Personal Study Edition Jean Marie Hiesberger,2006-12 The essential resource for Scripture students Cover

Introducing the Reformed Faith Donald K. McKim,2001-01-01 In this book Donald McKim examines Reformed beliefs on sixteen theological topics including Scripture the Trinity sin salvation the person of Jesus and Baptism He also discusses distinctive emphases of the Reformed faith and shows how Reformed beliefs relate to the broader ecumenical family of Christian teachings *One Baptism* Susan K. Wood,2009-07-01 Most Christians would say that baptism is the one

sacrament Christians of all denominations share that it is the source of ecumenical unity among all Christian churches But how true is that Is there really one baptism as we profess in the Nicene Creed If we disagree about what baptism does can we really say that baptism unites us To address this central question Susan Wood brings together the history and theology of baptism systematic sacramental and liturgical focusing especially on the divergent paths taken in the understanding of the sacrament since the Reformation Founded not only in her study of theology but also in her years of participation in ecumenical dialogues her perspective will illuminate this problem for readers and point the way toward deeper understanding *Living Belief* Douglas F. Ottati,2022-06-07 A leading theologian s concise guide to the beliefs

commitments and practices of Christianity What do Christians believe But also what do they do And feel With decades of experience teaching the essentials of Christian faith Douglas Ottati still finds these questions and more like them dynamic and compelling In *Living Belief* he moves beyond trite answers drawing from the deep well of tradition to offer up wisdom from the Apostles Creed the Ten Commandments the Sermon on the Mount and the Lord s Prayer In so doing Ottati explores key Christian themes such as creation redemption and love of neighbor enemy and the weak and dependent Concise and approachable *Living Belief* makes no claims to be a definitive account of Christianity but rather attempts to introduce a faith

that remains a source of meaning and direction that orients that encourages and assures that supplies moral standards and calls for contrition and that furnishes grounds for perseverance and hope In connection with each chapter Ottati includes questions for discussion so that readers those revisiting the core components of their Christian faith and those learning about it for the first time can together continue the work begun here of understanding the multifaceted life of devotion that is Christianity

God Hovered Over the Waters William A. dePrater,2015-03-25 On March 11 2011 from deep within the earth's crust enormous forces drove tectonic plates toward over another In the collision one plate riding over the other displaced massive amounts of water The displaced water began racing toward the Japanese shoreline each mile exponentially increasing in its fury Coming ashore in Japan the tsunami swept aside everything in its path as if they were small toys In sixteenth century Europe there also was a collision of changing environmental technological educational and political forces Like the energy created by colliding tectonic plates in 2011 these surging and chaotic waters emerged from within the depths of human experiences and spiritual yearnings Through the guiding hands of the Holy Spirit these waters swept up the Reformation movement emptying it into theological lakes and streams across Europe Therefore to understand the Reformation movement one needs to comprehend these varied forces that moved it into reality The book further details the resulting contributions of the Reformation movements within Germany Switzerland the British Isles France and the Netherlands In conclusion the author addresses the lasting legacy of the Reformation for contemporary society and the means for a new congregational and governing body Reformation today

Repentance and Forgiveness Matthew E. Burdette,Victor Lee Austin,2020-09-24 Reconciliation is at the heart of the Christian faith It is what God accomplishes by the incarnation of his Son by Jesus cross resurrection and exaltation that all people be drawn to God in Christ and in being so drawn drawn into fellowship with one another The good news of reconciliation is therefore also a call to repent and to receive forgiveness and then concomitantly to forgive The present volume endeavors to reexamine these most fundamental Christian claims These essays which were first presented at the 2017 annual Pro Ecclesia conference return to the biblical sources to help us understand reconciliation afresh The authors raise questions about repentance and forgiveness from various perspectives Jewish Roman Catholic Orthodox and Protestant They also consider our present day context what has been called the technoculture as well as the practice of repentance and forgiveness With contributions by Stephen Westerholm Ellen T Charry Dominic Langevin O P Peter C Bouteneff Brent Waters John P Burgess

Practicing Witness Benjamin T. Conner,2011-07-06 How might a church

infused with missional theology change the way it approaches Christian practices Interacting both with the missional theology of George Hunsberger and Darrell Guder and with the theology of Christian practices laid out by Craig Dykstra and Dorothy Bass Benjamin T Conner argues that allowing these two disciplines to inform one another can enhance the nature of the church's witness its congregational discipleship and its theological education Framing his work with real world narratives and applications inspired by his work as a minister to adolescents with special needs Conner shows how a practical missional mindset can redefine and reinvigorate the spirit and purpose of a congregation

