Library, 1989 **Art and Love in Renaissance Italy** Metropolitan Museum of Art (New York, N.Y.), Kimbell Art Museum, 2008 Many famous artworks of the Italian Renaissance were made to celebrate love marriage and family They were the pinnacles of a tradition dating from early in the era of commemorating betrothals marriages and the birth of children by commissioning extraordinary objects maiolica glassware jewels textiles paintings that were often also exchanged as gifts This volume is the first comprehensive survey of artworks arising from Renaissance rituals of love and marriage and makes a major contribution to our understanding of Renaissance art in its broader cultural context The impressive range of works gathered in these pages extends from birth trays painted in the early fifteenth century to large canvases on mythological themes that Titian painted in the mid 1500s Each work of art would have been recognized by contemporary viewers for its prescribed function within the private domestic domain **BOOK JACKET** **Dead Man's Curve** Mark A. Moore, 2021-08-16 Jan Berry leader of the music duo Jan Dean from the late 1950s to mid 1960s was an intense character who experienced more in his first 25 years than many do in a lifetime As an architect of the West Coast sound he was one of rock n roll s original rebels brilliant charismatic reckless and flawed As a songwriter music arranger and record producer for Nevin Kirshner Associates and Screen Gems Columbia Music Berry was one of the pioneering self produced artists of his era in Hollywood He lived a dual life reaching the top of the charts with Jan Dean while transitioning from college student to medical student until an automobile accident in 1966 changed his trajectory forever Suffering from brain damage and partial paralysis Jan spent the rest of his life trying to come back from Dead Man s Curve His story is told here in depth for the first time based on extensive primary source documentation and supplemented by the stories and memories of Jan s family members friends music industry colleagues and contemporaries From the birth of rock to the bitter end Berry s life story is thrilling humorous unsettling and disturbing yet ultimately uplifting *General Catalogue of Printed Books* British Museum. Department of Printed Books, 1979 **Mirrors** Belinda Loftus, 1994 Banners flags drums sashes lilies arches bonfires the symbols of Northern Ireland s two main political traditions are generally seen as a backdrop or a marginal illustration to the present troubles The comprehensively illustrated book is the first to draw together their various histories and look at them as a whole What it reveals is not only slice of Northern Ireland s past but the continuing political role of two constantly evolving visual languages orange and green Back cover *From Fascination to Folly: A Troubled History of Collecting since the 1600s* Charles Merewether, 2024-12-25 This book explores the interplay of Western European exploration and trade with collecting cabinets of curiosities and museums and with the role of booty and plunder in the building of empires from ca 1600 until the end of the 19th century The book focuses principally on the Dutch English Spanish French and Italian at different times of their colonial power over the course of these 300 years The achievements of

exploration and trade provide the basis for these countries and both the state and individuals to build collections and museums This involved governments to legitimize the pursuit of booty and subsequently looting whether by themselves members of the ruling class or privateers Throughout much of this period there those who stood up and challenged such practices passing laws to criminalize curtail or contain these activities By the late 18th century these parallel but disparate activities converged It was era of Napoleon and his imperial ambitions that drew these disparate activities together with his support of intellectual inquiry alongside military plunder and collecting This served as a symbol of imperial power of the French empire that alongside England and Italy exploited the wealth and riches of Egypt India and China Serials Catalog: Titles A-Z Iowa State University. Library,1979 **Contemporary Canadian Composers** Keith Campbell MacMillan,John Beckwith,1975 **Bronzes of the American West** Patricia Janis Broder,1974 In Pursuit of Beauty Metropolitan Museum of Art (New York, N.Y.),1986 This project is the first comprehensive study of a phenomenon that not only dominated the American arts of the 1870s and 1880s but also helped set the course of such later developments in the United States as the Arts and Crafts movement the indigenous interpretation of Art Nouveau and even the rise of modernism In fact the early history of the Metropolitan its founding its sponsorship of a school of industrial design and its display of decorative works is inextricably tied to the Aesthetic movement and its educational goals In Pursuit of Beauty Americans and the Aesthetic Movement comprised some 175 objects including furniture metalwork stained glass ceramics textiles wallpaper painting and sculpture Some of these had rarely been displayed others although familiar were being shown in new and even startling contexts The exhibition and catalogue are arranged thematically to illustrate both the major styles of a visually rich movement and the ideas that generated its diversity From publisher s description
