Bonaventura The Minds Road To God:

The Mind's Road to God St. Bonaventure, Wyatt North, 2020-01-08 The Mind's Road to God is a classic but somewhat undiscovered piece of medieval Christian philosophy In it St Bonaventure discusses the meaning of St Francis of Assisi's visions in which he received the wounds of Christ **The Mind's Road to God** Saint Bonaventure (Cardinal), 1953 *The Mind's Road to God* Saint Bonaventure, James E. E. Translated, with an Introd., by George Boas** Saint Bonaventure (Cardinal), 1953 The Destruction of Jerusalem, or Titus and Vespasian Kara L. McShane, Mark J. B. Wright, 2021-10-29 Within the English fall of Jerusalem tradition nearly all scholarly attention has gone to Siege of Jerusalem which has enjoyed critical and pedagogical attention of late Michael Livingston's 2004 edition with the Middle English Texts Series MIP drew attention to the text and Adrienne Williams Boyarin has recently published a new translation with Broadview Press that appears in the Broadview Anthology of British Literature's medieval volume and as a stand alone volume With this edition of the Destruction of Jerusalem we hope to bring the poem which is extant in more copies than Siege into the conversation METS MIP is precisely the right series and press to publish Destruction The work would complement METS volumes such as The King of Tars Richard Coeur de Lion and Crusades romances such as Three Middle English Charlemagne Romances Indeed given METS's broad offerings in Middle English romance the series is a natural home for Destruction Destruction would be of tremendous value particularly in courses focused on Crusades

Fanous, Vincent Gillespie, 2011-05-12 The widespread view that mystical activity in the Middle Ages was a rarefied enterprise of a privileged spiritual elite has led to isolation of the medieval mystics into a separate narrowly defined category Taking the opposite view this book shows how individual mystical experience such as those recorded by Julian of Norwich and Margery Kempe is rooted in nourished and framed by the richly distinctive spiritual contexts of the period Arranged by sections corresponding to historical developments it explores the primary vernacular texts their authors and the contexts that formed the expression and exploration of mystical experiences in medieval England This is an excellent insightful introduction to medieval English mystical texts their authors readers and communities Featuring a guide to further reading and a chronology the Companion offers an accessible overview for students of literature history and theology Modality, Logical Probability, and the Trinity

Vlastimil Vohánka, 2022-10-18 This book in the epistemology of religion discusses a wide spectrum of sources in analytic scholastic and apologetic philosophy and theology in order to argue non deductively for the following thesis Apart from religious experience it cannot be evident in a defined sense of psychological impossibility that the Trinity doctrine is logically possible Hence this conclusion is drawn deductively Apart from religious experience it cannot be evident that Christianity or the Trinity doctrine have non minimal logical probability As the author points out however they still may be justified well argued plausibly logically probable and probable in other than the logical sense The book will be of interest to philosophers of religion analytic theologians and researchers in analytic scholasticism **Circles and the Cross**

Loren Wilkinson, 2023-08-21 Circles and the Cross is an invitation to explore two mysteries One is the miracle of the cosmos why is there something and not nothing The other is the miracle of consciousness why should this collection of stardust be an I and not just an it Our basic response to those mysteries is wonder and from wonder have grown the three great trees of human culture religion art and science This exploration is undertaken in the light of a third mystery the cross of Christ is the clearest picture we have of the triune Creator of both cosmos and consciousness That self emptying of the Creator out of love for the creation helps us understand the pleasures paradoxes and pains of science it helps us understand how evolution can be another name for creation it casts light on the Enlightenment and Romanticism In particular it illuminates the environmental movement an ethic in search of a religion Loren Wilkinson drawing on fifty years of teaching and writing about our relationship to creation invites you to join this journey into understanding how the cross of Christ sheds light on the mysteries that surround us and gives us hope in a difficult age **Neoplatonism and Contemporary Thought**

R. Baine Harris, 2002-01-01 Leading scholars relate Neoplatonism to contemporary social theory aesthetics and spirituality

The Catholicity of Reason D. C. Schindler, 2013-08-11 *The Catholicity of Reason* explains the grandeur of reason the recollection of which Benedict XVI has presented as one of the primary tasks in Christian engagement with the contemporary

world While postmodern thinkers religious and secular alike have generally sought to respond to the hubris of Western thought by humbling our presumptuous claims to knowledge D C Schindler shows in this book that only a robust confidence in reason can allow us to remain genuinely open both to God and to the deep mystery of things Drawing from both contemporary and classical theologians and philosophers Schindler explores the basic philosophical questions concerning truth knowledge and being and proposes a new model for thinking about the relationship between faith and reason The reflections brought together in this book bring forth a dramatic conception of human knowing that both strengthens our trust in reason and opens our mind in faith
