*Relaying Cinema in Midcentury Iran* investigates how the cultural translation of cinema has been shaped by the physical translation of its ephemera Kaveh Askari examines film circulation and its effects on Iranian film cultures in the period before foreign studios established official distribution channels and before Iran became a notable site of so called world cinema This transcultural history draws on cross archival comparison of films distributor memos licensing contracts advertising schemes and audio recordings Askari meticulously tracks the fragile and sometimes forgotten material of film as it circulated through the Middle East into Iran and shows how this material was rerouted reengineered and reimagined in the process The Cultural Imaginary of Terrorism in Public Discourse, Literature, and Film Michael C. Frank,2017-06-14 This study investigates the overlaps between political discourse and literary and cinematic fiction arguing that both are informed by and contribute to the cultural imaginary of terrorism Whenever mass mediated acts of terrorism occur they tend to trigger a proliferation of threat scenarios not only in the realm of literature and film but also in the statements of policymakers security experts and journalists In the process the discursive boundary between the factual and the speculative can become difficult to discern To elucidate this phenomenon this book proposes that terror is a halfway house between the real and the imaginary For what characterizes terrorism is less the single act of violence than it is the fact that this act is perceived to be the beginning or part of a potential series and that further acts are expected to occur As turn of the century writers such as Stevenson and Conrad were the first to point out this gives terror a fantastical dimension a fact reinforced by the clandestine nature of both terrorist and counter terrorist operations Supported by contextual readings of selected texts and films from *The Dynamiter* and *The Secret Agent* through late Victorian science fiction to post 9 11 novels and cinema this study explores the complex interplay between actual incidents of political violence the surrounding discourse and fictional engagement with the issue to show how terrorism becomes an object of fantasy Drawing on research from a variety of disciplines *The Cultural Imaginary of Terrorism* will be a valuable resource for those with interests in the areas of Literature and Film Terrorism Studies Peace and Conflict Studies Trauma Studies and Cultural Studies We Told You So Tom Spurgeon,Michael Dean,2016-12-14 In 1976 a fledgling magazine held forth the the idea that comics could be art In 2016 comics intended for
