Birdees and the Bracelet of the Five Gods Engy Donia, 2021-10-10 A historical fantasy based on real rulers prophecies spells battles and a real villain whose name was obliterated from the ancient papyruses Death is the end but life goes on And the past shouldn't be messed with Birdees is obsessed with her ancestors history ancient Egyptian history After her mother's tragic death her obsession grows more and more powerful She rejects her ordinary boring life and her mind keeps living within the pages of the history books fascinated by the mystery and magic of the past But she will soon realize that the reason for her obsession is an ancient legacy left for her from thousands of years before A burden she holds in her hand for years unbeknownst to her that will bring her pain suffering and the death of her beloved ones Yet she must protect her legacy with her life It should never fall into the hands of the evil priest Jed Didy but must be passed to the rightful owners for the sake of survival **Ancient Mesopotamian Materials and Industries** Peter Roger Stuart Moorey, 1999 This is the first systematic attempt to survey in detail the archaeological evidence for the crafts and craftsmanship of the Sumerians Babylonians and Assyrians in ancient Mesopotamia covering the period ca 8000-300 B C E As creators of some of the earliest farming and urban communities known to us these people were among the first pioneers of many crafts and skills that remain fundamental to modern ways of life Many of the raw materials for crafts had to be imported from outside the river valley of the Tigris and Euphrates providing an unusually sensitive indicator of the commercial and cultural contacts of Mesopotamia In this book Dr Moorey reviews briefly the textual evidence and then goes on to examine in detail the material evidence for a wide range of crafts using stones both common and ornamental animal products from hippopotamus ivory to ostrich egg

shells ceramics glazed materials and glass metals and building materials With a comprehensive bibliography this will be a key work of reference for archaeologists and those interested in the early history of crafts and technology as well as for specialist historians of the ancient Near East *Mesopotamia* Don Nardo, 2013 The peoples of ancient Mesopotamia oversaw one of the major cradles of human civilization The world's first cities and empires grew on the plains of what is now Iraq Some of the world's first farmers worked land in what historians call the Fertile Crescent *The Message//REMIX*, 2014-08-29 Aha moments await you Open up the REMIX and find them for yourself The Message REMIX presents the Bible in stirring clarity bringing its deep truths into focus for first time and long time readers alike Unlike any other Bible the REMIX's unique design reveals that what's inside is something special Surprising readers with its vivid language The Message compels readers to pause reflect and recognize their own lives from a new perspective God's perspective Don't let your Scripture reading settle into a sleepy routine Experience the power of God's voice in the language of today Come and delight in the passion and personality that fill God's Word *Babylon* Charles River Editors, 2025-05-02 The ancient world was full of many fantastic cities and places and like today's major cities the great ancient cities were hubs of trade religion and science Writing was first invented in ancient cities and many important scientific discoveries were also made in them some of which are still used in the modern world Among the many cities of the ancient world Rome and Athens may come to mind first but the city of Babylon in the land of Mesopotamia was already an ancient venerated city when the others were still inconsequential settlements Today Babylon has become a byword for greed excess and licentiousness mostly due to its mention in the Bible but a closer examination reveals that Babylon was so much more and even perhaps the most important city in the ancient world Ancient Babylon was home to great dynasties that produced some of the world's most influential leaders most notably Hammurabi and Nebuchadnezzar and these rulers invoked their wills on the entire ancient Near East and have been remembered as both progressive and cruel all at the same time Babylon was also the seat of culture in ancient Mesopotamia and the place where scholars made amazing scientific advances that would not be eclipsed for several centuries An examination of ancient Babylon demonstrates that it was truly the first great city in the ancient world Of course the sheer span of history between Babylon's power and today has produced plenty of historical questions and controversy One of the things people most closely associate Babylon with is the Hanging Gardens which like the Great Pyramid of Giza were considered both a technological marvel and an aesthetic masterpiece Ancient historians believed that the Hanging Gardens were constructed around the 7th century B.C. after the second rise of Babylon which would make them the second oldest of the Seven Wonders of the Ancient World and they were reputedly created by the biblical Nebuchadnezzar II the king who conquered Judea to please his homesick wife after the model of Egyptian pleasure gardens However in 1993 British Assyriologist Stephanie Dalley proposed a theory that the Hanging Gardens were ordered built by the Assyrian King Sennacherib a century earlier for his giant palace at Nineveh instead She believed that the two sites were easily confused by

ancient sources resulting in the Gardens being incorrectly located in Babylon a century later Babylon was also instrumental in the development of the region's religions Ancient Mesopotamian religion continues to captivate people for many of the same reasons today's best known religions and their histories fascinate people The religion practiced by the Ancient Mesopotamians provides a certain mix between the mundane and the surreal and at the same time aspects of it are both familiar and bizarre to people today Some find themselves drawn to it based on its preeminent position in religious history as the oldest documented religion in the world Others become fascinated with the close connections between some of the Mesopotamian religious texts which include a flood story a creation story and a story of the righteous sufferer and their parallels in the Hebrew Bible Today the Ancient Mesopotamians and their religion are a source of curiosity but thousands of years ago the religion was an integral part of their lives From their birth to their death deities surrounded them and whether their social interactions were on the level of a smaller city or that of a larger nation state deities played key roles in the social fabric of their society In fact the people and religion were so intertwined that a study of Ancient Mesopotamian religion is a study of Ancient Mesopotamian culture The Literary Review ,1989 **Just Go** Drew Binsky,2024-05-21 USA TODAY BESTSELLER Popular travel YouTuber and content creator Drew Binsky who has visited every single country walks readers through the most amazing places in the world and shares everything you need to know to go anywhere you want In 2021 Drew Binsky completed his 10 year journey to travel to every country in the world all 197 of them Now for the first time Drew reveals his craziest stories and best moments even from places the UN deems the most dangerous like Afghanistan Somalia Syria and Yemen As you'll discover with Drew as your guide the world is more accessible than you think and no matter where we're from people around the globe have more in common with us than differences Just Go offers readers the adventure of a lifetime presenting not only the tricks Drew himself used in his trips but also the best kept secrets from every corner of the world Just Go is equally a practical handbook for globetrotters and aspiring travelers as it is an intimate and heartwarming celebration of people and cultures all over In this fun and friendly guide Drew will show you how to Obtain visas for obscure destinations Make fast friends with trustworthy locals Find and enjoy street food like a pro Navigate language barriers Have the greatest adventure of your life As one of the few people who traveled the globe in 2020 Drew witnessed and recorded the pandemic response in countries everywhere and realized how crucial it is for the world to reconnect In Just Go filled with photos stories and tips Drew has never before shared you'll find the toolkit and the inspiration to do just that get out there and go wherever you want
