**Bones of the Master** George L. Crane,2000      *Bones of the Master* George L. Crane,Tsung (Tsai.),2000 Bones of the Master is a spiritual adventure story played out against the epic sweep of Chinese history that will give readers a rare and privileged glimpse into a lost mystical tradition It charts two parallel journeys two searches two eras The story begins in Inner Mongolia in 1959 it recounts a young monk s near miraculous escape from the Red Guards who destroyed his monastery and murdered his fellow monks He fled over three thousand miles to Hong Kong carrying with him only five books of poetry and his monk s certificate both of which would have meant certain death had they been discovered His mission was to escape the Cultural Revolution and carry on the teachings of his Ch an Buddhist master Shuih Deng who was too old to leave with his disciples The second journey takes place more than thirty five years later as Tsung Tsai now an old master himself leaves his cabin in Woodstock New York to travel with his friend George Crane back to Mongolia in search of the bones of his master to rebury Shuih Deng with the proper Buddhist ceremonies and to lay the foundation of a new monastery in a China that is rediscovering its spiritual roots Tsung Tsai says I am a Chinese Buddhist monk That is enough But he can be seen as much more than that he is one of those rare individuals whose life straddles two worlds the past and the present the East and the West the old China and the new He is a living link to a millennia old tradition that forty years of Maoist repression almost extinguished **Bones of the Master** is his unique story      **Bones of the Master** George

Crane,2001-05-29 In 1959 a young monk named Tsung Tsai Ancestor Wisdom escapes the Red Army troops that destroy his monastery and flees alone three thousand miles across a China swept by chaos and famine Knowing his fellow monks are dead himself starving and hunted he is sustained by his mission to carry on the teachings of his Buddhist meditation master who was too old to leave with his disciple Nearly forty years later Tsung Tsai now an old master himself persuades his American neighbor maverick poet George Crane to travel with him back to his birthplace at the edge of the Gobi Desert They are unlikely companions Crane seeks freedom adventure sensation Tsung Tsai is determined to find his master s grave and plant the seeds of a spiritual renewal in China As their search culminates in a torturous climb to a remote mountain cave it becomes clear that this seemingly quixotic quest may cost both men s lives      *Tricycle* ,2006      *The Library Journal* ,2000 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately      **Arts & Humanities Citation Index** ,2000

**Library Journal** ,2000      *Power of Place* James Robson,2020-03-17 Throughout Chinese history mountains have been integral components of the religious landscape They have been considered divine or numinous sites the abodes of deities the preferred locations for temples and monasteries and destinations for pilgrims Early in Chinese history a set of five mountains were co opted into the imperial cult and declared sacred peaks yue demarcating and protecting the boundaries of the Chinese imperium The Southern Sacred Peak or Nanyue is of interest to scholars not the least because the title has been

awarded to several different mountains over the years The dynamic nature of Nanyue raises a significant theoretical issue of the mobility of sacred space and the nature of the struggles involved in such moves Another facet of Nanyue is the multiple meanings assigned to this place political religious and cultural Of particular interest is the negotiation of this space by Daoists and Buddhists The history of their interaction leads to questions about the nature of the divisions between these two religious traditions James Robson s analysis of these topics demonstrates the value of local studies and the emerging field of Buddhio Daoist studies in research on Chinese religion
