Book Of Israel:

Israel Noa Tishby, 2021-04-06 A personal spirited and concise chronological timeline spanning from Biblical times to today that explores one of the most fascinating countries in the world Israel A History of Israel John Bright, 1981 The definitive text and resource for every student of the Old Testament this thire edition of John Bright s classic work is a thorough revision of the text that has become a standard for reference and classroom use **Israel** ,1986 Photographs and text describe the establishment of the modern state of Israel the exile and return of the Jews and survival in the modern world **The Saga of Israel** Seshadri Chari, 201? Judea was overrun by the Babylonians in 606 B C the Babylonian conquest resulted not just in the destruction of Jerusalem and its temple but the obliteration of the entire infrastructure which had sustained Judea for centuries The greatest casualty was the Divine State ideology of Zion theology the idea that the God of Israel had chosen Jerusalem as his place of dwelling and that the Dynasty of David would reign there forever Persians liberated Judea from captivity 70 years later in 536 A D but the Jewish land came under the control of the Persians who were later conquered by the Greeks The Greeks were then conquered by Rome and the land of Israel came under Roman rule After many failed rebellions against Rome around 70 A D the Romans evicted the Jews from the land of Israel dispersed them wherever the Roman Eagle fluttered and renamed the land Palestine What followed for the Children of God was two thousand years of suffering betrayal deceit despair defeat and death Then after 2 500 years for the first time since the Babylonian captivity Israel once again appeared on the world map as a sovereign nation on May 1948 exactly as promised

Israel Debbie Smith, 2007-10-31 This revised edition celebrates the rugged beauty of Israel New photos and updated text also examine the country s changing boundaries and changes in the Dead Sea **Israel and the Gentiles** Isaac da Costa, 1850 **Welcome to Israel** Lilly Rivlin, Gila Gevirtz, 2000 Illustrations photographs maps and text introduce the history culture religions and peoples of Israel **A History of Israel** Walter C. Kaiser, Jr., Paul D Wegner, 2017-11-20 This volume provides a comprehensive introduction to the history of ancient Israel from the creation account to setting the stage for the New Testament era *Israel: a Profile* Israel T. Naamani, 1972 **A History of Israel from Conquest to Exile** John James Davis, John Clement Whitcomb, 1980 **The Banner of Israel** , 1888 *The Religion of Israel* Yehezkel Kaufmann, Yehezkel Kaufmann, 1972 **Judaism in a Nutshell** Shimon Apisdorf, 2002 With this book award winning author Shimon Apisdorf turns his sights and insights to the Jewish homeland For over three millenia Israel has been a focal point for the Jews everywhere and for the past century it has been on the center stage of world history This book clearly explains why Israel is so central to Judaism how the modern State of Israel arose and why Israel has fought so many wars with its neighbors and found peace to be so elusive Book jacket Israel Israel Goldberg, 1959 **Historical and Biblical Israel** Reinhard Gregor Kratz, 2015 At the center of this book lies a fundamental yet unanswered question under which historical and sociological conditions and in what manner the Hebrew Bible became an authoritative tradition that is holy scripture and

the canon of Judaism as well as Christianity Reinhard G Kratz answers this very question by distinguishing between historical and biblical Israel This foundational and for the arrangement of the book crucial distinction affirms that the Israel of biblical tradition i e the sacred history *historia sacra* of the Hebrew Bible cannot simply be equated with the history of Israel and Judah Thus Kratz provides a synthesis of both the Israelite and Judahite history and the genesis and development of biblical tradition in two separate chapters though each area depends directly and inevitably upon the other These two distinct perspectives on Israel are then confronted and correlated in a third chapter which constitutes an area intimately connected with the former but generally overlooked apart from specialized inquiries those places and archives that either yielded Jewish documents and manuscripts Elephantine Al Yahudu Qumran or are associated conspicuously with the tradition of the Hebrew Bible Mount Gerizim Jerusalem Alexandria Here the various epigraphic and literary evidence for the history of Israel and Judah comes to the fore Such evidence sometimes represents Israel s history at other times it reflects its traditions at still others it reflects both simultaneously The different sources point to different types of Judean or Jewish identity in Persian and Hellenistic times

A Biblical History of Israel Iain William Provan,V. Philips Long,Tremper Longman,2003-01-01 In this much anticipated textbook three respected biblical scholars have written a history of ancient Israel that takes the biblical text seriously as an historical document While also considering nonbiblical sources and being attentive to what disciplines like archaeology anthropology and sociology suggest about the past the authors do so within the context and paradigm of the Old Testament canon which is held as the primary document for reconstructing Israel s history In Part One the authors set the volume in context and review past and current scholarly debate about learning Israel s history negating arguments against using the Bible as the central source In Part Two they seek to retell the history itself with an eye to all the factors explored in Part One

Israelism: Arab Scholarship on Israel, a Critical Assessment Hassan Abdulmuhdi Barari,2009

The Promise of Israel Daniel Gordis,2012-07-17 Why Israel s greatest weakness is its greatest strength and what its supporters and enemies can learn from its success Israel s critics in the West insist that no country founded on a single religion or culture can stay democratic and prosperous but they re wrong In *The Promise of Israel* Daniel Gordis points out that Israel has defied that conventional wisdom It has provided its citizens infinitely greater liberty and prosperity than anyone expected faring far better than any other young nation Israel s magic is a unique blend of democracy and tradition of unabashed particularism coupled to intellectual and cultural openness Given Israel s success it would make sense for many other countries from Rwanda to Afghanistan and even Iran to look at how they ve done it In fact rather than seeking to destroy Israel the Palestinians would serve their own best interests by trying to copy it Takes many of the most compelling arguments against Israel and turns them completely on their heads undoing liberals with a more liberal argument and the religious with a more devout argument Puts forth an idea that is as convincing as it is shocking that Iran s clerics and the Taliban should want to be more like Israel Written by Daniel Gordis the author of the National Jewish Book Award winner

Saving Israel Daniel Gordis has been called one of Israel's most thoughtful observers Alan Dershowitz and a writer whose reflections are consistently as intellectually impressive as they are moving Cynthia Ozick Certain to generate controversy and debate The Promise of Israel is one of the most interesting and original books about Israel in years **Israel Government Year-book** Israel, 1961 *Israel* Daniel Gordis, 2016-10-18 Winner of the Jewish Book of the Year Award The first comprehensive yet accessible history of the state of Israel from its inception to present day from Daniel Gordis one of the most respected Israel analysts The Forward living and writing in Jerusalem Israel is a tiny state and yet it has captured the world's attention aroused its imagination and lately been the object of its opprobrium Why does such a small country speak to so many global concerns More pressingly Why does Israel make the decisions it does And what lies in its future We cannot answer these questions until we understand Israel's people and the questions and conflicts the hopes and desires that have animated their conversations and actions Though Israel's history is rife with conflict these conflicts do not fully communicate the spirit of Israel and its people they give short shrift to the dream that gave birth to the state and to the vision for the Jewish people that was at its core Guiding us through the milestones of Israeli history Gordis relays the drama of the Jewish people's story and the creation of the state Clear-eyed and erudite he illustrates how Israel became a cultural economic and military powerhouse but also explains where Israel made grave mistakes and traces the long history of Israel's deepening isolation With Israel public intellectual Daniel Gordis offers us a brief but thorough account of the cultural economic and political history of this complex nation from its beginnings to the present Accessible levelheaded and rigorous Israel sheds light on the Israel's past so we can understand its future The result is a vivid portrait of a people and a nation reborn
