The Alchemy of Power Dr. Joni Carley, 2019-10-15 Just like master scientists use principles of physics to transform energy into extraordinary displays of power alchemical leaders use metaphysical principles to transform resources into results that exceed norms and expectations Grounded squarely in data and anchored deeply in universal wisdom The Alchemy of Power reveals what power is what it means to have it how to develop and manage it how to navigate the global call for leaders to use their power to create a better world by developing better workplaces The Alchemy of Power is rich with information and inspiration that connects studies on leadership with emergent global trends and with ageless metaphysical teachings and ties it all to what's on leaders' minds and desktops right now Written by a seasoned leadership

and cultural consultant who has trekked the globe exploring world philosophies and spiritual practices The Alchemy of Power is about increasing your capacity for causing results that amount to much more than the sum of parts leadership alchemy

Satisfaction Not Guaranteed Peter N. History of Macrobiotics (1715-2017) William Shurtleff; Akiko Aoyagi, 2017-09-30 The world's most comprehensive well documented and well illustrated book on this subject With extensive subject and geographical index 345 photographs and illustrations mostly color Free of charge in digital format on Google Books **Teratologies** Jackie Stacey, 2013-07-23 Stories of cancer are full of monster and marvels the monstrosity of the disease and the treatments the marvels of the cures and the saved lives Still one of the most dreaded diseases to haunt our imaginations cancer is more than an illness it is a cultural phenomenon People who have cancer are bombarded with competing explanations of their conditions it is genetically inherited it is environmentally produced it is the result of their personality Teratologies A Cultural Study of Cancer investigates how this disease is perceived experienced and theorised in contemporary society It explores changing beliefs about the causes of and the cures for cancer in both biomedicine and its increasingly popular alternative counterparts

Analysing conventional and alternative medical accounts self help manuals and patients personal stories Jackie Stacey takes a critical look at the place of heroes metaphors the self and the body in these competing bids to produce the authoritative definition of the meaning of cancer today Interspersed with these detailed textual investigations are discussions of broader issues such as the feminist debates about the history of science the place of consumer culture in health practices and the status of patients and of health professionals in postmodern society Combining authobiographical narratives with contemporary theoretical debates the author carves out a specifically feminist analysis of the cultural dimensions of cancer She brings accounts of her own illness under the critical lens of academic scrutiny and situates these personal stories within a discussion of contemporary cultural change
