it is neither beautiful or ugly big or small This is the true nature of things One cannot know the D o by the use of the thinking mind So the D o cannot be seen from the perspective of belief philosophy or science It can only be known or realized with the mind in complete silence and presence *The Kids Book of World Religions* Jennifer Glossop,2013-03 Children s and educational

J. M. de Groot,2020-09-30 Is China s religion a world religion and as such worth studying A place as a world religion must without hesitation be assigned to it on account of the vast number of its adherents It has extended the circle of its influence far beyond the boundaries of the empire proper and has gained access together with Chinese culture generally into Korea Japan Manchuria and Turkestan as well as into Indo China though of course in modified forms

Hence a proper understanding of the religions of East Asia in general requires in the first place an understanding of the religion of China *Chinese Practices and Beliefs* ,2000 As millions of Chinese have settled overseas and as China regains her place as one of the great powers of the world it behoves us in the West to become more familiar with this rich and varied 5000 year old mother culture of East Asia This book is a richly illustrated and comprehensive guide to a broad spectrum of traditional Chinese beliefs mores and practices It should appeal to anyone who wants to better understand the Chinese and the moral and cultural values that they feel strengthen the family and enrich their social cultural and economic lives
