**Heraldry, Pageantry and Social Display in Medieval England** Peter R. Coss,Maurice Keen,2003 Discussion of display through a range of artefacts and in a variety of contexts family and lineage social distinction and aspiration ceremony and social bonding and the expression of power and authority Medieval culture was intensely visual Although this has long been recognised by art historians and by enthusiasts for particular media there has been little attempt to study social display as a subject in its own right And yet display takes us directly into the values aspirations and indeed anxieties of past societies In this illustrated volume a group of experts address a series of interrelated themes around the issue of display and do so in a way which avoids jargon and overly technical language Among the themes are family and lineage social distinction and aspiration ceremony and social bonding and the expression of power and authority The media include monumental effigies brasses stained glass rolls of arms manuscripts jewels plate seals and coins Contributors MAURICE KEEN DAVID CROUCH PETER COSS CAROLINE SHENTON ADRIAN AILES FR D RIQUE LACHAUD MARIAN CAMPBELL BRIAN and MOIRA GITTOS NIGEL SAUL FIONN PILBROW CAROLINE BARRON and JOHN WATTS **Studies on Greek and Coptic Majuscule Scripts and Books** Pasquale Orsini,2018-11-19 The volume contains a critical review of data results and open problems concerning the principal Greek and Coptic majuscule bookhands based on previous research of the author revised

and updated to offer an overview of the different graphic phenomena Although the various chapters address the history of different types of scripts i e biblical majuscule sloping poitend majuscule liturgical majuscule epigraphic and monumental scripts their juxtaposition allows us to identify common issues of the comparative method of palaeography From an overall critical assessment of these aspects the impossibility of applying a unique historical paradigm to interpret the formal expressions and the history of the different bookhands comes up due to the fact that each script follows different paths Particular attention is also devoted to the use of Greek majuscules in the writing of ancient Christian books A modern and critical awareness of palaeographic method may help to place the individual witnesses in the context of the main graphic trends in the social and cultural environments in which they developed and in a more accurate chronological framework
