interpretation of the book It walks the reader into the four vision halls Patmos symbolic heaven symbolic wilderness and the symbolic high mountain Like a trained tour guide it illuminates the nature and purpose of every symbol and simulation of the things that are and the things that are to come It identifies strategic acts embedded in the visionary simulations as the major communicative devices that the divine author used to evoke the intended reader responses *A Testimony of Jesus Christ - Volume 1* Anthony Charles Garland, 2007 *A Commentary on the Book of Revelation Volume 2* The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides
