

BLUE TROUT AND BLACK TRUFFLES

The Peregrinations of an Epicure

This is a wonderfully entertaining and informative book about the art of dining and wining as Mr. Wechsberg, himself a past master of the art, has practiced it in the greatest of Europe's gastronomic sancta sanctorum. In its own very engaging way, it is also a kind of gustatory autobiography, packed with delightful reminiscences of the world of fine food and good wine which reach back to the twilight days of the Habsburg monarchy, when those splendid monuments to the *haute cuisine* in central Europe, Meisel and Schohn of Vienna and Gundel's of Budapest, were in their prime. (At Meisel and Schohn twenty-four varieties of boiled beef—a great delicacy to those in the know—could be ordered, and in Vienna a person who couldn't talk learnedly about at least a dozen different cuts of boiled beef didn't belong, no matter how much money he had made or what titles had been conferred on him by the Kaiser.)

(continued from front flap)

There were, and still are, great restaurants all over Europe, but the greatest part of *Blue Trout and Black Truffles* is devoted to the eating-places and vineyards of France. It is a vicarious experience less enjoyable only than the real thing to read in the pages of the book of the culinary wonders of M. Fernand Point, whose Restaurant de la Pyramide Mr. Wechsberg calls "the greatest this side of heaven," of M. Topolinski's *Lapinot* in Paris and M. Dumas's *Hôtel de la Cité d'Or* in Savoy, and of a dozen other notable establishments that have become the last epicurean havens in this materialistic, mechanized world of canned luncheons and quick-frozen dinners. Indeed, almost every chapter in this heart-and-stomach-warming book takes the reader to a place that is, in the well-tempered words of the *Guide Michelin*, "worth a special journey"—a place where he can savor the food and the wine, and also the wise and urbane words of the vanishing species of great chefs who are still carrying on the noble traditions of *la grande cuisine* and the great art of graceful living.

Blue Trout and Black Truffles Joseph Wechsberg, 2005-08-30 There were and still are great restaurants all over Europe but the greater part of Blue Trout and Black Truffles is devoted to the eating places and vineyards of France It is a vicarious experience to read about the culinary wonders of the notable establishments of another era that have become the last epicurean haven in this materialistic mechanized world of fast food chains and frozen food dinners Mr Wechsberg reaches back to the twilight days of the Habsburg monarchy when those splendid monuments to the haute cuisine in central Europe Meissl and Schladnig of Vienna and Gundel's of Budapest were in their prime *Savoring Gotham* Andrew F. Smith, 2015 *Savoring Gotham* traces the rise of New York City's global culinary stardom in 570 accessible yet well researched A-Z entries From the Native Americans who arrived in the area 5 000 years before New York was New York and who planted the maize squash and beans that European and other settlers to the New World embraced centuries later to Greek diners in the city that are arguably not diners at all this is the first A-Z reference work to take a broad and historically informed approach to NYC food and drink **The Oxford Encyclopedia of Food and Drink in America** Andrew Smith, 2013-01-31 Home cooks and gourmets chefs and restaurateurs epicures and simple food lovers of all stripes will delight in this smorgasbord of the history and culture of food and drink Professor of Culinary History Andrew Smith and nearly 200 authors bring together in 770 entries the scholarship on wide ranging topics from airline and funeral food to fad diets and fast food drinks like lemonade Kool Aid and Tang foodstuffs like Jell O Twinkies and Spam and Dagwood hoagie and Sloppy Joe sandwiches

Miloslav Rechcigl Jr., 2018-05-02 This book features a panorama of the lives of selected personalities whose roots had origin in the Czech lands and who in the US reached extraordinary success and who with their activities substantially influenced the growth and development of their new homeland It is a saga of plain as well as powerful people whose influence and importance often exceeded the borders of the US A great portion of included individuals may be unknown to readers since it concerns persons whose Czech origin was usually not known The book covers the total period from the times of the discovery of New World to the end of the twentieth century During the selection little concern was given to nationalistic or ethnographic criteria the only prerequisite was that the respected individuals were either born on the territory of the Czech lands or were descendants of emigrants from the Czech lands The image on the front cover is a portrait of Augustine Herman Lord of Bohemia Manor the first documented Czech immigrant in the United States The portrait comes from his famous Map of Maryland and Virginia dated 1670 The colorful story of his life would be unbelievable if made into a movie Pioneer merchant explorer surveyor map maker patriot rebel diplomat and finally Lord Read more about him in the book **Dishing It Out** Robert Appelbaum, 2023-08-01 From the hamburger haven to the temple of gastronomy the restaurant is a fixture of

modern life But why is that so What needs has the restaurant come to satisfy and what needs has it come to impose upon the experience of the modern world In *Dishing It Out* Robert Appelbaum travels around America and Europe and through the annals of literature and history to explore the social meaning of the restaurant and to discover what we ought to be asking of the restaurant experience today Since its founding in pre Revolutionary France the restaurant has always inspired contradictory feelings and served contradictory purposes It has stood for a kind of liberation the embrace of pleasure and sociability for their own sake But it has also encouraged narcissistic consumerism at the cost of the exploitation of restaurant workers and the self deception of restaurant goers Drawing on the work of such writers as Grimod de la Reyni re Jean Paul Sartre Isak Dinesen and M F K Fisher and sampling fare from macaroni cheese in workaday London to oysters and sausages in seaside France Appelbaum argues that though restaurants are inherently problematic as social institutions they are characteristic of who and what we are They are expressions of what we need as human beings And for that reason though they contribute to inequality they can also be used to promote the interests of cultural democracy A unique rethinking of the restaurant experience at once entertaining and learned *Dishing it Out* is an important contribution to our knowledge of food literature history and society Wine and Food ,1954 **Von Franzos zu Canetti** Mark H.
