

Blue Whale Worlds Largest Mammal

Christian G. Meyer

Blue Whale Worlds Largest Mammal:

The Blue Whale Joy Paige, 2002 Describes the characteristics and habitat of the blue whale Blue Whale Molly Smith, 2007-01-01 Describes blue whales discussing where and how they live and their size important body parts method of communication diet and babies *Wild Blue* Dan Bortolotti, 2009-02-07 The blue whale is the largest creature that has ever lived far heavier than even the most burly dinosaur A big female can outweigh every player in the National Hockey League and Major League Baseball combined Its mouth can gulp more than 50 000 litres of seawater A newborn can be seven metres long and gain 18 000 kilograms in four months about four kilos per hour But the largest of all animals is also one of the least understood A hundred years ago whalers learned just enough to find them chase them down and blast them with grenade tipped harpoons Whalers in the Antarctic killed some 330 000 blues in just 60 years less than the lifespan of an individual whale The most majestic animals in the ocean were almost wiped out so humans could render them into margarine and soap When the killing stopped in the late 1960s there were so few blue whales left that most people believed extinction was a certainty In the years that followed however humanity s relationship with the species changed completely Perhaps more than any single animal writes one conservationist the blue whale stimulated the resurgence of public interest in ecology Now four decades later scientists have learned an enormous amount about these whales They can identify individuals through photographs and biopsies They attach instruments to the whales bodies to study behaviour that was once a complete mystery how they dive how they feed and where they migrate Underwater microphones listen in on the whales haunting low frequency calls the most powerful sounds made by any animal Researchers have answered many questions but the blue whale does not give up its secrets easily Equal parts history and science *Wild Blue* is the first comprehensive portrait of the blue whale a journey into the world of an animal that went to hell and is slowly making its way back Amazing Animals: World Record Wildlife: Adding and Subtracting Fractions 6-Pack, 2018-01-02 Three cheers for the champions of the animal kingdom These are the largest smallest smartest and sneakiest creatures in the world From the tiny bumblebee bat to the massive saltwater crocodile these unique animals deserve a round of applause for breaking records for size and speed By integrating math and literacy skills this 6 Pack of math readers makes learning fractions fun and easy as students are engaged in reading about amazing animals With detailed images clear diagrams easy to read text and real world examples of problem solving this informational text will teach students to apply math to their everyday lives Text features include a table of contents glossary index and captions to build critical literacy skills and academic vocabulary The challenging Problem Solving section and Lets Explore Math sidebars provide numerous opportunities for students to practice their developing math skills The DOK leveled Math Talk section includes questions that facilitate mathematical discourse Aligned to Common Core State Standards TESOL WIDA and other standards this high interest title will engage grade 5 students in learning This 6 Pack includes six copies of this title and a lesson plan **Amazing Animals: World Record Wildlife** Elise

Wallace,2018-01-02 This text integrates math and literacy skills and uses real world examples to help grade 5 students explore math in a meaningful way Students will learn to add and subtract fractions while engaged in reading about record breaking animals Guinness World Records 2016 Guinness World Records,2015-09-10 The world s best selling annual is back and bursting with thousands of amazing new records never before seen images and mind boggling trivia And as always we have a few more surprises in store for you As well as all your favorite records for talented pets superhuman achievements big stuff and extreme vehicles you ll find show stopping superlatives from brand new categories Topics making their GWR debut include waterfalls twins ballooning apps lightning manga archaeology drones and pirates and that s just for starters So get ready for your yearly dose of mind blowing feats and wonders in Guinness World Records 2016 the global authority on record breaking **Guinness World Records 2025: The Year's Most Extraordinary Achievements** Janna Shannon, Prepare to be awed and amazed by the latest edition of Guinness World Records 2025 This captivating compendium unveils the most extraordinary achievements thrilling feats and bizarre wonders that have defined the past year From awe inspiring feats of human endurance to mind boggling scientific breakthroughs the book showcases a breathtaking array of accomplishments You ll encounter the fastest runners the highest jumpers the most prolific artists and the most innovative inventors Discover the secrets behind their extraordinary journeys and witness the limits of human potential being pushed to the edge Beyond the physical realm Guinness World Records 2025 delves into the realms of culture entertainment and natural phenomena Explore the most popular films albums and video games marvel at architectural marvels and witness the wonders of the animal kingdom Whether you re a curious seeker of knowledge a trivia enthusiast or simply seeking inspiration this book has something for everyone Its pages are filled with fascinating insights entertaining anecdotes and breathtaking imagery that will keep you engaged from cover to cover Prepare yourself to be astonished and amazed as you uncover the extraordinary feats and achievements that have shaped the past year in Guinness World Records 2025

Mammals Rose Inerra,2010-01-01 Students will love learning that they re not the only fascinating mammals in the world This book takes a fun and informative look at a wide range of warm blooded animals including spiky echidnas sleepy koalas and hopping kangaroos Fun fact boxes support the engaging text and vibrant photographs **Blue Whales** Taylor Fenmore,2024-01-01 Blue whales are the largest mammals in the world But how do they get so big Follow the lives of blue whales and discover how they breathe and communicate what they eat and more **Mammals** Laura Purdie Salas,2009-07 Learn about mammals and how to identify them Endangered Blue Whales Chris Reiter,Jane Katirgis,2015-07-15 It is hard to imagine that these creatures as big as trucks could be vulnerable But the giants of the sea are endangered What is their biggest threat What is being done to save them Learn about blue whales and how to help the largest animal on the planet

Daily Warm-Ups: Nonfiction Reading Grd 6 Robert W. Smith,2011-03 Quick easy effective activities support standards and help students improve skills they need for success in testing *Amazing Facts About Mammals, Grades 5 - 8*
