Miguel G. Calderón,1967 **Mist** Miguel de Unamuno,2014 *Mist* Niebla published in 1914 is one of Miguel de Unamuno s key works a truly Modernist work of Europe wide significance which aims to shatter the conventions of fiction using the novel as a vehicle for exploration of philosophical themes The plot revolves around the character of Augusto a wealthy intellectual and introverted young man and his love affair with Eugenia which eventually ends in heartbreak Augusto decides to kill himself but decides that he needs to consult Unamuno himself who had written an article on suicide which Augusto had read When Augusto speaks with Unamuno the truth is revealed that Augusto is actually a fictional character whom Unamuno has created Augusto is not real Unamuno explains and for that reason cannot kill himself Augusto asserts that he exists even though he acknowledges internally that he doesn t and threatens Unamuno by telling him that he is not the ultimate author Augusto reminds Unamuno that he might be just one of God s dreams Augusto dies and the book ends with the author himself debating to himself about bringing back the character of Augusto He establishes however that this would not be feasible Following on from his translation of Abel Sanchez John Macklin s edition provides a much needed new English translation alongside the Spanish text together with a substantial introduction