The Eucharist in the Reformation Lee Palmer Wandel, 2006 The Eucharist in the Reformation Incarnation and Liturgy takes up the words this is my body this do and remembrance of me that divided Christendom in the sixteenth century It traces the different understandings of these simple words and the consequences of those divergent understandings in the delineation of the Lutheran Reformed and Catholic traditions the different formulations of liturgy with their different conceptualizations of the cognitive and collective function of ritual the different conceptualizations of the relationship between Christ and the living body of the faithful the different articulations of the relationship between the world of matter and divinity and the different epistemologies It argues that the incarnation is at the center of the story of the Reformation and suggests how divergent religious identities were formed

Before God George W. Stroup, 2004 Many Christians today have experienced a loss of enormous significance they no longer understand their daily lives to be lived before God This timely work traces the development and implications of this loss and argues for its recovery In comparing contemporary Christians with believers of previous eras author George Stroup sees an eclipse of life lived before God This eclipse is tragic because the Bible presupposes human life as a daily personal relationship with God Stroup here offers help by exploring anew the biblical view that Jesus Christ models most clearly what life lived before God and neighbor looks like He then suggests that describing Christian life as gratitude naturally evokes a sense of life lived before God The book concludes by examining whether life before God requires a sense of God's presence and whether it is possible to live before God even in those times when he seems to be absent Offering thought provoking analysis of modern faith and sound direction for spiritual renewal Before God is perfect for churches study groups pastors and individuals pursuing genuine discipleship

One Church in Christ Troy J. Onsager, 2023-09-25 This book is devoted to understanding the confessional foundations of church unity in the earlier theology of Karl Barth This book follows Barth's academic and ecclesiastical career from the years 1921 to 1938 as he moves from a nonconfessional pastor in Switzerland prior to his first teaching post in Göttingen to articulating in his first volume of Church Dogmatics the critical and essential authority of the church's confession in its public witness at the start of his final teaching post in Basel During these years each academic placement and public ecclesiastical assignment is crucial for understanding the development of Barth's confessional theology in order to make sense of his mature dogmatic understanding of the authority of the church's confession in CD I 2

Always Being Reformed: Faith for a Fragmented World Shirley C. Guthrie Jr., 1996 *Through*

Middle Eastern Eyes Michael Parker, 2024-02-26 Kenneth E Bailey was both a missionary and a New Testament scholar. As a missionary first in Egypt and later in Lebanon, Israel, Palestine, and Cyprus, he experienced firsthand the life of traditional Middle Eastern villagers, which led him to the conclusion that the village culture he witnessed in the twentieth century had hardly changed since the first century. Consequently, he was able to reinterpret Jesus's parables and life experiences through this traditional culture. In a remarkable series of acclaimed books, which include *The Cross and the Prodigal*, *Jacob and the Prodigal*, and *Jesus through Middle Eastern Eyes*, Bailey showed that Jesus was the first mind of the New Testament who used story and metaphor to challenge the leaders of his day in ways often unappreciated by contemporary readers. This biography explains the origins of Bailey's key ideas and recounts his often fraught missionary career, one that included the austere and the sometimes harsh life in the simple villages of Upper Egypt, the perils of life in Beirut during the Lebanese Civil War (1975-1990), and being evacuated four times during the military conflicts in the region that made possible his groundbreaking insights into the New Testament.

Faith and Politics in a World Gone Awry Stephen W. Plunkett, 2019-01-14 Faith in Jesus Christ shapes the whole of the Christian life, not merely the parts that are safe and convenient, requiring little, if anything, of us. The realm of faith involves not only the interior life of the spirit but everything that disciples of Jesus Christ think and do, and are including the way we participate in the politics of our communities, nation, and world. Do you ever wonder about the relationship between your theology and what's happening in the politics of our nation and world, or ponder how your views might change if the biblical narrative were formative for your political opinions and beliefs? If so, this book is for you.

SCM Core Text: Theological Hermeneutics Alexander Jensen, 2007-06-28 This book introduces theological hermeneutics by giving a historical account of the development of hermeneutical thinking. It defines hermeneutics as the analysis of the obstacles to understanding. The history of hermeneutical thinking and responses to obstacles is told here, beginning with the allegorical interpretation of myths in Hellenism through to the contemporary view of the hermeneutical problem as universal. Following the opening chapters on the history of hermeneutical thought, the book presents an overview of the various contemporary hermeneutical schools of thought and shows their rootedness in different parts of the hermeneutical tradition. The focus is clearly on biblical interpretation, however, it does also take account of developments outside the field of theology as they influence the theological reflection on the hermeneutical problem. The questions raised and the possible answers suggested in this volume will be of interest to students of other disciplines such as philosophy and literature.
