Crow: The Awakening (Crow Series, Book 1) ~ An epic science fantasy novel. Michael J. Vanecek, 2014-06-05. The Matrix meets Avatar with a bit of Jason Bourne for flavor. Amazon Reviewer: He is desperate to find his missing parents. Instead, he finds his life in peril and his grip on reality hanging by a thread. Young Steven Crow is tormented by nightmares about his parents abandoning him and monsters he is completely helpless against. Drowning in these nightmares amplifies his irresistible obsession to locate and rescue his parents. His digital search takes place in secret. With the comforting companionship of an imaginary muse, he hacks into secure servers of the most formidable organizations in the world. One day he uncovers shocking evidence that changes everything for him. But his search has not gone without notice. Now he is on the run while facing a new brutal reality hunted both by relentless real-life adversaries and the terrifying monsters from his dreams. He struggles against impossible odds and his imaginary Elf girlfriend refuses to fade away in the face of stark reality. But when he is chased by a horde of psychotic secret agents and fantastical creatures and is shadowed by an Elf girl he dreamed up years ago, reality may be more elusive than he realizes. Many times I found myself on the edge of my seat in anticipation of the next twist or turn in the plot. Amazon Reviewer: The Girls' Car Handbook Maria McCarthy, 2009-08-20. There are 15 million women drivers in the UK, yet so often they can feel at a disadvantage when it comes to dealing with the male-dominated motor industry. The solution has generally been seen as to call upon a male partner or family member for help. However, many women don't have a car-savvy bloke easily to hand and would prefer to be more independent anyway. This is where The Girls' Car Handbook comes in. A vital reference book, it is packed with useful information designed to give women greater confidence when tackling every aspect of motoring, from getting a good deal when buying a car, personal safety when driving, handling accidents and breakdowns, tips for greener motoring and much, much more.
