cutbacks A new young person with little or no experience stood a scant chance of landing a job Often four hundred people would show up to a candidate selection process In the end smaller towns proved easier It was not what you knew but who you knew and how much you were willing to take monetarily In the end a small town of five thousand people was selected Bordered by a much larger community Thirty thousand vehicles a day passed through this community on an average Monday through Friday and with them brought just about anything There were seven bars and two churches The downtown architecture almost matched the people inside the buildings
