Neutralizing Memory Iwona Irwin-Zarecka,1990-01-01 This exploration of the texture of contemporary Polish Jewish relations has its origins in the author s haunting experience of growing up Polish and Jewish in Warsaw in the 1960s It began with questions about silence the silence of Jewish parents and the silence of once Jewish towns the silence in Auschwitz and the silence about anti-Semitism But when the author went to Europe in 1983 to work on the project that resulted in this book Poland was in the midst of preparation for a grand commemoration of the Warsaw Ghetto uprising From all parts of the political spectrum came calls to remember and to honor Polish Jews to reexamine and to reassess the past In effect Poland was inviting the Jew into its household of memories What did such an invitation mean And what accounted for the timing This vividly written account of the people the politics the goals and the obstacles behind words of remembrance in Poland is an example of cultural sociology at its best The author draws on a combination of textual readings interviews and historical analyses The book s main strength is its continuous dialogue between analyst and insider between knowledge and experience Into a field where cognitive and emotional imprints make all the difference the author brings unique appreciation of the power they hold she has shared them Into a field where partisanship so often passes for objectivity she brings openly stated commitment And into a field where particularism of concerns so often deadlocks understanding she brings much needed broadening of vision Students of modern Jewish history will find this volume an informative analysis of the past and present roles assigned to the Jew in Poland Students of contemporary Poland will find new perspectives on its struggles for a democratic society And for those concerned with how one reconciles one s self and one s history **Neutralizing Memory** offers an empirically based reflection on the construction and deconstruction of remembrance

The Era of the Witness Annette Wieviorka,2006 What is the role of the survivor testimony in Holocaust remembrance In this book a concise rigorously argued and provocative work of cultural and intellectual history the author seeks to answer this surpassingly complex question

titles of memorial books and where libraries to find them *Between Memory and History* Marie Noelle Bourguet, Lucette Valensi, Nathan Wachtel, 2016-03-31 The recent wave of interest in oral history and return to the active subject as a topic in historical practice raises a number of questions about the status and function of scholarly history in our societies This articles in this volume originally published in 1990 and which originally appeared in *History and Anthropology* Volume 2 Part 2 discuss what contributions meanings and consequences emerge from scholarly history turning to living memory and what the relationships are between history and memory **A New Dictionary French and English, with another English and French, etc** Guy Miège, 1679 *Art as Music, Music as Poetry, Poetry as Art, from Whistler to Stravinsky and Beyond* Peter Dayan, 2016-04-08 In 1877 Ruskin accused Whistler of flinging a pot of paint in the public's face Was he right After all Whistler always denied that the true function of art was to represent anything If a painting does not represent what is it other than mere paint flung in the public's face Whistler's answer was simple painting is music or it is poetry Georges Braque half a century later echoed Whistler's answer So did Braque's friends Apollinaire and Ponge They presented their poetry as music too and as painting But meanwhile composers such as Satie and Stravinsky were presenting their own art music as if it transposed the values of painting or of poetry The fundamental principle of this intermedial aesthetic which bound together an extraordinary fraternity of artists in all media in Paris from 1885 to 1945 was this we must always think about the value of a work of art not within the logic of its own medium but as if it transposed the value of art in another medium Peter Dayan traces the history of this principle how it created our very notion of great art why it declined as a vision from the 1960s and how in the 21st century it is fighting back
