Second Witness: Analytical and Contextual Commentary on the Book of Mormon Brant A. Gardner, 2007-09-01

Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon Second Witness a new six volume series from Greg Kofford Books takes a detailed verse by verse look at the Book of Mormon It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics anthropology and ethnohistory the commentary approaches the text from a variety of perspectives how it was created how it relates to history and culture and what religious insights it provides The commentary accepts the best modern scholarship which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon s setting For the first time that location its peoples cultures and historical trends are used as the backdrop for reading the text The historical background is not presented as proof but rather as an explanatory context The commentary does not forget Mormon s purpose in writing It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of convincing the Jew and Gentile that Jesus is the Christ the Eternal God *Lehi and Sariah in Arabia* Warren P. Aston, 2015-12-10 A 21st Century re examination of the most read book to emerge from the Western Hemisphere the Book of Mormon As Mormonism grows into a world faith the veracity of its founding scripture has never been more important The three decades of Arabian exploration reported in *Lehi and Sariah in Arabia* identifies specific locations for the 8 year journey described in the text allowing Nephi s account to emerge with new clarity and enhanced plausibility BYU Studies , 2006 A voice for the community of LDS scholars Sojourner in the Promised Land Jan Shipps, 2024-04-22 Infused with Jan Shipps s lively curiosity scholarly rigor and contagious fascination with a significant subculture *Sojourner in the Promised Land* presents a distinctive parallel history in which Shipps surrounds her professional writings about the Latter day Saints with an ongoing personal description of her encounters with them By combining a portrait of the dynamic evolution of contemporary Mormonism with absorbing intellectual autobiography Shipps illuminates the Mormons and at the same time shares with the reader what it has been like to be on the outside of a culture that remains both familiar and strange *Americanist Approaches to the Book of Mormon* Elizabeth A. Fenton, Jared Hickman, 2019 As the sacred text of a modern religious movement of global reach The Book of Mormon has undeniable historical significance That significance this volume shows is inextricable from the intricacy of its literary form and the audacity of its historical vision This landmark collection brings together a diverse range of scholars in American literary studies and related fields to definitively establish The Book of Mormon as an indispensable object of Americanist inquiry not least because it is among other things a form of Americanist inquiry in its own right a creative critical reading of America Drawing on formalist
