear the Sky People Italian immigrant workers black veterans of the Civil War and later champions of civil rights whose stories challenge the dominant narrative *Woman from Spillertown* David Thoreau Wieck, 1992 Kathryn Kish Sklar calls this work a major contribution to our historical understanding of the role of women in organizing American miners in the twentieth century Agnes Burns Wieck was a crusading labor organizer an activist known as the Mother Jones of Illinois This first book length biography is a unique portrait of her energy and unremitting dedication

to social justice Wieck organized miners wives and led a movement of Illinois coalfield women She used her talents as a journalist and a public speaker to campaign for a decent standard of living for good schools and working conditions in communities free of corporate domination and for union democracy racial equality and acceptance of women in political life

**The Herrin Massacre of 1922** Greg Bailey,2020-11-10 In 1922 a coal miner strike spread across the United States swallowing the heavily unionized mining town of Herrin Illinois When the owner of the town s local mine hired non union workers to break the strike violent conflict broke out between the strikebreakers and unionized miners who were all heavily armed When strikebreakers surrendered and were promised safe passage home the unionized miners began executing them before large cheering crowds This book tells the cruel truth behind the story that the coal industry tried to suppress and that Herrin wants to forget A thorough account of the massacre and its aftermath this book sets a heartland tragedy against the rise and decline of the coal industry 99 Nooses Kale Meggs,2012-10 Between 1779 and 1896 ninety eight men and one woman were legally executed by hanging in the state of Illinois Some were innocent but most were guilty Includes the story of H H Holmes the most notorious and evil man to ever walk the streets of Chicago *Republicans and Labor* Robert H. Zieger,2014-07-15 At no other time in American history had labor unrest been more evident than the period immediately after World War I Robert H Zeiger here recounts the labor problems that faced the Republican administrations of Presidents Harding and Coolidge massive strikes antiracial hysteria and the hardening of class attitudes throughout the nation and describes the programs and policies of Republican leaders particularly those of Herbert Hoover to solve them Zeiger finds that while suspicion and animosity between the Republicans and the union leaders persisted the rising prosperity of the nation together with the adroit efforts of Hoover and his associates tended to lessen the influence of extremists in both groups Labor reached an accommodation of sorts with the Coolidge administration and when in 1928 Hoover defeated Al Smith the substantial labor vote he received was among the factors that lent stature to his victory Charlie and the Shawneetown Dame Donald Bain,2005 Charlie and the Shawneetown Dame based on a true story recounts one of the most famous turf wars waged during the madness called Prohibition The outsized ambition of Charlie Birger a flamboyant slightly mad Al Capone wannabe brought him from New York to southern Illinois in search of fortune as a bootlegger However Birger soon found that his dream of grandeur faced a few hurdles including the vicious Shelton Brothers and Helen Holbrook a beautiful alcoholic socialite from Shawneetown whose simultaneous affairs with Birger and Carl Shelton fueled a bloody and bizarre gang war Donald Bain vividly captures turbulent Southern Illinois during the Roaring Twenties while deftly chronicling Birger s journey from charismatic leader to beleaguered general in the harsh reality of hand to hand combat and ending with his demise as a dupe to a far cleverer enemy Ultimately done in by the Shawneetown Dame his own inflated ego and by a sly sheriff named Pritchards who conned Birger into jail allowing the area s most famous gangster to bring his sub machine gun into the cell with him Charlie and his story are a fascinating piece of Americana crude violent yet often

**Which Side are You On?** John W. Hevener, 2002 Depression era Harlan County Kentucky was the site of one of the most bitter and protracted labor disputes in American history The decade long conflict between miners and the coal operators who adamantly resisted unionization has been immortalized in folksong by Florence Reece and Aunt Molly Jackson contemplated in prose by Theodore Dreiser and Sherwood Anderson and long been obscured by popular myths and legends John W Hevener separates the fact from the legend in his Weatherford Award winning investigation of Harlan's civil strife now available for the first time in paperback In Which Side Are You On Hevener attributes the violence including the deaths of thirteen union miners to more than just labor conflict viewing Harlan's troubles as sectional economic conflict stemming from the county's rapid industrialization and social disorganization in the preceding decade Detailing the dimensions of unionization and the balance of power spawned by New Deal labor policy after government intervention Which Side Are You On is the definitive analysis of Harlan's bloody decade and a seminal contribution to American labor history

**Bloody Williamson** Paul M. Angle, 2014-10-15 This is a horror story of native American violence It carries a grim lesson for the whole country Political doctrines have played no part in the violence and murder that have brought much ill fame to one corner of Illinois On the map Williamson is just another county But in history it is a place in which a strange disease has raged for more than eighty years a disease marked by a pathological tendency to settle differences by force Fascinated by this Paul M Angle the well known historian set out to discover what really had happened Through enormous research he has been able to reconstruct the whole story in all its horrible scarifying detail Using the best techniques of reportage without editorializing without subjective coloration he has produced a narrative

beyond imagination It begins with the Bloody Vendetta a feud that rampaged in the 1870s It deals with labor s success in organizing coal mines in southern Illinois an affair that twice blew up in violence It covers the Herrin Massacre of 1922 perhaps the most shocking episode in the history of organized labor in this country and the subsequent trials The Ku Klux Klan provides material for four chapters that come to a climax in a fatal duel between the Klan and its opponents And it ends with the story of the gang war between Charlie Birger and the Shelton brothers It is a tale to shake the most phlegmatic reader

**Farm and Factory** Daniel Nelson,1995-12-22 Farm and Factory illuminates the importance of the Midwest in U S labor history America s heartland often overlooked in studies focusing on other regions or particular cities or industries has a distinctive labor history characterized by the sustained simultaneous growth of both agriculture and industry Since the transfer of labor from farm to factory did not occur in the Midwest until after World War II industrialists recruited workers elsewhere especially from Europe and the American South The region s relatively underdeveloped service sector shaped by the presumption that goods were more desirable than service ultimately led to agonizing problems of adjustment as agriculture and industry evolved in the late twentieth century
