A Topsy-Turvy World Wilt L. Idema,Wai-ye Li,Stephen H. West,2023-10-10 Playwriting in many forms flourished during the late Ming and early Qing dynasties Shorter theatrical genres in particular offered playwrights opportunities for experimentation with both dramatic form and social critique Despite their originality and wit these short plays have been overshadowed by the lengthy masterpieces of the southern drama tradition A Topsy Turvy World presents English translations of shorter sixteenth to eighteenth century plays spotlighting a lesser known side of Chinese drama Satirical and often earthy these mostly one act plays depict deceit dissembling reversed gender roles and sudden upending of fortunes With zest and humor they portray henpecked husbands supercilious and lustful monks all too human sage kings disgruntled officials and overreaching young scholars These plays provide a glimpse of Chinese daily life and mores even as they question or subvert the boundaries of social moral and political order Each translation is preceded by a short introduction that describes the play s author context formal qualities and textual history A Topsy Turvy World offers a new view of a significant period in the development of the Chinese theatrical tradition and provides insight into the role of drama as cultural critique

A Maritime Vietnam Tana Li,2024-02 Powerful new history of Vietnam over two millennia arguing that key political changes resulted from the impact of the sea     *Miraculous Stories from the Japanese Buddhist Tradition* Kyoko Motomuchi Nakamura,2013-09-13 This is the first collection of Buddhist legends in Japan and these stories form the repertoire of miraculous events and moral examples that later Buddhist priests used for preaching to the people As Kyokai describes his own intentions By editing these stories of miraculous events I want to pull the people forward by the ears offer my hand to lead them to good and show them how to cleanse their feet of evil p 222 Nakamura s book is actually two works in one first an introduction to the Nihon ryoiki and then an annotated translation The introduction analyzes the life of the author and the influence of earlier writings and provides a valuable synthesis of the world view reflected in the work The annotated translation renders the more than one hundred stories into English narrative with copious notes Difficult terms are identified in the text with the original Chinese characters while historical matters and Buddhist technical terms are explained in the footnotes     *GRADIVA JOURNAL OF CONTEMPORARY THEORY AND PRACTICE* ,2000     *Vajra Bodhi Sea* ,2001     **The Encyclopedia of Eastern Philosophy and Religion** Gert Woerner,Stephan Schuhmacher,1994-05-10 With more than four thousand entries and over one hundred illustrations this encyclopedia offers a complete survey of the four major religious traditions of Asia It is designed not only for students and scholars but also to help general readers find their way through the thicket of unfamiliar words and concepts that are often encountered today in various fields such as the health professions psychotherapy the sciences and the media Among the subjects covered are Important terms such as chakra karma koan nirvana tantra Tao and yin yang The lives and teachings of mystics philosophers and masters of meditation Basic texts and scriptures Sects and schools of thought Mythological figures and events In addition pronunciation tables a comprehensive

bibliography and a Ch'an Zen Lineage Chart are provided      [The Zen Manifesto: Freedom From Oneself](#) Osho,2023-03-17 It is time ripe time for a Zen manifesto The Western intelligentsia have become acquainted with Zen have also fallen in love with Zen but they are still trying to approach Zen from the mind They have not yet come to the understanding that Zen has nothing to do with mind Its tremendous job is to get you out of the prison of mind It is not an intellectual philosophy it is not a philosophy at all Nor is it a religion because it has no fictions and no lies no consolations It is a lion's roar And the greatest thing that Zen has brought into the world is freedom from oneself All the religions have been talking about dropping your ego but it is a very weird phenomenon they want you to drop your ego and the ego is just a shadow of God God is the ego of the universe and the ego is your personality Just as God is the very center of existence according to religions your ego is the center of your mind of your personality They have all been talking about dropping the ego but it cannot be dropped unless God is dropped You cannot drop a shadow or a reflection unless the source of its manifestation is destroyed

**The Finger and the Moon** Alejandro Jodorowsky,2016-10-10 Jodo's interpretations of the stories and koans of Zen master Ejo Takata Offers more than 60 Zen teaching tales initiatory stories koans and haikus for self realization and spiritual awakening Each story or koan is accompanied by the author's lucid and penetrating commentary blending the same burlesque slapstick and sublime insight that characterize his films Explains how one must see beyond the words of the story to grasp the spiritual insights they contain Before he became the film maker and graphic novel author known throughout the world today Alejandro Jodorowsky studied with Zen master Ejo Takata in Mexico City In The Finger and the Moon Jodorowsky recounts how he became Takata's student and offers his interpretations of the teaching tales initiatory stories koans and enigmatic haikus he learned at the feet of his great and humble teacher Blending the same burlesque slapstick and sublime insight that characterize his films such as El Topo and The Holy Mountain each story is accompanied by the author's lucid and penetrating commentary as well as insights from ancient Zen teachers Yet their most significant gift to the reader is the sudden shock of realization they impart that can lead to spiritual awakening Jodorowsky notes that most people are incapable of self realization because of their fear of the void within an emptiness they seek to fill with noise and chatter He shows that Zen teachings can be compared to a finger pointing at the moon directing you to awaken to your true nature the Buddha within The danger lies in mistaking the pointing finger for the moon mistaking the words for the essential enlightenment which can only be grasped once words have been surpassed Unlike most tales these stories are intended to evoke silent illumination as true awakening and self realization cannot occur until the mind has been stilled

**Wondrous Ocean of Eloquence** Taklungpa Ngawang Namgyel,2025-05-20 A comprehensive history of the Taklung Kagyu lineage of Tibetan Buddhism composed in the seventeenth century and includes glossy color images of recently discovered twelfth century portraits and inscriptions This is the first ever English translation of a multilayered and comprehensive historiographical volume on the political artistic architectural biographical and mystical dimensions of the Taklung one of four primary

subsects of the Kagyu lineage of Tibetan Buddhism. The bulk of the volume is a translation of an early seventeenth century Tibetan history by Taklung Ngawang Namgyel and includes supplements to that history written in the eighteenth nineteenth and twentieth centuries. Centering an otherwise marginal and understudied Buddhist tradition this volume contains an extraordinary wealth of historical religious and biographical information not found in any other published work. It is a complex tale of Tibetan religiopolitical maneuvering in the face of centuries of civil unrest and armed conflict with Central Asian warring dynasties. While detailing the abbatial succession of the tradition's two main monastic seats Taklung and Riwoche Monasteries it is also broad and vast in scale going back to sixth century BCE India to include early Indian Buddhist canon formulation moving then to narratives on the Tibetan Kagyu lineage holders Marpa Milarepa Gampopa to the twelfth century founding of the Taklung sect in Tibet and then all the way through to the early twentieth century which saw Tibet's first modern military and cultural conflicts both within the country and with Chinese Mongol and Gorkha forces. An introductory essay by art historian Jane Casey on painting in the Taklung tradition includes her scholarly analysis of the dating and provenance of thirteenth century portraits and inscriptions only discovered in recent decades. Glossy color images of these paintings are included in the volume. Shambhala Publications gratefully acknowledges the generous support of Robert H N Ho and John Eskenazi in sponsoring the translation and the Tsadra Foundation in sponsoring the preparation and printing of this book.
