**A Book about Love & War & Death** Dick Higgins,1965      **A Book About Love** Jonah Lehrer,2017-07-25 Weaving together scientific studies from clinical psychologists longitudinal studies of health and happiness historical accounts and literary depictions child rearing manuals and the language of online dating sites Jonah Lehrer s *A Book About Love* plumbs the most mysterious most formative most important impulse governing our lives Love confuses and compels us and it can destroy and define us It has inspired our greatest poetry defined our societies and our beliefs and governs our biology From the way infants attach to their parents to the way we fall in love with another person to the way some find a love for God or their pets to the way we remember and mourn love after it ends this book focuses on research that attempts even in glancing ways to deal with the long term and the everyday The most dangerous myth of love is that it s easy that we fall into the feeling and then the feeling takes care of itself While we can easily measure the dopamine that causes the initial feelings of falling in love the partnerships and devotions that last decades or longer remain a mystery This book is about that mystery Love Lehrer argues is not built solely on overwhelming passion but fascinatingly on a set of skills to be cultivated over a lifetime      *Love and Death in the American Novel* Leslie A. Fiedler,1997 No other study of the American novel has such fascinating and on the whole right things to say Washington Post      **The Existence** Theodore Ihejieta,2018-12-21 The Existence By Theodore Ihejieta The Existence is a book of love and life that talks about the world as the existence of human beings and tells human beings to understand that the world is the love and the life It is a book of Planet Earth which the Planet Earth gave to the author because the author asked the Planet Earth for the book of the world The author is a human being who lost faith in God and called on Planet Earth to do work and save human beings from evil and death in the world This is a book of a human being who was challenged by evil and death in the world and the human being called on his existence for help and protection The author did not like to die in the world and told his existence that he did not want to die because the author believed that Planet Earth has the power to save human beings in the world The Existence is the faith the hope and the charity that God challenged human beings to find and tell the mountain of evil and death to move away from human beings      *Love and Death in the Great War* Andrew J. Huebner,2018 Americans today harbor no strong or consistent collective memory of the First World War Ask why they fought or what they accomplished and democracy is the most likely if vague response The circulation of confusing or lofty rationales for intervention started from the moment President Woodrow Wilson secured a war declaration in April 1917 Yet amid those shifting justifications *Love and Death in the Great War* argues was a more durable and resonant one Americans would fight for home and family Intervention came at a moment when arbiters of tradition regarded those very institutions the white family in particular under pressure from all sides industrial work women s employment immigration urban vice woman suffrage and most incendiary the imagined threat of black sexual aggression Alleged German crimes in France and Belgium seemed to further imperil women and children Americans would

fight many said to protect the family literally but also indirectly War promised to restore convention stabilize gender roles and sharpen male character Love and Death in the Great War tracks such ideas of redemptive war across public and private spaces policy and implementation home and front popular culture and personal correspondence Huebner merges untold stories of men and women from Missouri Wisconsin Alabama Louisiana and other places with a history of wartime culture Studying the radiating impact of war alongside the management of opinion he recovers the conflict's emotional dimensions its everyday rhythms heartbreaking losses soaring possibilities and broken promises Telling the war story as a love story however generated contradictions and challenges some subtle some transformative some violent African Americans and women serving in the army disrupted narratives of white chivalric rescue Military life proved inhospitable to virtue Death and injury brought destruction not regeneration An army of mostly drafted men sought recompense for lives interrupted as much as patriotic or personal credibility After the Great War the mobilization of real and symbolic families would never quite look the same again

**The Overcoming of History in War and Peace** Jeff Love, 2004 The Overcoming of History in War and Peace marks a

radical departure from the critical tradition dominated by Sir Isaiah Berlin's view that the novel is deeply divided against itself a majestically flawed contest of brilliant art and clumsy thought To the contrary Jeff Love argues that the apparently divided nature of the text its multi leveled negotiation between different kinds of representation expresses the rich variety of the novel's very deliberate striving to capture the fluidity of change and becoming in the fixed forms of language The inevitable failure of this striving revealing the irreducible conflict between infinite desire and finite capacity is at once the source of new beginnings and the repetition of old ones a wellspring of continually renewed promises to achieve a synoptic vision of the whole that the novel cannot fulfill This repetitive struggle between essentially comic and tragic conceptions of human action far from being a pervasive flaw in the texture of the novel in fact constitutes its dynamic center and principal trope as well as the productive origin of the unusual features that distinguish it as an uncommonly bold narrative experiment

**We Are at War Book 5** Vitalis Chi Nwaneri, 2012-11 OUR MISSION Over the past century the world has been witnessing a gradual decline in the state of global peace At a recent conference of World Religious Leaders in Assisi on the invitation of Pope Benedict XVI These Leaders expressed the concern that the declining state of world peace is partly fueled by growing religious crises like terrorism across the globe Accordingly it was resolved that global religious leaders should strive to contribute to the recovery in global peace Pope Benedict followed up the resolution with his establishment of the Pontifical Council on the New Evangelization PCNE to stem the growing Dechristianization in most advanced countries and enhance the effectiveness of the weapon of Evangelization as a means of contributing to Global Peace and Religious Freedom The Pope called on all the Lay Members of The Catholic Church to rise up and contribute to the mission of the PCNE Our Mission is a humble response to the Pope's call In Book 1 the Author surveyed the teaching and history of the Church through a military perspective He concluded that WE ARE AT WAR WITH SATAN the only enemy of God and Man That war started from the Garden of Eden after man's creation It has been going on ever since Author therefore reminds the world that its wars and crises from the family to the global levels are rooted in this war against Satan fighting us as it did to Adam and Eve to commit sins by disobeying God's Commandments Through our disobedience and sins we bring as Adam did wars and crises from our families to the global levels Accordingly the Author concludes that we cannot avoid sins if we do not understand the Teaching of Christ Our Only Leader and recognize the voice language and strategies of His enemy Satan in tempting us to sin The Author views the teaching of Christ as the Pillars that sustain our lives and modern governance against the attacks of the enemy He therefore warns that driving God out of our private and public lives can only move us faster on the path to wars crises and declining global peace He therefore provides in these Books his views on how to avoid sins by recognizing the ways that the enemy Satan lures us to sin Through such recognition we can learn how to avoid its temptations In the world of today most sins arise from our denial or lack of knowledge of these sins at all levels of our activities and lives The principle of the Separation of State and Religion is being misinterpreted to mean denying sins in our

political economic and social lives In Books 2 and 3 the Author continues his surveys of the enemy s strategies to cause wars between Christianity and Secularity and shows how the two can cooperate to fi ght back and reduce our wars and enhance global peace In Book 4 he shows how the enemy uses us in our various professions to be its agents to cause wars that lead to a decline in peace from our family to the gobal levels Finally in Book 5 he surveys the on going Warfront against our Religious Freedom to obey God s Commandments in all our Religious and Secular activities He concludes with strong Recommendations on building the Knights of The Cross Mission of warriors from our Grass root parish levels of the church to the global leve
