Read the Bible like a Mystic Carl McColman,2025-06-10 There is a better way to read the Bible with the eyes of a mystic and the heart of contemplation Can the Bible be saved More and more Christians are troubled by how difficult passages in the Bible can be used to promote sexism homophobia hostility to other faiths and other problems but a sterile academic reading of the sacred text seems spiritually unfulfilling Carl McColman author of The New Big Book of Christian Mysticism reminds us that there is an ancient third way of approaching the Bible reading scripture like a mystic This contemplative approach to the Bible understands that much of the sacred text was never meant to be taken literally yet this approach maintains that spiritual wisdom guidance in prayer and encouragement for meditation are encoded throughout the sacred text Read the Bible like a Mystic will help Christians find an expanded relationship with their sacred textbook and it will also invite all people Christian and non Christian alike to bring together the wisdom of the written word with the wisdom

of the contemplative life and the call to foster peace justice and equality in our world Whether you come to the Bible from a preexisting interest in Christianity or mysticism this book shows how contemplative wisdom unlocks the liberating power of the Word for our time
