learn more about these processes and their outcomes With the use of a novel definition of competition more fundamental questions can be addressed than merely whether or not competition works How is competition constructed and by whom Which institutional and organizational foundations need to be considered Which behaviours result from competition What are its consequences Can competition be removed And how do these factors vary with the object of competition be it money attention status or other scarce and desired objects The chapters in the book investigate these and more questions in studies of competition among and within schools universities multinational corporations auditors waste disposal firms and fashion designers and users The chapters are written by scholars from several social science fields management organization studies sociology anthropology and education Publisher s website
