Book Of Mormon Evidences In Ancient 1st Edition:

Joseph Smith and the Origins of The Book of Mormon, 2d ed. David Persuitte, 2010-07-27 Just as a growing interest in millennialism at the turn of this century has rejuvenated religious debate and questions concerning the fate of the world so did Mormonism develop from millennial enthusiasm early in the nineteenth century Joseph Smith the founder of Mormonism and a provocative even controversial figure in history declared that he had been given the authority to restore the true church in the latter days The primary source of Smith's latter day revelation is The Book of Mormon and to fully understand his role as the founder of the Mormon faith one must also understand The Book of Mormon and how it came to be Unfortunately the literature about Joseph Smith and The Book of Mormon is permeated with contradiction and controversy In the first edition of this impressive work David Persuitte provided a significant amount of revealing biographical information about Smith that resolved many of the controversies concerning his character He also presented an extensive comparative analysis positing that the probable conceptual source for The Book of Mormon was a book entitled View of the Hebrews or the Tribes of Israel in America which was written by an early New England minister named Ethan Smith Now in an expanded and revised second edition incorporating many new findings relating to the origin of The Book of Mormon Mr Persuitte's book continues to shed much new light on the path Joseph Smith took toward founding the Church of Jesus Christ of Latter day Saints

Of Faith and Reason: 80 Evidences Supporting Joseph Smith Michael R. Ash, 2023-02-02 In the early 1800s many people criticized the Prophet Joseph Smith for his prophecies and revelations today several evidences prove that Joseph was right Michael Ash a well known LDS apologist explains why it is useful and perhaps even necessary to combine reason with faith in our testimony of Joseph Smith He reminds us that although secular evidences can't replace a spiritual witness they can support a testimony and provide an atmosphere where a spiritual witness can flourish Using scholarly journal articles and ancient Jewish and Christian writings Ash provides evidences that show how the Book of Mormon is a true account of an ancient people how LDS scriptures are consistent with the traditions and culture of ancient Israel and how the doctrines of the Church accurately reflect the

teachings of Christ Ash writes clearly and simply providing numerous resources to foster further study With over 80 evidences this book is an excellent resource for those seeking more information about Joseph Smith and his works *The Book of Mormon and its relationship with the Bible* David J. Richards, 2017-11-17 The Book of Mormon is an influential and controversial book It launched a religious movement has been believed by millions to be scripture and has been derided by others as fraudulent Despite this or perhaps as a result the book's contents have been subject to both academic neglect and popular myth This book challenges some of that neglect by examining the Book of Mormon through the lens of its relationship with the Bible a work which the Book of Mormon openly quotes and expects to be read alongside and the only text which everyone agrees is connected to the Book of Mormon Through close examination of the Book of Mormon text and biblical parallels including three substantial case studies this book examines the ways in which the Book of Mormon draws upon and interprets the biblical text This book demonstrates the complexity with which the Book of Mormon handles biblical material and the close correlation between its reading of the Bible and the Book of Mormon's own core themes **Book of Mormon Critical Text, 3rd ed., vol 1: I Nephi - Words of Mormon** Robert F. Smith, 2024-12-31 Volume 1 of 4 volume study of the variant readings of the manuscripts and editions of the Book of Mormon with inter and intratextual parallels in a critical apparatus in footnotes and a full chronological matrix in footers The result of over 50 years of work on the Book of Mormon Critical Text Project *Foundational Texts of Mormonism* Mark Ashurst-McGee, Robin Scott Jensen, Sharalyn D. Howcroft, 2018 Joseph Smith founding prophet and martyr of the Church of Jesus Christ of Latter-day Saints personally wrote dictated or commissioned thousands of documents Among these are several highly significant sources that scholars have used over and over again in their attempts to reconstruct the founding era of Mormonism usually by focusing solely on content without a deep appreciation for how and why a document was produced This book offers case studies of the sources most often used by historians of the early Mormon experience Each chapter takes a particular document as its primary subject considering the production of a document as an historical event in itself with its own background purpose circumstances and consequences The documents are examined not merely as sources of information but as artifacts that reflect aspects of the general culture and particular circumstances in which they were created This book will help historians working in the founding era of Mormonism gain a more solid grounding in the period's documentary record by supplying important information on major primary sources *Book of Mormon Onomasticon & Theological Word Study* Robert F.
