years to perfecting these lessons *The Ancient Wisdom* Annie Wood Besant,2014-05-11 The source from which a universe
proceeds is a manifested Divine Being to whom in the modern form of the Ancient Wisdom the name LOGOS or Word has

the Silence the Voice the Sound by which the worlds come into being We must now trace the evolution of spirit matter in
order that we may understand something of the nature of the materials with which we have to deal on the physical plane or
physical world For it is in the potentialities wrapped up involved in the spirit matter of the physical world that lies the
possibility of evolution The whole process is an unfolding self moved from within and aided by intelligent beings without who
can retard or quicken evolution but cannot transcend the capacities inherent in the materials Some idea of these earliest
