**Unabridged Dictionary of the Sensations "as If"**. James William Ward, 1995 **Dining with Milton and Bunyan and other comic verse** Peter Goulding, 2018-01-05 Peter Goulding's fourth or maybe fifth who's counting book of comic verse again delves the murky depths of the poet's imagination. There are still plenty of poems about murdering his wife and disposing of her body, but there are darker poems too: the proliferation of tomatoes on Jupiter, the birth of Princess Charlotte, and his critiques of the counties of Tipperary and Offaly, to name but four. His mind, which to be frank would be put to much better use learning a trade or simply vegetating, is again employed solving many of the world's problems in rhyming couplets, villanelles, and other fiendish weapons of mass destruction. Comes with a cultural health warning. **The Control of Blowing Soils** Edward Elway Free, United States. Dept. of Agriculture, J. M. Westgate, 1910 **Mariners Weather Log**, 1970 [Gravity Ventilation of Underground Shelters](#) J. C. King, 1965 Tests were conducted to determine the suitability of using gravity ventilation as an emergency method of providing air for survival in an underground shelter. The tests consisted

of inducing through a simulated test shelter an airflow caused by a inside outside temperature differentials and b stack heaters in the exhaust duct An additional test was made which involved a device to direct wind into the intake duct It was found that wind blowing over the inlet and exhaust ducts created a negative pressure in the shelter that could not be satisfactorily overcome by the gravity methods used thus minimum ventilation rates could be obtained only when there was no wind blowing In the tests conducted to utilize the wind an NCEL designed air inducer which mounts on the inlet duct provided satisfactory ventilation during normal weather conditions when there was a wind of 6 to 8 miles per hour
